121 appeal. If a city or town fails or refuses to pay benefits pending appeal, benefits shall be paid by
122 the commonwealth.

123 Upon the written request of the mayor of a city or the selectpersons of a town, they shall

149 from, such department, board or commission. Such notification shall be on forms to be prepared
150 by the secretary and shall contain such information as they may require to enable them to
151 proceed properly in matters of federal compensation or pension for such veterans or dependents,
152 and in matters of reimbursement of the commonwealth for assistance, care, board or
153 hospitalization of such veterans or dependents.

154 The secretary shall investigate the probabilities of securing such compensation or pension
155 for any such veteran or dependent, and, in furtherance of such investigation, may require the
156 services of the veterans' agents of the various cities and towns and of the directors of veterans'
157 services of the various cities, towns and districts, and shall prosecute claims for such
158 compensation or pension in behalf of any such veteran or dependent from whom they may secure
159 a power of attorney, in accordance with the regulations of the United States Department of
160 Veterans Affairs government. The secretary may co-operate with any responsible veterans'
161 service agency in the prosecution of such claims in behalf of any such veteran or dependent from
162 whom such agency has secured such power of attorney, and shall prosecute claims for
163 reimbursement of the commonwealth for assistance, care, board or hospitalization of any such
164 veteran or dependent in cases wherein the federal government is responsible for such
165 reimbursement.

166 The secretary may, by written notice, order a city or town to pay veterans' benefits to an
167 claimant on an application approved by the secretary. If a city or town refuses or does not make
168 such payment within fourteen days from receipt of such notice the secretary shall notify the state
169 treasurer of such refusal or failure and thereafter such benefits shall be paid to the claimant by

170 the commonwealth. If the commonwealth shall be called upon to pay any such benefits on behalf
171 of any such city or town, the total of any such benefits paid in any such calendar year shall be
172 assessed upon such city or town, or deducted from funds that may be due such city or town from
173 the commonwealth.

174 The secretary shall appoint an advisory committee on women veterans to investigate,
175 foster and promote the interests of women veterans as defined in section seven of chapter four.

188 pro bono legal representation to veterans in the commonwealth. Such information shall be
189 updated annually and shall be distributed to veteran's agents and available online. Veterans'
190 agents shall distribute such information to all claimants with every notice denying, terminating,
191 or reducing benefits or any other adverse action.”

200 payment to the claimant shall thereupon cease and all amounts paid to the claimant shall be
201 reimbursed by the commonwealth in the manner provided in section six. If the division sustains

350 has been caused by serious accident or illness to the claimant or to one or more dependents of the
351 veteran upon whose service the application is made. Claimants shall have the option to receive
352 said payments by direct deposit with written authorization of said claimant to a financial
353 institution of the claimant's choice.

355 thereto by reason of their absence from the commonwealth while receiving hospital treatment at
356 any hospital located outside the commonwealth, nor shall the right of their dependents thereto be
357 lost while they are actually receiving such hospital treatment by reason of their absence from the
358 commonwealth to accompany them.

359 No veteran or dependent shall be compelled to receive veterans' benefits without their
360 consent. Benefits shall be paid in a manner consistent with the dignity and needs of the recipient,
361 which may include payments by mail, direct deposit, or other electronic means approved by the
362 secretary. The veterans' agent shall periodically inquire as to the manner in which a recipient
363 wishes to receive benefits, and benefits may be paid in person only if the recipient so elects.

364 When a recipient receives benefits to which they are not entitled due to an intentional act
365 or omission by the recipient, they may be charged an overpayment, however no overpayment
366 shall be charged if the payment of excess benefits is due to an error by either the secretary or the
367 veterans' agent or their designee. A recipient's overpayment shall not affect the eligibility for

368 benefits of another person who does not live in the same household. The veterans' agent shall
369 provide the recipient with written notice of the amount and origin of the overpayment and of the
370 right to request waiver or adjustment of the overpayment in accordance with a form and
371 procedures established by the secretary. Waivers shall be granted when collection of the
372 overpayment would defeat the purposes of this section or violate equity and good conscience.
373 There shall be a presumption in favor of waiving de minimis overpayments that do not exceed
374 the amount of one month of benefits the recipient would otherwise receive. When an
375 overpayment is created by the payment of benefits pending appeal to a recipient who timely
376 appeals a termination or reduction of benefits, the overpayment shall be limited to the amount
377 that had accrued prior to the filing of the appeal and for ninety days thereafter. The denial of a
378 waiver or adjustment shall be subject to the same notice and appeal procedures as a denial of
379 benefits, including the payment of benefits pending appeal. No otherwise eligible veteran or
380 dependent shall be wholly disqualified from the future receipt of benefits on the basis that the
381 veteran or dependent has been charged with an overpayment. When a veteran or dependent has
382 been charged with an overpayment, and a waiver or adjustment of the overpayment is not
383 applicable, the veteran or dependent may repay the overpayment by recovery from future
384 benefits, or by another method agreed upon by the veteran or dependent and the veterans' agent
385 and approved by the commissioner. Any recovery of an overpayment for a veteran or dependent
386 currently eligible for benefits shall be limited in amount in any month to the lesser of (1) the
387 amount of the individual's benefit payment for that month or (2) an amount equal to 10 percent
388 of the individual's total countable income for that month. No municipality may recover an
389 amount exceeding the unreimbursed portion of overpaid benefits the municipality actually paid
390 to a veteran or dependent.

391 The veterans' agent or the secretary may require a person to whom veterans' benefits are
392 granted to reimburse the city or town for veterans' benefits paid for the same months in which a
393 claimant is found to be eligible for benefits from the United States Department of Veterans
394 Affairs, the Social Security Administration, or another state or federal agency. In the event that
395 the necessity for the granting of veterans' benefits to any veteran or any dependent of a veteran is
396 caused by unemployment, accident or illness of or to such veteran or dependent and monetary
397 remuneration is provided therefor whether by workers' compensation, accident or health
398 insurance, or otherwise, or by legal responsibility of a tortfeasor liable for financial damages to
399 such veteran or dependent therefor, the veterans' agent or the secretary may require such veteran
400 or dependent to assign to the city or town a portion of the financial proceeds to be realized from
401 such workers' compensation, accident or health insurance, or otherwise, or any portion of the
402 financial damages to be recovered from such tortfeasor whether by settlement, arbitration, court
403 action, or otherwise. Such assignment shall operate as a lien on such financial proceeds or
404 financial damages to an amount equivalent to the total expenditures of veterans' benefits allowed
405 to such veteran or dependent by the city or town, and said lien may be enforced by petition to the
406 district court within the jurisdiction of which the city or town of payment is located. No city or
407 town shall collect amounts from a recipient in excess of the unreimbursed expenditures actually
408 made by the municipality.

409 Nothing in this chapter shall be deemed to prohibit the granting of veterans' benefits by a
410 city or town in excess of the amount authorized or approved by the secretary in any particular
411 case, or the paying of such benefits as may be necessary to meet the emergency needs of any
412 claimant prior to the date of the approval by the secretary of the payment of benefits under any

413 such application if the veterans' agent making such grant or payment forthwith furnishes the
414 secretary with a written statement of their reasons for taking such action.

415 All benefits available to dependents of veterans as provided by this chapter shall be
416 extended to the parent of any member of the armed forces of the United States whose death
417 occurred as the result of injury sustained or disease contracted during active service in time of
418 war or insurrection, including active service in the said armed forces under the flag of the United
419 Nations; provided, that such a parent qualifies in their own right as to the requirements of
420 residence notwithstanding the failure of the deceased veteran to so qualify at the time of their
421 death and notwithstanding lack of proof of the actual dependency of such a mother parent upon
422 such a veteran at the time of their death. Such benefits shall include payment of reasonable
423 medical and hospital expenses in accordance with regulations adopted by the secretary and
424 directives issued and promulgated by them; provided, that no back benefits shall be paid beyond
425 the date of application.

426 Effective July first of every year, subject to appropriation and at the direction of the
427 secretary, cities and towns shall increase the basic budget of each eligible recipient, before taking
428 into consideration any available income, by a percentage amount equal to the percentage rise in
429 the United States Consumer Price Index for January first of that year over the level of said index
430 for January first of the previous year plus such additional percentage amount as is recommended
431 annually by the secretary and appropriated by the general court. Such adjustments in accordance
432 with the percentage rise in the Consumer Price Index shall apply to any benefit payable under
433 this chapter or any offset thereof.

434 The benefits provided herein shall include an amount for fuel in the winter months for
435 eligible veterans and dependents if they pay their own heating costs.”

436 SECTION 11. Chapter 115 is hereby amended by striking out section 5A, as amended by
437 section 37 of chapter 144 of the acts of 2022, and inserting in place thereof the following
438 section:-

439 “Section 5A. In every case where the claimant for or a recipient of benefits under this
440 chapter is a dependent parent, as defined in section one, with an interest in one or more parcels of
441 real estate and the fair market value of such interest is more than fifteen hundred dollars, an
442 instrument signed and acknowledged by the veterans' agent of the town granting such benefits
443 and giving notice of a lien upon each such parcel for all benefits granted and to be granted under
444 this chapter by such town to such parent, who shall be named therein, shall, not earlier than three
445 days, Saturdays, Sundays and legal holidays excluded, after a like instrument has been sent by
446 certified mail to such parent, be recorded in the records of the county, or of the district, if such
447 county is divided into districts, where each parcel lies, without the payment of any fee for such
448 recording. Every such instrument shall contain a description sufficient to identify each parcel of
449 real estate subject to the lien, and upon recording shall create a lien upon so much of such
450 parent's interest as has a fair market value in excess of fifteen hundred dollars, which lien shall
451 be superior to any deed, mortgage, lien or other encumbrance thereafter recorded. Whenever
452 such lien is satisfied or is ordered discharged as hereinafter provided, an instrument signed and
453 acknowledged by such veterans' agent and reciting such fact shall be given; and upon the
454 recording of such instrument, such lien shall be dissolved.

455 Such lien shall be enforceable in the superior court for the county where any parcel of the
456 real estate lies by a petition in equity brought by the veterans' agent against all persons appearing
457 of record to be interested in the real estate subject to such lien, whether as equity owners,
458 mortgagees, lienors, attaching creditors or otherwise. Such petition shall allege the amount
459 claimed under such lien and incorporate a certified copy of the recorded instrument creating such
460 lien. At any time before final decree, the court, of its own motion or upon the suggestion of any
461 party, may issue a precept to any other person appearing to have an interest, directing them to
462 appear on or before a specified day or be forever barred from redeeming from such lien.
463 Proceeds realized through any such enforcement shall be apportioned between the
464 commonwealth and the town granting the benefits in proportion to the amount of their respective
465 contributions thereto, but in no case for more than the amount contributed, without interest. No
466 lien under this section shall be enforceable until after the death of both parents, and then only
467 when written permission has been obtained from the secretary, who, in their discretion, may, if
468 undue hardship might be caused by enforcement, waive enforcement in whole or in part, and
469 order a discharge to the extent waived. If the veterans' agent neglects or refuses promptly to refer
470 the enforcement of a lien under this section to the secretary for their approval, or to bring a
471 petition within the period specified by the secretary, the secretary shall thereupon bring the
472 petition in their own name; and in such event, all proceeds shall be retained by the
473 commonwealth.

474 A veterans' agent, subject to the prior approval of the secretary, may by an agreement in
475 writing, consent to subordinate any such lien to a mortgage, if in the opinion of the secretary
476 such mortgage is required for necessary repairs to the real estate subject to such lien.

477 Such lien shall be dissolved and be unenforceable upon the expiration of twenty years
478 from the date of the recording in the register of deeds of the county wherein said real estate lies.

479 Any conveyance of real estate by a parent within two years before an application for
480 veterans' benefits, unless for fair market value, shall be deemed to be in avoidance of the
481 provisions of this section and shall make such mother or father ineligible to receive veterans'
482 benefits.

483 The provisions of this section shall not be applicable if the claimant for or the recipient of
484 veterans' benefits is the dependent parent of a person who while in the armed forces of the
485 United States was killed in action or died from service-connected disability.”

486 SECTION 12. Chapter 115 is hereby amended by striking out section 6, as amended by
487 section 38 of chapter 144 of the acts of 2022, and inserting in place thereof the following
488 section:-

489 “Section 6. The amounts expended by any city or town for veterans' benefits, the names
490 of recipients thereof, the amounts paid to or for each claimant, the reasons for granting them such
491 benefits, the names of the veterans on account of whose service the benefits were granted, the
492 names, if any, of the companies, regiments, stations, organizations or vessels in which they
493 respectively enlisted, or to which they were appointed, and in which they last served, and the
494 relationship of each dependent to the veteran on account of whose service the benefits were
495 granted, and such other details as the secretary may require, shall, within thirty days following
496 the month in which such expenditures were made, be certified to said secretary on blank forms
497 provided by the secretary, in a manner approved by them, and under the penalties of perjury, by
498 the veterans' agent and treasurer of such city or town. The secretary shall examine such

499 certificates, shall allow and endorse thereon such amounts as they find have been paid and
500 reported in accordance with the provisions of this chapter, and shall transmit the certificates to
501 the comptroller. The secretary may decide upon the necessity of the amount paid in each case,
502 and may allow any part thereof which they deem proper and lawful. Subject to such decision and
503 allowance, seventy-five per cent of the amounts of veterans' benefits paid to claimants by the
504 cities and towns wherein they reside, but none of the expenses attending the payment of such
505 benefits, shall be paid by the commonwealth to the several cities and towns on or before
506 November tenth in the year after such expenditures. The commonwealth shall make payments to
507 cities and towns equal to 100 per cent of the amount of benefits paid by cities and towns to or on
508 behalf of recipients living in permanent housing located on real property owned by the federal
509 government or living in institutions or transitional housing, as defined in 108 CMR 2.02, if such
510 housing is located on real property owned by the federal government; provided, however, that
511 such payments shall be made to the city or town in which the recipient resides only for 48
512 months of residence; provided further, that such payments shall not be made for a recipient who
513 has resided elsewhere in the city or town for the 6 consecutive months immediately preceding
514 the recipient's move into such housing.”

515 SECTION 13. Chapter 115, as appearing in the 2020 Official Edition, is hereby amended
516 by striking out section 6A, and inserting in place thereof the following section:-

517 “Section 6A. To be eligible for an annuity under sections 6B and 6C, the claimant must
518 be a resident of the commonwealth.”

519 SECTION 14. Chapter 115, as appearing in the 2020 Official Edition, is hereby amended
520 by striking out section 6B, and inserting in place thereof the following section:-

521 “Section 6B. In addition to any other aid to which a person is entitled under this Chapter,
522 a person who, according to the records of the United States Department of Veterans Affairs has
523 suffered permanent impairment of vision of both eyes of the following status: central visual
524 acuity of 5/200 or less in the better eye, with corrective glasses, or central visual acuity of more
525 than 5/200 if there is a field defect in which the peripheral field has contracted to such an extent
526 that the widest diameter of visual field subtends an angular distance no greater than twenty
527 degrees in the better eye;; a person who is suffering from paraplegia and has permanent paralysis
528 of both legs and lower parts of the body, resulting from traumatic injury to the spinal cord or
529 brain, sustained through enemy action, or any service related incident while serving in any
530 branch of the armed forces of the United States; a person who has permanent paralysis of both
531 legs and lower parts of the body, resulting from malaria, anemia, other forms of disease, tumors
532 or poisoning which may produce signs and symptoms similar to those resulting from traumatic
533 paraplegia; who has lost both legs; or who is otherwise determined to be 100 per cent disabled or
534 eligible for Total Disability based on Individual Unemployability by the Department of Veterans
535 Affairs and who is certified by said Department of Veterans Affairs to be service-connected shall
536 be paid so long as such condition exists, the sum of \$2,000 annually in two equal payments on
537 August 1 and February 1. Such sum shall be adjusted annually in accordance with the percentage
538 rise in the Consumer Price Index. Such payments shall be due and payable from the date of his
539 application.

540 The parents and surviving spouse, provided that surviving spouse does not remarry, of a
541 deceased member of the armed forces of the United States, whose death occurred as a result of
542 injury sustained or disease contracted during active service in time of war or insurrection or
543 combat, shall be paid the sum of \$2,000 annually in two equal payments on August 1 and

544 February 1. Such payments shall be due and payable from the date of the parents' and surviving
545 spouse's application; provided, however, that the first payment shall be retroactive to the
546 applicant's initial date of eligibility if the deceased member or the parent or spouse making
547 application was a resident of the commonwealth at the time of death and the parent or spouse
548 making application is a resident of the commonwealth at the time of application. For the
549 purposes of calculating any retroactive payment of benefits under this section, the initial date of
550 eligibility shall be the later of: (i) the date of death of the member of the armed forces of the
551 United States; or (ii) July 1, 1998, in the case of parents and November 11, 2005, in the case of a
552 spouse.

553 Notwithstanding any general or special law to the contrary, an annuity payment made to a
554 recipient pursuant to this section shall not constitute income in an application or formula utilized
555 by the commonwealth or a political subdivision to determine eligibility for a program or service
556 funded or provided by the commonwealth. Notwithstanding the foregoing, such an annuity
557 payment may constitute income if not doing so would, under federal law, prohibit eligibility or
558 otherwise negatively impact the recipient's benefits under the program or service; provided,
559 however, that the commonwealth or a political subdivision thereof shall seek a waiver from any
560 federal law with such an eligibility requirement.”

561 SECTION 15. Chapter 115 is hereby amended by striking out section 6C, as amended by
562 section 39 of chapter 144 of the acts of 2022, and inserting in place thereof the following
563 section:-

564 “Section 6C. Evidence of the service and disability mentioned in sections six A and six B
565 shall be furnished to the secretary of veterans' services who shall examine the same and upon

566 being satisfied that the service was performed and the Department of Veterans Affairs certifies
567 the claimant has been rendered blind, or permanently paralyzed, 100 percent service-connected
568 disabled, or awarded Total Disability based on Individual Unemployability as defined in section
569 six B shall so certify to the comptroller, whereupon said annuity shall be paid by the
570 commonwealth, subject to appropriation, from the veterans' services fund.”

571 SECTION 16. Chapter 115 is hereby amended by striking out section 7, as amended by
572 section 40 of chapter 144 of the acts of 2022, and inserting in place thereof the following
573 section:-

574 “Section 7. In each city, except Boston, and in each town, the veterans' agent shall be the
575 burial agent; and in Boston, the soldiers' relief commission shall designate a burial agent who
576 shall be a veteran. They shall, under regulations established by the secretary, cause properly to be
577 interred the body of any veteran or adult dependent who dies without sufficient means to defray
578 funeral expenses, and the body of any dependent child of a veteran if such veteran and their
579 spouse or surviving spouse, be without sufficient means to defray funeral expenses. If interment
580 of any such body has taken place without the knowledge of the burial agent, application may be
581 made to them within 60 days after the date of death, or after final interment, if the veteran dies in
582 the service, and if upon investigation they shall find that the deceased was within the provisions
583 of this section and the rules of the secretary, they may certify the same as provided in section
584 eight. The provisions of this section shall not apply to any person who at the time of entering the
585 federal service was a subject or citizen of a neutral country, who had filed their intention to
586 become a citizen of the United States and who afterward withdrew such intention under the act
587 of congress approved July ninth, nineteen hundred and eighteen, nor to any person designated
588 upon their discharge as a conscientious objector. The provisions of this section shall also apply to

589 any person who served as a state guardsman in the military service of the commonwealth
590 between April fifth, nineteen hundred and seventeen, and December twenty-first, nineteen
591 hundred and nineteen, or served in the state guard established during World War II, and was
592 honorably discharged from such service and dies without sufficient means to defray funeral
593 expenses, but shall not apply to any adult dependent or dependent child of such person.”

594 SECTION 17. Chapter 115 is hereby amended by striking out section 9, as amended by
595 section 42 of chapter 144 of the acts of 2022, and inserting in place thereof the following
596 section:-

597 “Section 9. The mayor of every city and the selectpersons of every town shall appoint a
598 resident of such city or town who shall be a veteran as defined in clause Forty-third of section
599 seven of chapter four, as a veterans' graves officer, for a term to be determined by the appointing
600 authority; provided, however, that said term shall not exceed five years. It shall be the duty of
601 such veterans' graves officer to cause every veteran's grave within such city or town to be
602 suitably kept and cared for. Such care shall include the clearing of weeds and other unseemly
603 growth from said graves; the repairing, replacement and general up-keep of fences around said
604 graves; the raising and repairing of sunken gravestones and markers and other similar services
605 that may be necessary to restore and maintain such graves and their surroundings in an orderly
606 condition. If the cost of such care and maintenance is not paid by private persons, or by the
607 trustees of the cemeteries where any such grave is situated, it shall be paid by the city or town;
608 and cities and towns may appropriate money therefor. Money so appropriated may be expended
609 directly by the city or town or paid over to the trustees or manager of any cemetery where any
610 such grave is situated; but the sum so paid over in any year shall not exceed for each grave the
611 sum charged for the annual care and maintenance of like lots in the same cemetery, or, if no such

612 charge is made in that cemetery, it shall not exceed the sum charged in other cemeteries in the
613 same city or town for like services. In cities and towns where there are cemeteries containing the
614 remains of deceased veterans, such cities and towns shall cause to be placed on such veterans'
615 graves a flag of the United States on every Memorial day. Upon the approval of the secretary,
616 compensation for 75 per cent of the cost of such flags, but none of the expenses attending the
617 placement of such flags shall be paid by the commonwealth to the several cities and towns on or
618 before November 10 in the year after such expenditures. In cities and towns where there are
619 cemeteries with mausoleums containing the remains of deceased veterans, each such city or town
620 shall cause to be placed on each mausoleum a suitable plaque with the names of all deceased
621 veterans contained therein, and a flag of the United States shall be suitably placed at each
622 mausoleum on every Memorial day.”

623 SECTION 18. Chapter 115, as appearing in the 2020 Official Edition, is hereby amended
624 by striking out section 10, and inserting in place thereof the following section:-

625 “Section 10. The mayors of cities and the selectpersons of towns, other than cities and
626 towns which become part of a district as authorized by the second paragraph of this section, shall
627 cause to be established and maintained in their respective cities and towns a department for the
628 purpose of furnishing such information, advice and assistance to veterans and their dependents as
629 may be necessary to enable them to procure the benefits to which they are or may be entitled
630 relative to employment, vocational or other educational opportunities, hospitalization, medical
631 care, pensions, and other veterans' benefits. Each department so established and maintained shall
632 be known as the department of veterans' services, and the officer in charge thereof shall be
633 known as the director of veterans' services. Such director and any assistant or deputy director

634 appointed under this section or section eleven shall be a veteran and shall be appointed in a city
635 by the mayor, with the approval of the city council, and in a town by the selectpersons.

636 Two or more adjoining towns, or two or more adjoining municipalities only one of which
637 is a city, may, in a city by vote of the city council thereof, and in a town by vote of the
638 selectpersons thereof, form a district for the purposes set forth in the first paragraph of this
639 section, including the appointment and compensation of a director of veterans' services, for the
640 enforcement therein of such purposes and of such other provisions of law as it may be their duty
641 to enforce. Any constituent city or town by vote may withdraw from the district at the end of any
642 fiscal year of such city or town if such withdrawal is voted in the manner aforesaid not less than
643 sixty days prior to the end of such fiscal year and notice of such vote is filed with the other
644 municipalities comprising the district.

645 The director of veterans' services of each district established under authority of the
646 preceding paragraph shall, under the direction of the district board referred to in section eleven,
647 perform the duties of their office in each of the municipalities comprising their district.

648 The treasurer of one of the municipalities comprising such district, designated by the
649 district board thereof, shall be treasurer of the district and shall give to the district a bond, with a
650 surety company authorized to transact business in the commonwealth as surety, for the faithful
651 performance of their duties as treasurer of the district in such sum and upon such conditions as
652 said district board may require. The district treasurer shall disburse the money received under the
653 provisions of section eleven upon warrants approved by the district board.”

654 SECTION 19. Chapter 115, as appearing in the 2020 Official Edition, is hereby amended
655 by striking out section 11, and inserting in place thereof the following section:-

656 “Section 11. In every district established under authority of section ten there shall be a
657 board composed of the mayor or their designee of such city, if any, as may be included in the
658 district and the chairman of the board of selectpersons or its designee of each of the towns, if
659 any, included in said district and the town manager or their designee in a municipality with a
660 town council form of government, if any, included in said district. Said board shall appoint, fix
661 the compensation of, and may remove the director of veterans services of said district. Said
662 board may appoint, fix the salary of, and remove, a deputy or assistant to such director, if in the
663 opinion of said board such an officer is necessary.

664 Said board may determine the expenses of said director and deputy or assistant and of the
665 department under the charge of said director, and may apportion said expenses among the several
666 municipalities comprising such district on the basis of the taxable valuation of said
667 municipalities as last established by the general court as a basis of apportionment for state and
668 county taxes, or on the basis of the population of each municipality in such district based on the
669 most recent federal census, or by any other means determined by a unanimous vote of said board
670 to be fair and equitable to each community. Said board shall promptly thereafter notify the
671 treasurers of said municipalities of such apportionment. Every city or town treasurer so notified
672 shall, annually in December, certify the amount of such apportionment to the board of assessors
673 of their municipality, who shall include such amount in the tax levy of the following year.

674 Upon order of the district board the city or town treasurer of each of the constituent
675 members of the district shall from time to time pay to the district treasurer a sum or sums not
676 exceeding, in the aggregate, the amount certified by the board as its respective share of the costs
677 and expenses of the district. In case a city or town becomes a member of a district at a time when
678 it is too late to permit an assessment as provided by sections ten to fourteen, inclusive, such city

679 or town may appropriate and pay to the district treasurer an amount representing its proportionate
680 share of the expense of the district for the period ending December thirty-first in the year in
681 which such city or town becomes a member of the district.”

682 SECTION 20. Chapter 115 is hereby amended by striking out section 12, as amended by
683 section 43 of chapter 144 of the acts of 2022, and inserting in place thereof the following
684 section:-

685 “Section 12. In each city, and in each town not included in a district established under
686 section ten, and in each such district, there may be in the department of veterans' services an
687 unpaid advisory board to be appointed, in cities by the mayor, in towns by the board of
688 selectpersons, and in districts by the district board. Said advisory board shall render such
689 assistance to the director of veterans' services of the municipality or district relative to the
690 provisions of this chapter, except as to sections one to nine, inclusive, as said director may
691 request. The secretary is hereby authorized and directed to formulate and publish rules and
692 regulations establishing in a general manner the types of persons, with respect to their
693 occupations, professions and special skills, who may be appointed to such unpaid advisory
694 boards. Every such advisory board shall consist of not less than five nor more than fifteen
695 residents of the city, town or district, as the case may be.”

696 SECTION 21. Chapter 115, as appearing in the 2020 Official Edition, is hereby amended
697 by striking out section 13, and inserting in place thereof the following section:-

698 “Section 13. Said departments shall acquire and have on hand copies of current booklets
699 and other printed matter pertaining to the statutory rights of veterans provided under state and
700 federal laws. They may call at any time upon any department, board, division or commission of

701 the commonwealth for such assistance as may be necessary in carrying out their functions. They
702 shall also work in close coordination with existing federal agencies established for the aid of
703 such veterans, and they shall enlist the support of hospitals within their respective communities
704 or districts for carrying out the purposes of sections ten to fourteen, inclusive.

705 Said departments shall coordinate with the department of transitional assistance to
706 identify and contact all known veterans receiving public safety net benefits residing in
707 Massachusetts who may be eligible for Chapter 115 benefits. They shall also publish online
708 subregulatory guidance and application forms and make publicly available issue notices of action
709 and public information that outlines budgeting and benefit calculations. They shall also accept
710 applications for veterans' benefits submitted through a common application portal for state-
