*And by the authority of the same, as follows:*

1           **SECTION 1.** Section 39P of Chapter 30 of the General Laws is hereby amended by striking

3           Section 39P. Every contract subject to section 39M of this chapter or section 44A of  
4    chapter 149 which requires the awarding authority, any official, its architect or engineer to make  
5    a decision on interpretation of the specifications, approval of equipment, material or any other  
6    approval, or progress of the work, shall require that the decision be made promptly and, in any

12 an employee to be responsible for addressing inquiries from contractors regarding the status of

14 all reasonable steps have been taken by the awarding authority to expedite the decision. Said  
15 certification shall be provided in writing within 5 business days of receiving such written request  
16 from a contractor. The awarding authority also shall implement a reporting system which shall  
17 track such written submissions for decision and the awarding authority's decisions thereon. The  
18 reporting system shall include the date each written submission for decision was submitted, the  
19 date such decision was made and was provided to the party submitting said written submission  
20 for decision, and the specific issue being addressed by the decision. The reporting system shall  
21 also track the awarding authority's written notices providing reasons why a decision has not been  
22 made within the required 15 days and shall provide the final date such decision was made and  
23 provided to the party submitting said written submission for decision. The awarding authority

25 report not later than November 1 of each year, to the clerks of the senate and house of  
26 representatives, the chairs of the house and senate committees on ways and means, the senate  
27 and house chairs of the joint committees on transportation and state administration and  
28 regulatory oversight, and the Inspector General. Said Inspector General shall, pursuant to the  
29 powers granted by section 9 of chapter 12A of the General Laws, make any investigations, audits

30 or reports regarding the information provided by said awarding authorities as he or she deems
