SENATE No. 288

By Ms. Gobi, a petition (accompanied by bill, Senate, No. 288) of Anne M. Gobi and Donald R. Berthiaume, Jr. for legislation relative to vocational education transportation for nonresident students. Education.

[SIMILAR MATTER FILED IN PREVIOUS SESSION
SEE HOUSE, NO. 407 OF 2013-2014.]

The Commonwealth of Massachusetts

—————
In the One Hundred and Eighty-Ninth General Court
(2015-2016)
—————

An Act relative to vocational education transportation for nonresident students.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. The first sentence of section 8A of chapter 74 of the General Laws, as
2 appearing in the 2012 Official Edition, is hereby amended by inserting after the word
3 “municipality” the following words:-

4 “which is neither a member of a regional vocational school district nor has its own
5 vocational school”

6 SECTION 2. Section 8A of said chapter 74, as so appearing, is hereby further amended
7 by adding the following paragraph:-

8 Subject to appropriation, the board of education shall develop and administer a
9 nonresident vocational education transportation reimbursement program for the purpose of

10 providing reimbursement for the transportation of pupils whose town of residence is a member of
11 a regional vocational school district or has its own vocational school. Pupils eligible for said
12 reimbursement must be eligible to receive free or reduced cost lunches under eligibility
13 guidelines promulgated by the federal government under 42 USC section 1758. The board may
14 limit said reimbursement to a yearly amount. The types of transportation to be reimbursed
15 pursuant to said program shall include, but need not be limited to, the following: (1)
16 transportation by school buses provided by the sending or receiving district; (2) transportation
17 provided by the parent or guardian of the child; (3) transportation provided by public
18 transportation. All eligible pupils who attend a school district contiguous to the school district of
19 residence of such pupil shall be eligible for said reimbursement. If cost-effective transportation
20 alternatives exist for pupils who attend districts not contiguous to the school districts of residence
21 of such pupil, the board may provide a transportation reimbursement. Said reimbursements may
22 be paid to the district in which the pupil is enrolled, the district of residence of the student, or the
23 parent, guardian or person acting as guardian of the student; provided, however, that said district
24 or parent provide documentation of the transportation expenditure. The board of education shall
25 promulgate regulations for the program to be placed on file with the joint committee on
26 education of the general court. The board of education shall disseminate information to parents
27 and school systems detailing the availability of said transportation reimbursements. A full
28 description of said nonresident vocational education transportation reimbursement program shall
29 be submitted to the house and senate committees on ways and means and shall not become
30 effective until ninety days after said submission. Nothing in this section shall confer upon any
31 nonresident student attending a vocational school any right to transportation or reimbursement
32 therefor.
