An Act creating a disproportionate share childcare provider fund.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any general or special law to the contrary there shall be
2 established under the Department of Early Education and Care a new fund to be known as the
3 “Disproportionate Share Childcare Provider Fund”. This fund shall provide supplemental
4 funding to certain eligible childcare provider agencies which care for a disproportionate number
5 of high risk children and which meet the criteria set forth in Section 3 of this act.

6 SECTION 2. On an annual basis not less than fifty percent of licensing fees collected by
7 the Department of Early Education and Care shall be deposited into the Disproportionate Share
8 Childcare Provider Fund established in Section 1 of this act.

9 SECTION 3. Childcare provider agencies which meet the following criteria shall be
10 eligible for supplemental funding from the Disproportionate Share Childcare Provider Fund:

11 a) Be an agency which offers center based, family and after school early education and
12 care programs with a licensed capacity of over 150 children; and

13 b) Have at least 95% of their capacity serving children whose families live at or below
14 the federal poverty level; and

15 c) Not be a provider of HeadStart or eligible for federal funding as a Community Anti-
16 Poverty Agency; and

17 d) Receive not less than 90% of agency early education and care revenue from the
18 Department of Early Education and Care; and

19 e) Operate in a designated “gateway municipality” as defined by Section 3A of Chapter
20 23A of the General Laws.

21 SECTION 4. Licensed childcare provider agencies which meet the criteria set forth in

23 Childcare Provider Fund. Payment to eligible agencies shall be made in a manner prescribed by

27 shall remain in such fund and shall not revert to the General Fund.

28 SECTION 5. This act shall take effect upon its passage.
