In the Year Two Thousand Eleven

An Act relative to durable medical equipment..

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. The Secretary of Administration and Finance and the Secretary of Health
2 and Human services are hereby authorized and directed to evaluate the feasibility of contracting

4 any and all of its medical assistance programs.

5 Said evaluation shall include but not be limited to a request for qualifications and/or
6 proposals for entities capable of developing, implementing and operating a system of recycling
7 whereby an inventory of such equipment is developed and managed so as to maximize the
8 quality of service delivery to equipment recipients and to minimize costs and losses attributable
9 to waste, fraud and/or abuse.

10 The Secretary of Administration and Finance shall report the findings of said evaluation,
11 together with cost estimates for the operation of a recycling program, estimates of the savings it
12 would generate, and legislative recommendations, no later than October 31, 2011.
