An Act to protect health care reform funding.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any general or special law to the contrary, there shall be
2 established and set up on the books of the commonwealth as a separate fund to be known as the
3 Medicaid and Health Care Reform FMAP Trust Fund. The fund shall consist of any funds that
4 may be appropriated or transferred for deposit into the trust fund, interest earned on such
5 revenues, and other sources. The comptroller shall deposit an amount to the fund determined by
6 secretary of administration and finance that is equivalent to the additional Medicaid and
7 Children’s Health Insurance Program funding provided by the federal government pursuant to
8 the increased federal Medicaid assistance percentage pursuant to the Sections 2001 and 2101 of
9 the Patient Protection and Affordable Care Act of 2010 and as further addressed in Section 1201
10 of the Health Care and Education Reconciliation Act of 2010. The fund shall be used for the
11 following purposes: (1) to support the financing of health insurance coverage for low-income
12 Massachusetts residents, including MassHealth, other state health insurance programs and
13 insurance offered through the commonwealth’s health insurance exchange and (2) to improve
14 Medicaid reimbursement to health care providers. The secretary of administration and finance
15 shall administer the fund. No later than January 31 of each year, the secretary, in consultation
16 with the executive office of health and human services, the commonwealth health insurance
17 connector authority, healthcare providers participating in the Medicaid program, and consumer
18 representatives, shall submit a report to the house and senate ways and means committees and
19 the joint committee on health care financing that includes the current funding available in the
20 fund, the funding estimated to be deposited through the end of the current and subsequent fiscal
21 year, estimated expenditures from the fund, and recommendations for transferring such funds to
22 other state accounts and funds in a manner consistent with the purpose of the fund.
