An Act relating to special education evaluation and referral.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 111G of the General Laws is hereby amended by inserting after  
2 section 2 the following section:-

3 Section 2A. (a) Programs providing early intervention services shall refer a child who  
4 may be eligible at age three to receive special education services, as defined in section one of  
5 chapter seventy-one B, to the school district where the child is eligible to enroll not later than six  
6 months before the child’s third birthday nor more than nine months before the child’s third  
7 birthday, subject to receiving parental consent for the referral. Programs must document their  
8 requests for parental consent of this referral and the result of these requests. The referral shall  
9 include:

10 (i) the child’s name;

11 (ii) the child’s date of birth;

12 (iii) contact information, including names, addresses, and telephone numbers of parents  
13 or guardians; and

14 (iv) a brief description of the reasons for referral or the nature of the program for which  
15 the child may be eligible.

16 (b) When a program providing early intervention services convenes a conference among  
17 the program, the family of a child who may be eligible at age three to receive special education  
18 services, and the school district where the child is eligible to enroll, to discuss any special  
19 education services the child may receive upon reaching age three, the program shall send written  
20 notice of this conference to the school district no later than five days prior to the conference.

21 SECTION 2. Section 2 of chapter 111G of the General Laws, as appearing in the 2012  
22 Official Edition, is hereby amended by inserting after the third paragraph the following  
23 paragraph:-

24 If the division adopts an opt-out policy that requires programs providing early  
25 intervention services to inform the parents or guardian of a child receiving these services of the  
26 intended disclosure of personally identifiable information and to allow the parents a specified  
27 time to object, this policy shall specify that a parental opt-out must be received after a child's  
28 second birthday in order to prevent the disclosure of such information for the purposes of  
29 planning the child's transition to preschool.
