**In the One Hundred and Ninety-Third General Court

An Act relative to the sustainability of high public payer community hospitals.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. (a) Notwithstanding any general or special law to the contrary, the
2 secretary of health and human services shall direct monthly payments to eligible hospitals in the
3 form of enhanced Medicaid payments, supplemental payments or other appropriate mechanism.
4 Each payment made to an eligible hospital shall equal 5 per cent of the eligible hospital’s
5 average monthly Medicaid payments, as determined by the secretary, for inpatient and outpatient
6 acute hospital services for the preceding year or the most recent year for which data is available;
7 provided, however, that such enhanced Medicaid payments shall not be used in subsequent years
8 by the secretary to calculate an eligible hospital’s average monthly payment; and provided
9 further, that such payments shall not offset existing Medicaid payments for which an eligible
10 hospital may be qualified to receive. In any fiscal year, the total sum of all payments made to
11 eligible hospitals under this section shall not exceed \$35,000,000.

12 (b) The secretary may require as a condition of receiving payment any such reasonable
13 condition of payment that the secretary determines necessary to ensure the availability, to the
14 extent possible, of federal financial participation for the payments, and the secretary may incur
15 expenses and the comptroller may certify amounts for payment in anticipation of expected
16 receipt of federal financial participation for the payments.

17 (c) The executive office of health and human services may promulgate regulations as
18 necessary to carry out this section.

19 (d) For the purposes of this section “eligible hospital” shall mean a non-profit or
20 municipal acute care hospital licensed under section 51 of chapter 111 that: (i) has a statewide
21 relative price less than 0.90, as calculated by the center for health information and analysis
22 pursuant to section 10 of chapter 12C according to data from the most recent available year; (ii)
23 has a public payer mix equal to or greater than 60 per cent, as calculated by the center for health
24 information and analysis according to data from the most recent available year; and (iii) is not
25 owned, financially consolidated or corporately affiliated with a provider organization, as defined
26 by section 1 of chapter 6D, that: (A) owns or controls 2 or more acute care hospitals licensed
27 under section 51 of chapter 111; and (B) the total net assets of all affiliated acute care hospitals
28 within the provider organization was greater than \$600,000,000 for fiscal year 2019, as
29 calculated by the center for health information and analysis using data published in October 2020
30 in its databook titled Massachusetts Acute Hospital & Health System Financial Performance.

31 (e) For the purposes of subsection (d), a hospital’s mere clinical affiliation with a
32 provider organization, absent ownership, financial consolidation or corporate affiliation, shall not
33 disqualify an eligible hospital from payments authorized under this section.
