**In the One Hundred and Ninety-Third General Court

An Act to promote an enhanced care worker minimum wage.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 13C of Chapter 118E of the general laws is amended after the

3 In establishing such rates of payment pursuant to the second paragraph of this section and
4 in implementing rate regulations, the secretary of the executive office shall require that the
5 minimum wage paid to employees of social service program providers receiving such payments
6 shall be no less than 140 percent of the statewide minimum wage. When establishing rates of
7 payment for social service programs, the secretary of the executive office shall adjust such rates
8 of payment to ensure that the rates fully account for the cost to providers of paying such
9 enhanced minimum wage.

10 Prior to establishing such rates of payment pursuant to the second paragraph of this
11 section and prior to the issuance of proposed regulations, the secretary of the executive office
12 shall hold hearings that are open to the public. Such public hearings shall solicit input from

13 social service program providers, social service program workers, labor organizations
14 representing social service program workers, and other community stakeholders. Concurrent
15 with such public hearings and prior to establishing such rates of payment, the executive office
16 shall investigate and analyze the wage rates and working conditions for employees of social
17 service program providers. In conducting such public hearings and investigations, the executive
18 office may issue subpoenas to compel the attendance of witnesses and the production of books,

20 SECTION 2. Section 4 of Chapter 19A is hereby amended by adding after Section 4D

24 M.G.L. and in implementing rate regulations, the executive office shall require by that the
25 minimum wage paid to employees of home care agencies providing such services shall be no less
26 than 140 percent of the statewide minimum wage. When establishing rates of payment for
27 homemaker and personal care homemaker services pursuant, the executive office shall adjust
28 such rates to ensure that the rates fully account for the cost to providers of paying such enhanced
29 minimum wage. Nothing in this section shall be construed as limiting consideration of other
30 governmental mandates or operating costs that affect the cost of providing services pursuant to
31 section 4 of chapter 19A of the General Laws.

32 Prior to establishing such rates of payment and prior to the issuance of proposed
33 regulations, the executive office shall hold hearings that are open to the public. Such public

39 hearings and investigations, the executive office may issue subpoenas to compel the attendance
40 of witnesses and the production of books, papers, and records.
