The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Third General Court
(2023-2024)**

An Act empowering patients and entrepreneurs with real transparency on cost.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 10 of said chapter 12C, as so appearing, is hereby amended by
2 striking out subsection (e) and inserting in place thereof the following:- (e) The center shall
3 under the procedures established by Medicare release at least annually all hospital data including
4 payment and utilization information for services that may be provided in connection with at least
5 the 100 most common inpatient stays. The center may release claims data on at least the 10 most
6 expensive kinds of inpatient stays on average by payer. The center shall release claims data on
7 the 100 most common outpatient procedures. The center may release claims data on the 10 most
8 expensive kinds of outpatient procedures. The center shall release physician, practitioner, and
9 other supplier utilization and payment data that consists of information on services and
10 procedures provided to patients by physicians and other healthcare professionals. The data shall
11 show at least allowed amounts and submitted charges, for those services and procedures by

12 provider. It should allow for comparisons by physician, specialty, location, types of medical
13 services and procedures delivered, payment and submitted charges. Claims for providers that
14 have provided less than five of a certain procedures or service to patients may be excluded by the
15 center. The center shall release claims data on the 100 most commonly prescribed drugs, and the
16 10 most expensive drugs on average by payer. The center may release any other related claims
17 data the center already collects as part of the categories listed above.

18 The center shall not be required to build a consumer tool to sort the data, but at a
19 minimum must make it available to the public on their website on an annual basis in a raw but
20 useable form. The center may also incorporate any of the released data listed above into their
21 consumer health information website as established in section 20 of chapter 12C.
