1 SECTION 1. Chapter 15A of the General Laws, as appearing in the 2018 Official
2 Edition, is hereby amended by inserting, after section 44, the following new section:-

3 Section 45: Hunger-Free Campus Program

4 A. HUNGER-FREE CAMPUS INITIATIVE: CAPACITY BUILDING SERVICES

5 1. The Department of Higher Education (DHE) shall establish an initiative known as the
6 Hunger-Free Campus Initiative to address college student food insecurity and hunger across all
7 public higher education campuses. This initiative may also be available to certain not-for-profit
8 campuses that disproportionately serve low-income students as determined by the Hunger Free
9 Campus Program office. DHE shall establish an office of capacity building services (to be
10 known hereafter as “the office”), whose mission is to support institutions of public higher
11 education, to build their capacity to understand and address existing gaps in addressing student
12 food insecurity and hunger on their campus, using interventions that reflect best practices. The

13 office shall assist public higher education campuses to be designated as a “Hunger-Free
14 Campus” as delineated below and to meet the eligibility for Hunger-Free Campus grants. In
15 addition, the office administers the Hunger-Free Campus Grant Program.

16 2. The office will develop and deliver technical assistance to assist the 29 public higher
17 education campuses to engage in activities and implement interventions that reflect best practices
18 that a) raise awareness on resources available to address basic food needs, b) leverage existing
19 infrastructure and maximize current federal programs, and c) build strategic partnerships at the
20 federal, state, and local levels to mitigate food insecurity among students. Technical assistance
21 will support the knowledge, skills, and comfort the campuses need in order to deliver services as
22 part of this program. Technical assistance may include (1) resource and materials development,
23 (2) consultation, (3) training, (4) network development and support, and (5) the statewide
24 Hunger-Free Campus grant program to support campus efforts to implement measurable,
25 sustainable, and equitable interventions to address the basic food needs of college students in the
26 Commonwealth.

27 3. The office will also administer and advise the Commissioner of the Department of
28 Higher Education on the Hunger-Free Campus Grant Program. The Hunger-Free Campus grants
29 will be awarded to sustain efforts by institutions to implement measurable, sustainable, and
30 equitable solutions to address the basic food needs of college students in the Commonwealth.

31 4. The office of capacity building services shall submit a report on common themes and
32 best practices for increasing food security resources available to students to the Commissioner of
33 the Department of Higher Education as well as the Chairs and Vice Chairs of the Joint
34 Committee on Higher Education no later than two years after the passage of this act.

35 B. DESIGNATION AS A HUNGER-FREE CAMPUS

36 The Hunger-Free Campus Initiative will partner with public higher education campuses
37 and certain not-for-profit campuses that disproportionately serve low-income students to support
38 implementation of interventions that meet the aforementioned goals including the following five
39 anti-hunger activities. Completion of the following five initiatives in each academic year will
40 earn the campus the designation of a Hunger-Free Campus.

41 Such designation will qualify institutions to apply for Hunger-Free Campus grants to
42 support their work in addition to demonstrating public recognition of their efforts. Initial
43 designation is for two years, with annual renewal thereafter.

44 Campus anti-hunger activities can utilize the initiative’s capacity building services and
45 could include:

46 (1) Institutions will designate one staff person to be the Hunger-Free Campus
47 Coordinator. The Coordinator will be the contact person with the Hunger-Free Campus Program
48 Office and oversee the institution’s activities.

49 (2) Institutions shall establish a Hunger-Free Campus Task Force. The Task Force
50 determines the priority activities for the campus for the academic year and can also engage in
51 multi-year campus planning. The Task Force includes, but is not limited to, two or more students
52 with lived experience of food insecurity, a faculty member, a member of the health services staff,
53 a member of the student services staff, a member of the campus dining or food services staff, and
54 a representative from a local hunger-relief organization. The Task Force shall meet a minimum
55 of three times per academic year in order to establish goals, action plans, and engage in program
56 planning.

57 (3) Institutions will determine mechanisms to notify students who receive need-based
58 financial aid of their potential eligibility to receive Supplemental Nutrition Assistance Program
59 (SNAP) benefits, Special Supplemental Nutrition Program for Women, Infants, and Children
60 (WIC) benefits, and other federal and state nutrition benefits available to said student or
61 dependents. Mechanisms can include submitting such notification in all financial aid award
62 letters and through financial aid portals available to students. Institutions will make such
63 notification.

64 (4) Institutions will conduct an annual hunger awareness activity in concert with
65 other statewide and national anti-hunger events.

66 (5) Institutions will assess the need to provide access to on-campus food distribution,
67 or to a local off-campus food pantry, or to an on-campus food pantry.
