Senate Bill 601 (Senator Bates, *et al.*)
Budget and Taxation

Property Tax Credit - Elderly Individuals and Veterans - Eligibility

This bill alters one of the eligibility criteria for a local option property tax credit for elderly individuals by removing the requirement that the individual must have lived in the same dwelling for at least the preceding 40 years. In lieu of this existing requirement, the bill provides that the individual must have lived in the county for the preceding 25 years and the dwelling for which the tax credit is claimed must be located in that county.

The bill takes effect June 1, 2017, and applies to taxable years beginning after June 30, 2017.

Fiscal Summary

State Effect: None.

Local Effect: County and municipal property tax revenues may decrease beginning in FY 2018 to the extent that local jurisdictions grant the property tax credit and the changes to existing eligibility requirements result in additional individuals becoming eligible for the property tax credit. Depending on the jurisdiction, the revenue decrease may be significant. The amount of the revenue decrease depends on the number of eligible homeowners, the value of residential property tax assessments, and local property tax rates. Local expenditures are not affected.

Small Business Effect: None.
