- 1 (1) Conduct surveys, investigations, and research relating to the character of soil erosion and the preventive and control measures needed and publish the results, if the research program is executed in cooperation with the State, the United States, or any of their agencies;
  - (2) Disseminate information concerning preventive and control measures;
  - (3) Conduct demonstration projects within the district on State owned or controlled land, with the cooperation of the agency administering and having jurisdiction of them, or on any land within the district upon obtaining the consent of the land occupier or the possessor of the necessary rights or interests in the land, in order to demonstrate by example the means, methods, and measures for conserving soil and soil resources, and preventing and controlling soil erosion in the form of soil blowing and washing;
  - (4) Carry out preventive and control measures within the district including engineering operations, cultivation methods, the growing of vegetation, changes in land use, and the measures listed in § 8–102(c) of this title, on State owned or controlled land, with the cooperation of the agency administering and having jurisdiction of them, or on any other land within the district upon obtaining the consent of the land occupier or the possessor of the necessary rights or interests in the land;
- 18 (5) Cooperate or enter into agreements with any person to furnish financial 19 or other aid to any government or private agency or any land occupier within the district, 20 in carrying on erosion control and prevention operations within the district, subject to 21 conditions the supervisors deem necessary to advance the purposes of this subtitle;
- 22 (6) Obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, or otherwise, any real or personal property or rights or interests in it, which shall be exempt from State, county, or municipal taxation;
- 25 (7) Maintain, administer, and improve any acquired properties, receive 26 income from the properties and expend the income to carry out the purposes and provisions 27 of this subtitle;
- 28 (8) Sell, lease, or otherwise dispose of its property or interests in it to further the purposes and the provisions of this subtitle;
- 30 (9) Make available to land occupiers within the district, on terms the supervisors prescribe, agricultural and engineering machinery and equipment, fertilizer, seeds, seedlings, and other material or equipment, to assist land occupiers in conserving soil resources and preventing and controlling soil erosion;
- 34 (10) Construct, improve, and maintain structures necessary or convenient 35 for the performance of any of the operations authorized in this title;

- 1 Develop comprehensive plans for conserving soil resources and 2 controlling and preventing soil erosion within the district, if the plans specify in reasonable 3 detail, the acts, procedures, performances, and avoidances which are necessary or desirable 4 for the effectuation of the plans, including the specification of engineering operations, cultivation methods, the growing of vegetation, cropping programs, tillage practices, and 5 6 changes in land use: 7 Publish the plans and information and bring them to the attention of 8 land occupiers within the district: 9 Take over, by purchase, lease, or otherwise, and administer any soil 10 conservation, erosion control, or erosion prevention project located within the district 11 undertaken by the United States, the State, or any of their agencies; 12 Act as agent for the United States, the State, or any of their agencies, 13 in connection with the acquisition, construction, operation, or administration of any soil 14 conservation, erosion control, or erosion prevention project within its boundaries; 15 Accept gifts in money, services, materials, or otherwise from the United States, the State, or any of their agencies and to use or expend them to carry out the 16 operations of the districts; 17 18 (16)Borrow money on its negotiable paper to carry out its powers and 19 duties: 20 Approve or disapprove plans for clearing, grading, transporting, or 21otherwise distributing soil in accordance with § 4–105(a) of the Environment Article and 22adopt general criteria and specific written recommendations concerning the control of 23 erosion and siltation of pollution associated with these activities; 24(18)In accordance with subsection (c) of this section: 25(i) Recommend a fee system to cover the cost of reviewing grading and sediment control plans; and 2627 (ii) Recommend a fee system to cover the cost of reviewing small 28 pond plans; 29 Establish and implement a fee system to cover the cost of inspecting 30 sites with approved sediment control plans pursuant to a contractual agreement with the 31 Department of the Environment under § 4–103(f) of the Environment Article;
- 33 (ii) Have a seal which shall be judicially noticed;

32

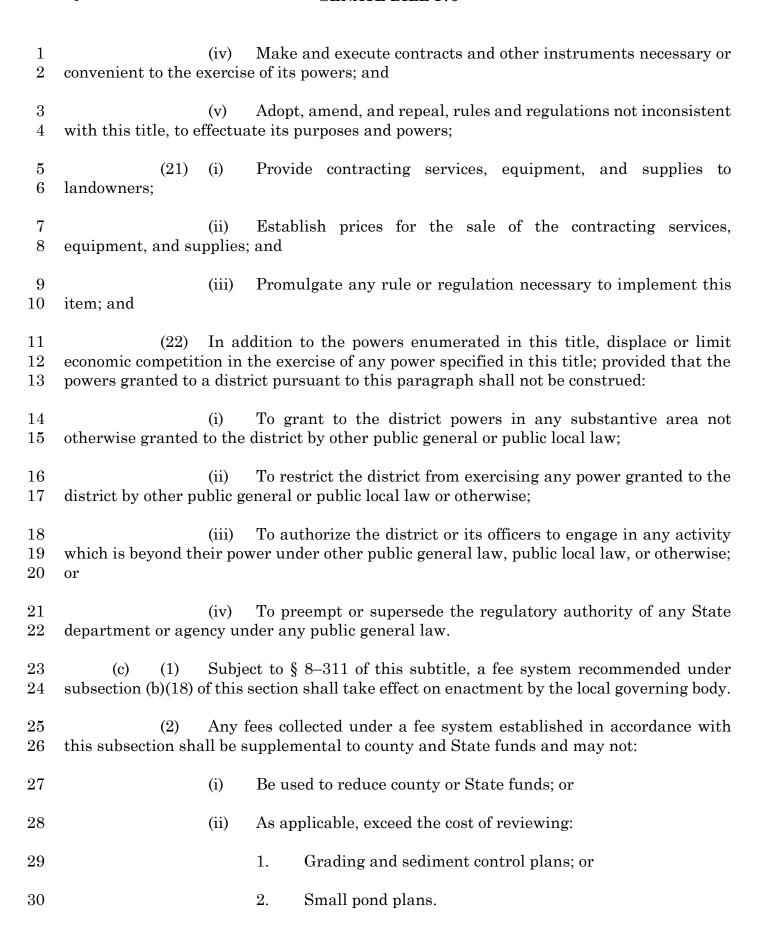

34

(20)

(i)

(iii) Have perpetual succession unless terminated;

Sue and be sued in the name of the district;

- 1 (d) (1) Subject to paragraph (2) of this subsection, the supervisor shall 2 maintain information from a soil conservation and water quality plan in a manner that 3 protects the identity of the person for whom the plan is prepared.
- 4 (2) The supervisor shall make a soil conservation and water quality plan available to:
- 6 (i) The Department of the Environment for enforcement action 7 under § 4–413 of the Environment Article; and
- 8 (ii) The Department, [which may use the information for statistical 9 purposes] FOR:
- 10 ENFORCEMENT ACTION UNDER SUBTITLE 8 OF THIS 11 TITLE; AND
- 12 **2.** STATISTICAL PURPOSES.
- 13 (3) The Department shall:

20

21

22

23

24

25

- 14 (i) Maintain the information in the manner that protects the 15 identity of the person for whom the plan is prepared; and
- 16 (ii) Make any information from a plan available to the Department 17 of the Environment to support the development of a compliance or enforcement case for 18 purposes of addressing an existing water quality problem in accordance with procedures 19 established between the departments and the State Soil Conservation Committee.
  - (e) As a condition to extending any benefit of this title to any land not owned or controlled by the State or any of its agencies, or to performing work on them, the supervisors may require contributions in money, services, materials, or otherwise to any operations conferring benefits, and may require the land occupier to enter into and perform agreements or covenants concerning the permanent use of the land as tends to prevent or control erosion.
- 26 (f) The supervisors of two or more districts may cooperate with one another in the exercise of any powers conferred by this title.
- 28 (g) No provision relating to acquisition, operation, or disposition of property by other public bodies is applicable to a district, unless the provision specifically so states.
- SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect October 1, 2025.
