6 **SUMMARY**

7 This bill revises the definition of "adult education" by describing what services must
8 be offered in order to receive state subsidy. It establishes career pathways services as part
9 of adult education, removes provisions concerning adult career and technical education
10 classes that are outside the scope of adult education funding and removes obsolete
11 provisions regarding adult education subsidy reimbursement. This bill also confirms the
12 State's commitment to serving adult learners with disabilities under the federal
13 Individuals with Disabilities Education Act, Section 504 of the federal Rehabilitation Act
14 of 1973 and the federal Americans with Disabilities Act of 1990.
