An Act To Provide Incentives To Foster Economic Growth and Build Infrastructure in the State

Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, this legislation fosters economic growth in the State by providing incentives to film companies; and

Whereas, film production is especially amenable to incentives because it is highly mobile, environmentally safe, capital and labor intensive and effective in promoting tourism; and

Whereas, it is important that these incentives be made available quickly to encourage film production companies to come to Maine as soon as possible, thus benefiting the economy and people of Maine; and
