SUMMARY:

House Bill 5046 would amend 1973 PA 116, known as the child care licensing act, to provide that a *child care center*, *family child care home*, or *group child care home*¹ that is subject to a rule promulgated under the act has at least 90 days after the rule is promulgated to come into compliance with it, unless there is an immediate federal obligation or an immediate risk to health and safety as determined by the Department of Licensing and Regulatory Affairs (LARA).

Child care center means a facility that is not a private home that receives one or more children under 13 years of age for care for periods of less than 24 hours a day. Child care center includes a facility that provides care at least two consecutive weeks, regardless of the number of hours of care per day. The facility is generally described as a child care center, day care center, day nursery, nursery school, parent cooperative preschool, play group, before- or after-school program, or drop-in center.

Family child care home means a private home where up to six children are taken care of and supervised for compensation for periods of less than 24 hours at a time.

Group child care home means a private home where seven to 12 children are provided that supervision and care.
