House Bill 5403 as introduced
Sponsor: Rep. Cynthia Neeley
Committee: Regulatory Reform
Complete to 12-10-24

Analysis available at
<http://www.legislature.mi.gov>

SUMMARY:

House Bill 5403 would amend the Occupational Code to allow a person licensed to operate a cosmetology school to operate multiple facilities to teach cosmetology services that are separate from the premises of the cosmetology school if all the following requirements are met:

- An application is submitted to the Department of Licensing and Regulatory Affairs (LARA) by the owner or manager of the school.
- The application includes a statement of how the facility will be used, the address of the premises of the facility, and a current, detailed floor plan of the proposed premises that includes at least all of the following:
 - The arrangement of the classroom.
 - The placement of equipment.
 - The location of entrances and exits of the premises.
- The facility meets all requirements for a cosmetology school as described in section 1205 of the Occupational Code, except that the facility could not offer cosmetology services to the public or contain equipment that may be used to perform cosmetology services on the public, including hair-drying chairs, hydraulic styling chairs, or hair-styling stations.
- Provisions have been made for the daily supervision of the facility by a licensed cosmetology instructor who has at least three years' experience in all services of cosmetology that are taught in the facility.
- The facility is approved by LARA.

The owner or manager of a school that operated an off-premises facility would, at all times, have to display a copy of the school of cosmetology license and the license of each instructor who works at the facility in a prominent place in the facility that is visible to the public.

Proposed MCL 339.1205b

FISCAL IMPACT:

A fiscal analysis is in progress.
