SUMMARY:

House Bill 5965 would amend the Medical Marihuana Facilities Licensing Act to modify definitions of terms that apply to different types of license holders under the act. The new definitions would reflect current license types (e.g., rather than offering a description of who constitutes a “grower” under the act, and what activities that encompasses, the bill would define a grower as someone who holds a grower license).

These changes reflect the current state regulatory framework in place for the marijuana industry and would update the definitions accordingly.

MCL 333.27102

FISCAL IMPACT:

The bill would have no fiscal impact on the state or local units of government.

POSITIONS:

The Michigan Cannabis Industry Association indicated support for the bill. (5-17-22)
