SUMMARY:

House Bill 6206 would amend the Administrative Procedures Act to require the Department of Licensing and Regulatory Affairs (LARA) to notify the Senate and House of Representatives in writing within 24 hours after it files as an emergency rule with the secretary a rule that schedules or reschedules a substance as a controlled substance after a determination by the director of the Department of Health and Human Services that such an emergency rule can prevent or control an imminent danger to the health or lives of individuals in Michigan and the administrator determines that the substance should be scheduled or rescheduled.

MCL 24.248

FISCAL IMPACT:

House Bill 6206 would have a negligible fiscal impact on the Department of Licensing and Regulatory Affairs, given the limited number of notices that the department would need to submit. The bill would not have a fiscal impact on any other units of state or local government.
