### SUMMARY:

House Bill 6206 would amend the Administrative Procedures Act to require the Department of Licensing and Regulatory Affairs (LARA) to notify the Senate and House in writing within 24 hours after it files an emergency rule with the secretary of state that schedules or reschedules a substance as a controlled substance following a determination by the director of the Department of Health and Human Services (DHHS) that such an emergency rule can prevent or control an imminent danger to the health or lives of individuals in Michigan and a determination by the administrator that the substance should be scheduled or rescheduled.

MCL 24.248

### FISCAL IMPACT:

House Bill 6206 would have a negligible fiscal impact on the Department of Licensing and Regulatory Affairs, given the limited number of notices that the department would need to submit. The bill would not have a fiscal impact on any other units of state or local government.

### POSITIONS:

A representative of the Mackinac Center for Public Policy testified in support of the bill. (6-15-22)

NFIB indicated support for the bill. (6-21-22)
