Boilerplate Changes from FY 2020-21 Year-to-Date:

- 1. Membership Definitions for Pandemic Learning. The Governor eliminated special membership provisions and definitions related to pandemic learning. The calculation of pupils in membership for FY 2021-22 would be 90% applied to the count of students in October 2021 plus 10% of the count of students in February 2021. The Senate concurred in the use of the 90/10 blend but allowed for counting students in the Fall of 2021 who are learning remotely if either the school was closed due to public health orders or if parents elected for their children to remain at home. (Sec. 6)
- 2. Pupil Accounting Manual. The Senate added a date (March 31) by which any changes to the pupil accounting manual must be made, in order to be effective for the following school year. (Sec. 18)
- 3. Reduction to Cyber School Foundation Allowance. The Governor proposed a 20% reduction. The Senate did not concur. (Sec. 20)

- 4. Removal of Requirement to Comply with MKEO. The Governor proposed eliminating the Michigan Kindergarten Entry Observation (MKEO) tool and also removed the requirement that districts comply with administering the MKEO to receive the discretionary portion of their foundation allowance. The Senate did not concur. (Secs. 22b and 104)
- 5. Extension of Date Adopt the Michigan Data Hub Network. The Governor and Senate extended by one year the date by which 100% of districts adopt the Michigan Data Hub Network, from September 30, 2021 to September 30, 2022. (Sec. 22m)
- 6. At Risk. The Governor proposed to increase the percentage, from 30% to 35%, of the amount higher-funded districts receive in per-pupil at risk payments as compared to lower-funded districts. The Governor also added school community liaison personnel as an allowable use of up to 20% of at risk funds. Finally, in this section, the Governor also added a new allowable use of up to 10% of at risk funds for districts to provide evidence-based pre-kindergarten instructional and non-instructional services to children who meet at risk criteria. The Senate did not increase the percentage, but did concur in allowing funds to be used for school *parent* liaison personnel, and concurred in allowing funds to be used for pre-K services. (Sec. 31a)
- 7. **10 Cents a Meal Administrative Funding.** The Governor changed the funding designated for administration, from up to 10% by districts and 6% by MDE, to up to 10% for MDE and 1% for each project partner. The Senate reduced this to 5% for MDE (because the overall funding for the program was doubled). (Sec. 31j)
- 8. **Great Start Readiness Program.** The Senate added language allowing eligible 3-year-olds into GSRP, with priority given to eligible 4-year-olds. (Sec. 32d)
- 9. **Out-of-School Learning Opportunities.** The Governor added language for this new program where funds would be distributed to each ISD proportionate to the number of pupils enrolled in the ISD or its constituent districts who are economically disadvantaged. The Senate did not include funding or language for this program.
- 10. **Early Literacy.** The Senate included substantive changes throughout the section to focus on professional development for early literacy teachers and coaches. (Sec. 35a)
- 11. **ISD Operational Funding.** The Senate added language requiring ISDs to include public school academies in all communications where traditional local districts are included, or not receive operational funding. (Sec. 81)
- 12. **CEPI Reporting.** The Governor included language narrowing CEPI's reporting to those areas where State or Federal laws require the reporting. The Senate did not include. (Sec. 94a)
- 13. Extended Learning Plans. The Senate included a new section requiring extended learning plans if districts provide remote instruction during the first half of the 2021-2022 school year for two reasons: closure due to public health orders or parents electing for their children to remain at home. Also, the language requires districts to be full time, in person (except for the two exceptions noted) and to provide personal protective equipment and regular COVID testing for the districts to be able to receive State aid. (Sec. 98b)
- 14. **Days and Hours.** The Senate included language allowing for the 75% average daily requirement to be waived during the first half of the 2021-2022 school year for the days parents keep their children at home or when schools are closed due to public health orders. In those instances, districts must ensure that the equivalent of at least 549 hours and 90 days of instruction are provided (in-person, remote, or blended) during the first half of the school year, with the second half of the school year required to be fully in person with no exceptions, and that at least 549 hours and 90 days of instruction are provided. (Sec. 101)
- 15. **Adult Education.** The Governor and Senate changed the payments for adult education from the amounts paid in FY 2018-19 to a formula based on each ISD's population aged 18-24 who are not high school graduates (60%), each ISD's proportion of population aged 25 and up who are not high school graduates (35%), and each ISD's proportion of the State population age 18 and up who lack basic English language proficiency (5%). (Sec. 107)
- 16. **Shared Time.** The Governor included new language requiring a district offering shared time programs to report each course for which participation by nonpublic or homeschool students exceeds 50% of all students. The Senate did not concur. (Sec. 166b)
- 17. **Repealed Sections.** The Governor recommended repealing several sections including 164g (legal action against the State); 164h (collective bargaining agreement penalties); and, 166 (disciplinary policy for school officials making abortion referrals). The Senate concurred in the repeal of Section 166 but not in the repeal of the other two sections.
