**Sec. 401. Treasury.** Allocates \$409.0 million by the Department of Treasury to create and operate an afflicted business relief program. The program would provide grants to businesses that meet the definition of "afflicted business" in the State. Grants would be provided to afflicted businesses that have realized a significant financial hardship due to the COVID-19 pandemic. "Afflicted business" is defined as a nontax-exempt nongovernmental entity and would include an entertainment venue, an exercise facility, a food service establishment, a recreational facility or place of public amusement, a cosmetology or barber services provider, a nursery dealer or grower, an athletic trainer, a body art facility, or a hotel or bed and breakfast with the first four of those terms being defined as well. Recreational facility or place of public amusement would include amusement parks, arcades, bingo halls, bowling alleys, casinos, nightclubs, skating rinks, water parks, and trampoline parks. Grants to businesses could not exceed the business's financial hardship and could not exceed \$5.0 million. Financial hardship would be defined as a decline in total sales capped at the sum of property taxes or 17% of lease costs plus 50% of unemployment insurance taxes plus liquor license fees plus food inspection fees plus State license or inspection fees. Afflicted businesses in operation on October 1, 2019, would receive a percentage of the maximum grant based on their 2020 reduction in gross receipts: those that certify at least a 20.0% reduction in gross receipts would receive the maximum grant, those that certify a 15.0% to 20.0% reduction in gross receipts would receive 75.0% of the maximum grant, those that certify a 10.0% to 15.0% reduction in gross

receipts would receive 50.0% of the maximum grant, and those that certify a 5.0% to 10.0% reduction in gross receipts would receive 25.0% of the maximum grant. An afflicted business that started operations between October 1, 2019, and June 1, 2020, must receive 25.0% of the amount that it would have received if it had opened before October 1, 2019, if it can document that it was fully or partially closed because of a pandemic-related State order. Requires grants to be used pursuant to Federal guidelines. Afflicted businesses must certify and attest under penalty of perjury that they were negatively affected by the pandemic and/or pandemic-related State orders. For businesses in operation on October 1, 2019, that are self-employed individuals, independent contractors, or sole proprietorship with no employees or a business that had employees for which it paid salaries or wages and payroll taxes or paid independent contractors, they must certify and attest that they had gross receipt losses of at least 5% for a calendar quarter in 2020 compared to the same calendar quarter in 2019. For those businesses that were not in operation on October 1, 2019, but started operations before June 1, 2020, they must certify and attest that they were negatively affected by the closure or partial closure because of an executive order or Department of Health and Human Services order. Afflicted businesses would be required to submit supporting documentation required by the Department of Treasury. Any afflicted business that falsifies certification under this section must forfeit any payments under this section. Allows for proration of payments if funding is not sufficient to make full payments to afflicted businesses with the requirement that the Department of Treasury make the proration calculation after April 1, 2022. Requires the Department of Treasury to develop and post a website application for operation, awards, and reporting for the program by March 1, 2022. Applications must be submitted by April 1, 2022, and grants must be disbursed by July 1, 2022. Limits administrative costs to 1% of appropriations or actual costs, whichever is less. **Sec. 402.
