Senate Bill 749 (Substitute S-2 as passed by the Senate)

Sponsor: Senator Sarah E. Anthony

Committee: Appropriations

Date Completed: 5-14-24

CONTENT

The supplemental appropriations bill would appropriate approximately \$1.4 billion gross and a negative \$15.7 million General Fund/General Purpose (GF/GP) across several State departments, the Legislature, and Judiciary, for fiscal year (FY) 2023-24. Appropriations for each department and branch of State government, by fund source, are detailed in <u>Table 1</u>.

Appropriations for FY 2023-24 are primarily items requested by the State Budget Office in Supplemental Request Letter 2024-2, which was submitted to the House and Senate Appropriations Committees on February 7, 2024, in conjunction with the Governor's Recommendation for the FY 2024-25 budget.

Items that would be funded under the bill include the following: \$25.1 million gross, \$24.5 million GF/GP for State employee lump-sum payments that were approved by the Civil Service Commission, which represents half the amount originally requested; \$1.2 billion gross, \$31.4 million GF/GP in various caseload adjustments for programs administered by the Department of Health and Human Services (DHHS); a \$68.0 million fund shift from GF/GP to Federal funds available under the American Rescue Plan (ARP) State Fiscal Recovery Fund (SFRF) to support correctional facility operations; a \$25.0 million GF/GP reduction for Renewable Ready Communities in the Department of Environment, Great Lakes, and Energy (EGLE); a \$5.0 million GF/GP reduction for the Nature Awaits program in the Department of Natural Resources, and other items as detailed in Table 2.
