Subd. 2. **Requirement.** A contract for the construction, reconstruction, alteration, repair, improvement, or maintenance of public works financed in whole or in part by public funds must contain a provision that all steel products used or supplied in the performance of the contract and any related subcontract must be American steel products.

2.3 in, or available in, sufficient quantity to meet the requirements of the contract; or (2) the
2.4 cost of using or supplying American steel products would exceed 15 percent of the cost of
2.5 any other steel products obtainable nationally or internationally.
