or standards under the jurisdiction of those agencies may have been violated. Unless otherwise specified in this chapter, the identity of a reporter of alleged maltreatment or licensing violations may not be disclosed.

(j) In addition to the notice of determinations required under section 626.556, subdivision 10f, if the commissioner or the local social services agency has determined that an individual is a substantiated perpetrator of maltreatment of a child based on sexual abuse, as defined in section 626.556, subdivision 2, and the commissioner or local social services agency knows that the individual is a person responsible for a child's care in another facility, the commissioner or local social services agency shall notify the head of that facility of this determination. The applicant may appeal the denial by notifying the commissioner in writing by certified mail or personal service ~~within 20 calendar days after receiving notice that the application was denied.~~ If mailed, the appeal must be postmarked and sent to the commissioner within 20 calendar days after the applicant received the notice of denial. If an appeal request is made by personal service, it must be received by the commissioner within 20 calendar days after the applicant received the notice of denial. Sec. 17. Minnesota Statutes 2008, section 245A.07, subdivision 1, is amended to read:

Subdivision 1. **Sanctions; appeals; license.** (a) In addition to making a license conditional under section 245A.06, the commissioner may ~~propose to~~ suspend or revoke the license, impose a fine, or secure an injunction against the continuing operation of the program of a license holder who does not comply with applicable law or rule. When applying sanctions authorized under this section, the commissioner shall consider the nature, chronicity, or severity of the violation of law or rule and the effect of the violation on the health, safety, or rights of persons served by the program.

(b) If a license holder appeals the suspension or revocation of a license and the license holder continues to operate the program pending a final order on the appeal, and the license expires during this time period, the commissioner shall issue the license holder a temporary provisional license. The temporary provisional license is effective on the date issued and expires on the date that a final order is issued. Unless otherwise specified by the commissioner, variances in effect on the date of the license sanction under appeal continue under the temporary provisional license. If a license holder fails to comply with applicable law or rule while operating under a temporary provisional license, the

commissioner may impose sanctions under this section and section 245A.06, and may terminate any prior variance. If the license holder prevails on the appeal and the effective period of the previous license has expired, a new license shall be issued to the license holder upon payment of any fee required under section 245A.10. The effective date of the new license shall be retroactive to the date the license would have shown had no sanction been initiated. The expiration date shall be the expiration date of that license had no license sanction been initiated.

(c) If a license holder is under investigation and the license is due to expire before completion of the investigation, the program shall be issued a new license upon completion of the reapplication requirements. Upon completion of the investigation, a licensing sanction may be imposed against the new license under this section, section 245A.06, or 245A.08.

(d) Failure to reapply or closure of a license by the license holder prior to the completion of any investigation shall not preclude the commissioner from issuing a licensing sanction under this section, section 245A.06, or 245A.08 at the conclusion of the investigation.

Sec. 18. Minnesota Statutes 2008, section 245A.07, subdivision 3, is amended to read:

Subd. 3. **License suspension, revocation, or fine.** (a) The commissioner may suspend or revoke a license, or impose a fine if a license holder fails to comply fully with applicable laws or rules, if a license holder, a controlling individual, or an individual living in the household where the licensed services are provided or is otherwise subject to a background study has a disqualification which has not been set aside under section 245C.22, or if a license holder knowingly withholds relevant information from or gives false or misleading information to the commissioner in connection with an application for a license, in connection with the background study status of an individual, during an investigation, or regarding compliance with applicable laws or rules. A license holder who has had a license suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail or personal service. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state the reasons the license was suspended, revoked, or a fine was ordered.

(b) If the license was suspended or revoked, the notice must inform the license holder of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The license holder may appeal an order suspending or revoking a license. The appeal of an order suspending or revoking a license must be made in writing by certified mail or personal service. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the license has been suspended or revoked. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order. Except as provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an order suspending or revoking a license shall stay the suspension or revocation, the license holder may continue to operate until the commissioner issues a final order on the suspension or revocation.

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license holder of the responsibility for payment of fines and the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal

of an order to pay a fine must be made in writing by certified mail or personal service. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the fine has been ordered. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order.

(2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify the license holder by certified mail or personal service that a second fine has been assessed. The license holder may appeal the second fine as provided under this subdivision.

(c) When a licensed foster care provider adopts an individual who had received foster care services from the provider for over six months, and the adopted individual is required to receive a background study under section 245C.03, subdivision 1, paragraph (a), clause (2) or (6), the commissioner may grant a variance to the license holder under section 245C.30 to permit the adopted individual with a permanent disqualification to remain affiliated with the license holder under the conditions of the variance when the variance is recommended by the county of responsibility for each of the remaining individuals in placement in the home and the licensing agency for the home.

Sec. 34. Minnesota Statutes 2008, section 245C.25, is amended to read:

245C.25 CONSOLIDATED RECONSIDERATION OF MALTREATMENT DETERMINATION AND DISQUALIFICATION.

(a) If an individual is disqualified on the basis of a determination of maltreatment under section 626.556 or 626.557, which was serious or recurring, and the individual requests reconsideration of the maltreatment determination under section 626.556, subdivision 10i, or 626.557, subdivision 9d, and also requests reconsideration of the disqualification under section 245C.21, the commissioner shall consolidate the reconsideration of the maltreatment determination and the disqualification into a single reconsideration.

(b) For maltreatment and disqualification determinations made by county agencies, the county agency shall conduct the consolidated reconsideration. If the county agency has disqualified an individual on multiple bases, one of which is a county maltreatment determination for which the individual has a right to request reconsideration, the county shall conduct the reconsideration of all disqualifications.

(c) If the county has previously conducted a consolidated reconsideration under paragraph (b) of a maltreatment determination and a disqualification based on serious or recurring maltreatment, and the county subsequently disqualifies the individual based on that determination, the county shall conduct the reconsideration of the subsequent disqualification. The scope of the subsequent disqualification shall be limited to whether the individual poses a risk of harm in accordance with section 245C.22, subdivision 4. If the commissioner subsequently disqualifies the individual in connection with a child foster care license based on the county's previous maltreatment determination, the commissioner shall conduct the reconsideration of the subsequent disqualification.

Sec. 35. Minnesota Statutes 2008, section 245C.27, subdivision 1, is amended to read:

Subdivision 1. **Fair hearing when disqualification is not set aside.** (a) If the commissioner does not set aside a disqualification of an individual under section 245C.22 who is disqualified on the basis of a preponderance of evidence that the individual committed an act or acts that meet the definition of any of the crimes listed in section 245C.15; for a determination under section 626.556 or 626.557 of substantiated maltreatment that was serious or recurring under section 245C.15; or for failure to make

required reports under section 626.556, subdivision 3; or 626.557, subdivision 3, pursuant to section 245C.15, subdivision 4, paragraph (b), clause (1), the individual may request a fair hearing under section 256.045, unless the disqualification is deemed conclusive under section 245C.29.

(b) The fair hearing is the only administrative appeal of the final agency determination for purposes of appeal by the disqualified individual. The disqualified individual does not have the right to challenge the accuracy and completeness of data under section 13.04.

(c) Except as provided under paragraph (e), if the individual was disqualified based on a conviction or of, admission to, or Alford Plea to any crimes listed in section 245C.15, subdivisions 1 to 4, or for a disqualification under section 256.98, subdivision 8, the reconsideration decision under section 245C.22 is the final agency determination for purposes of appeal by the disqualified individual and is not subject to a hearing under section 256.045. If the individual was disqualified based on a judicial determination, that determination is treated the same as a conviction for purposes of appeal.

(d) This subdivision does not apply to a public employee's appeal of a disqualification under section 245C.28, subdivision 3.

(e) Notwithstanding paragraph (c), if the commissioner does not set aside a disqualification of an individual who was disqualified based on both a preponderance of evidence and a conviction or admission, the individual may request a fair hearing under section 256.045, unless the disqualifications are deemed conclusive under section 245C.29. The scope of the hearing conducted under section 256.045 with regard to the disqualification based on a conviction or admission shall be limited solely to whether the individual poses a risk of harm, according to section 256.045, subdivision 3b. In this case, the reconsideration decision under section 245C.22 is not the final agency decision for purposes of appeal by the disqualified individual.

Sec. 36. Minnesota Statutes 2008, section 256.045, subdivision 3, is amended to read:

Subd. 3. **State agency hearings.** (a) State agency hearings are available for the following:

(1) any person applying for, receiving or having received public assistance, medical care, or a program of social services granted by the state agency or a county agency or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid;

(2) any patient or relative aggrieved by an order of the commissioner under section 252.27;

(3) a party aggrieved by a ruling of a prepaid health plan;

(4) except as provided under chapter 245C, any individual or facility determined by a lead agency to have maltreated a vulnerable adult under section 626.557 after they have exercised their right to administrative reconsideration under section 626.557;

(5) any person whose claim for foster care payment according to a placement of the child resulting from a child protection assessment under section 626.556 is denied or not acted upon with reasonable promptness, regardless of funding source;

(6) any person to whom a right of appeal according to this section is given by other provision of law;

(7) an applicant aggrieved by an adverse decision to an application for a hardship waiver under section 256B.15;

(8) an applicant aggrieved by an adverse decision to an application or redetermination for a Medicare Part D prescription drug subsidy under section 256B.04, subdivision 4a;

(9) except as provided under chapter 245A, an individual or facility determined to have maltreated a minor under section 626.556, after the individual or facility has exercised the right to administrative reconsideration under section 626.556; or

(10) except as provided under chapter 245C, an individual disqualified under sections 245C.14 and 245C.15, which has not been set aside under sections 245C.22 and 245C.23, on the basis of serious or recurring maltreatment; a preponderance of the evidence that the individual has committed an act or acts that meet the definition of any of the crimes listed in section 245C.15, subdivisions 1 to 4; or for failing to make reports required under section 626.556, subdivision 3, or 626.557, subdivision 3. Hearings regarding a maltreatment determination under clause (4) or (9) and a disqualification under this clause in which the basis for a disqualification is serious or recurring maltreatment, which has not been set aside under sections 245C.22 and 245C.23, shall be consolidated into a single fair hearing. In such cases, the scope of review by the human services referee shall include both the maltreatment determination and the disqualification. The failure to exercise the right to an administrative reconsideration shall not be a bar to a hearing under this section if federal law provides an individual the right to a hearing to dispute a finding of maltreatment. Individuals and organizations specified in this section may contest the specified action, decision, or final disposition before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action, decision, or final disposition, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit.

(b) The hearing for an individual or facility under paragraph (a), clause (4), (9), or (10), is the only administrative appeal to the final agency determination specifically, including a challenge to the accuracy and completeness of data under section 13.04. Hearings requested under paragraph (a), clause (4), apply only to incidents of maltreatment that occur on or after October 1, 1995. Hearings requested by nursing assistants in nursing homes alleged to have maltreated a resident prior to October 1, 1995, shall be held as a contested case proceeding under the provisions of chapter 14. Hearings requested under paragraph (a), clause (9), apply only to incidents of maltreatment that occur on or after July 1, 1997. A hearing for an individual or facility under paragraph (a), clause (9), is only available when there is no juvenile court or adult criminal action pending. If such action is filed in either court while an administrative review is pending, the administrative review must be suspended until the judicial actions are completed. If the juvenile court action or criminal charge is dismissed or the criminal action overturned, the matter may be considered in an administrative hearing.

(c) For purposes of this section, bargaining unit grievance procedures are not an administrative appeal.

(d) The scope of hearings involving claims to foster care payments under paragraph (a), clause (5), shall be limited to the issue of whether the county is legally responsible

for a child's placement under court order or voluntary placement agreement and, if so, the correct amount of foster care payment to be made on the child's behalf and shall not include review of the propriety of the county's child protection determination or child placement decision.

(e) A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

(f) An applicant or recipient is not entitled to receive social services beyond the services prescribed under chapter 256M or other social services the person is eligible for under state law.

(g) The commissioner may summarily affirm the county or state agency's proposed action without a hearing when the sole issue is an automatic change due to a change in state or federal law.

Sec. 37. Minnesota Statutes 2008, section 256.045, subdivision 3b, is amended to read:

Subd. 3b. **Standard of evidence for maltreatment and disqualification hearings.**

(a) The state human services referee shall determine that maltreatment has occurred if a preponderance of evidence exists to support the final disposition under sections 626.556 and 626.557. For purposes of hearings regarding disqualification, the state human services referee shall affirm the proposed disqualification in an appeal under subdivision 3, paragraph (a), clause (9), if a preponderance of the evidence shows the individual has:

(1) committed maltreatment under section 626.556 or 626.557, which is serious or recurring;

(2) committed an act or acts meeting the definition of any of the crimes listed in section 245C.15, subdivisions 1 to 4; or

(3) failed to make required reports under section 626.556 or 626.557, for incidents in which the final disposition under section 626.556 or 626.557 was substantiated maltreatment that was serious or recurring.

(b) If the disqualification is affirmed, the state human services referee shall determine whether the individual poses a risk of harm in accordance with the requirements of section ~~245C.16~~ 245C.22, and whether the disqualification should be set aside or not set aside. In determining whether the disqualification should be set aside, the human services referee shall consider all of the characteristics that cause the individual to be disqualified, including those characteristics that were not subject to review under paragraph (a), in order to determine whether the individual poses a risk of harm. A decision to set aside a disqualification that is the subject of the hearing constitutes a determination that the individual does not pose a risk of harm and that the individual may provide direct contact services in the individual program specified in the set aside. If a determination that the information relied upon to disqualify an individual was correct and is conclusive under section 245C.29, and the individual is subsequently disqualified under section 245C.14, the individual has a right to again request reconsideration on the risk of harm under section 245C.21. Subsequent determinations regarding risk of harm are not subject to another hearing under this section.

(c) The state human services referee shall recommend an order to the commissioner of health, education, or human services, as applicable, who shall issue a final order. The commissioner shall affirm, reverse, or modify the final disposition. Any order of the commissioner issued in accordance with this subdivision is conclusive upon the parties unless appeal is taken in the manner provided in subdivision 7. In any licensing appeal under chapters 245A and 245C and sections 144.50 to 144.58 and 144A.02 to 144A.46, the commissioner's determination as to maltreatment is conclusive, as provided under section 245C.29.

Sec. 38. Minnesota Statutes 2008, section 256B.0943, subdivision 4, is amended to read:

Subd. 4. **Provider entity certification.** (a) Effective July 1, 2003, the commissioner shall establish an initial provider entity application and certification process and recertification process to determine whether a provider entity has an administrative and clinical infrastructure that meets the requirements in subdivisions 5 and 6. The commissioner shall recertify a provider entity at least every three years. The commissioner shall establish a process for decertification of a provider entity that no longer meets the requirements in this section. The county, tribe, and the commissioner shall be mutually responsible and accountable for the county's, tribe's, and state's part of the certification, recertification, and decertification processes.

(b) For purposes of this section, a provider entity must be:

(1) an Indian health services facility or a facility owned and operated by a tribe or tribal organization operating as a 638 facility under Public Law 93-638 certified by the state;

(2) a county-operated entity certified by the state; or

(3) a noncounty entity ~~recommended for certification by the provider's host county and~~ certified by the state.

Sec. 39. Minnesota Statutes 2008, section 256B.0943, subdivision 6, is amended to read:

Subd. 6. **Provider entity clinical infrastructure requirements.** (a) To be an eligible provider entity under this section, a provider entity must have a clinical infrastructure that utilizes diagnostic assessment, an individualized treatment plan, service delivery, and individual treatment plan review that are culturally competent, child-centered, and family-driven to achieve maximum benefit for the client. The provider entity must review, and update as necessary, the clinical policies and procedures every three years and must distribute the policies and procedures to staff initially and upon each subsequent update.

(b) The clinical infrastructure written policies and procedures must include policies and procedures for:

(1) providing or obtaining a client's diagnostic assessment that identifies acute and chronic clinical disorders, co-occurring medical conditions, sources of psychological and environmental problems, ~~and~~ including a functional assessment. The functional assessment component must clearly summarize the client's individual strengths and needs;

(2) developing an individual treatment plan that is:

- (i) based on the information in the client's diagnostic assessment;
 - (ii) developed no later than the end of the first psychotherapy session after the completion of the client's diagnostic assessment by the mental health professional who provides the client's psychotherapy;
 - (iii) developed through a child-centered, family-driven planning process that identifies service needs and individualized, planned, and culturally appropriate interventions that contain specific treatment goals and objectives for the client and the client's family or foster family;
 - (iv) reviewed at least once every 90 days and revised, if necessary; and
 - (v) signed by the client or, if appropriate, by the client's parent or other person authorized by statute to consent to mental health services for the client;
- (3) developing an individual behavior plan that documents services to be provided by the mental health behavioral aide. The individual behavior plan must include:
- (i) detailed instructions on the service to be provided;
 - (ii) time allocated to each service;
 - (iii) methods of documenting the child's behavior;
 - (iv) methods of monitoring the child's progress in reaching objectives; and
 - (v) goals to increase or decrease targeted behavior as identified in the individual treatment plan;
- (4) clinical supervision of the mental health practitioner and mental health behavioral aide. A mental health professional must document the clinical supervision the professional provides by cosigning individual treatment plans and making entries in the client's record on supervisory activities. Clinical supervision does not include the authority to make or terminate court-ordered placements of the child. A clinical supervisor must be available for urgent consultation as required by the individual client's needs or the situation. Clinical supervision may occur individually or in a small group to discuss treatment and review progress toward goals. The focus of clinical supervision must be the client's treatment needs and progress and the mental health practitioner's or behavioral aide's ability to provide services;
- (4a) CTSS certified provider entities providing day treatment programs must meet the conditions in items (i) to (iii):
- (i) the supervisor must be present and available on the premises more than 50 percent of the time in a five-working-day period during which the supervisee is providing a mental health service;
 - (ii) the diagnosis and the client's individual treatment plan or a change in the diagnosis or individual treatment plan must be made by or reviewed, approved, and signed by the supervisor; and
 - (iii) every 30 days, the supervisor must review and sign the record of indicating the supervisor has reviewed the client's care for all activities in the preceding 30-day period;
- (4b) for all other services provided under CTSS, clinical supervision standards provided in items (i) to (iii) must be used:

(i) ~~medical assistance shall reimburse a mental health practitioner who maintains a consulting relationship with a mental health professional who accepts full professional responsibility and is present on site for at least one observation during the first 12 hours in which the mental health practitioner provides the individual, family, or group skills training to the child or the child's family;~~

(ii) ~~thereafter,~~ the mental health professional is required to be present on site for observation as clinically appropriate when the mental health practitioner is providing individual, family, or group skills training to the child or the child's family; and

(iii) when conducted, the observation must be a minimum of one clinical unit. The on-site presence of the mental health professional must be documented in the child's record and signed by the mental health professional who accepts full professional responsibility;

(5) providing direction to a mental health behavioral aide. For entities that employ mental health behavioral aides, the clinical supervisor must be employed by the provider entity or other certified children's therapeutic supports and services provider entity to ensure necessary and appropriate oversight for the client's treatment and continuity of care. The mental health professional or mental health practitioner giving direction must begin with the goals on the individualized treatment plan, and instruct the mental health behavioral aide on how to construct therapeutic activities and interventions that will lead to goal attainment. The professional or practitioner giving direction must also instruct the mental health behavioral aide about the client's diagnosis, functional status, and other characteristics that are likely to affect service delivery. Direction must also include determining that the mental health behavioral aide has the skills to interact with the client and the client's family in ways that convey personal and cultural respect and that the aide actively solicits information relevant to treatment from the family. The aide must be able to clearly explain the activities the aide is doing with the client and the activities' relationship to treatment goals. Direction is more didactic than is supervision and requires the professional or practitioner providing it to continuously evaluate the mental health behavioral aide's ability to carry out the activities of the individualized treatment plan and the individualized behavior plan. When providing direction, the professional or practitioner must:

(i) review progress notes prepared by the mental health behavioral aide for accuracy and consistency with diagnostic assessment, treatment plan, and behavior goals and the professional or practitioner must approve and sign the progress notes;

(ii) identify changes in treatment strategies, revise the individual behavior plan, and communicate treatment instructions and methodologies as appropriate to ensure that treatment is implemented correctly;

(iii) demonstrate family-friendly behaviors that support healthy collaboration among the child, the child's family, and providers as treatment is planned and implemented;

(iv) ensure that the mental health behavioral aide is able to effectively communicate with the child, the child's family, and the provider; and

(v) record the results of any evaluation and corrective actions taken to modify the work of the mental health behavioral aide;

(6) providing service delivery that implements the individual treatment plan and meets the requirements under subdivision 9; and

(7) individual treatment plan review. The review must determine the extent to which the services have met the goals and objectives in the previous treatment plan. The review must assess the client's progress and ensure that services and treatment goals continue to be necessary and appropriate to the client and the client's family or foster family. Revision of the individual treatment plan does not require a new diagnostic assessment unless the client's mental health status has changed markedly. The updated treatment plan must be signed by the client, if appropriate, and by the client's parent or other person authorized by statute to give consent to the mental health services for the child.

Sec. 40. Minnesota Statutes 2008, section 256B.0943, subdivision 9, is amended to read:

Subd. 9. **Service delivery criteria.** (a) In delivering services under this section, a certified provider entity must ensure that:

(1) each individual provider's caseload size permits the provider to deliver services to both clients with severe, complex needs and clients with less intensive needs. The provider's caseload size should reasonably enable the provider to play an active role in service planning, monitoring, and delivering services to meet the client's and client's family's needs, as specified in each client's individual treatment plan;

(2) site-based programs, including day treatment and preschool programs, provide staffing and facilities to ensure the client's health, safety, and protection of rights, and that the programs are able to implement each client's individual treatment plan;

(3) a day treatment program is provided to a group of clients by a multidisciplinary team under the clinical supervision of a mental health professional. The day treatment program must stabilize the client's mental health status while developing and improving the client's independent living and socialization skills. The goal of the day treatment program must be to reduce or relieve the effects of mental illness and provide training to enable the client to live in the community. The program must be available at least one day a week for a ~~three-hour~~ two-hour time block. ~~The three-hour time block must include at least one hour, but no more than two hours, of individual or group psychotherapy. The remainder of the three-hour time block may include recreation therapy, socialization therapy, or independent living skills therapy, but only if the therapies are included in the client's individual treatment plan.~~ The structured treatment program may include individual or group psychotherapy and recreation therapy, socialization therapy, or independent living skills therapy, if included in the client's individual treatment plan. Day treatment programs are not part of inpatient or residential treatment services; and

(4) a preschool program is a structured treatment program offered to a child who is at least 33 months old, but who has not yet reached the first day of kindergarten, by a preschool multidisciplinary team in a day program licensed under Minnesota Rules, parts 9503.0005 to 9503.0175. The program must be available at least one day a week for a minimum two-hour time block. The structured treatment program may include individual

(3) crisis assistance must be time-limited and designed to resolve or stabilize crisis through arrangements for direct intervention and support services to the child and the child's family. Crisis assistance must utilize resources designed to address abrupt or substantial changes in the functioning of the child or the child's family as evidenced by a sudden change in behavior with negative consequences for well being, a loss of usual coping mechanisms, or the presentation of danger to self or others;

(4) medically necessary services that are provided by a mental health behavioral aide must be designed to improve the functioning of the child and support the family in activities of daily and community living. A mental health behavioral aide must document the delivery of services in written progress notes. The mental health behavioral aide must implement goals in the treatment plan for the child's emotional disturbance that allow the child to acquire developmentally and therapeutically appropriate daily living skills, social skills, and leisure and recreational skills through targeted activities. These activities may include:

(i) assisting a child as needed with skills development in dressing, eating, and toileting;

(ii) assisting, monitoring, and guiding the child to complete tasks, including facilitating the child's participation in medical appointments;

(iii) observing the child and intervening to redirect the child's inappropriate behavior;

(iv) assisting the child in using age-appropriate self-management skills as related to the child's emotional disorder or mental illness, including problem solving, decision making, communication, conflict resolution, anger management, social skills, and recreational skills;

(5) direction of a mental health behavioral aide must include the following:

(i) a total of one hour of on-site observation by a mental health professional during the first 12 hours of service provided to a child;

(ii) ongoing on-site observation by a mental health professional or mental health practitioner for at least a total of one hour during every 40 hours of service provided to a child; and

(iii) immediate accessibility of the mental health professional or mental health practitioner to the mental health behavioral aide during service provision.

Sec. 41. Minnesota Statutes 2008, section 256D.44, subdivision 5, is amended to read:

Subd. 5. **Special needs.** In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid who are not residents of a nursing home, a regional treatment center, or a group residential housing facility.

(a) The county agency shall pay a monthly allowance for medically prescribed diets if the cost of those additional dietary needs cannot be met through some other maintenance benefit. The need for special diets or dietary items must be prescribed by a licensed physician. Costs for special diets shall be determined as percentages of the allotment for a one-person household under the thrifty food plan as defined by the United States Department of Agriculture. The types of diets and the percentages of the thrifty food plan that are covered are as follows:

- (1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;
- (2) controlled protein diet, 40 to 60 grams and requires special products, 100 percent of thrifty food plan;
- (3) controlled protein diet, less than 40 grams and requires special products, 125 percent of thrifty food plan;
- (4) low cholesterol diet, 25 percent of thrifty food plan;
- (5) high residue diet, 20 percent of thrifty food plan;
- (6) pregnancy and lactation diet, 35 percent of thrifty food plan;
- (7) gluten-free diet, 25 percent of thrifty food plan;
- (8) lactose-free diet, 25 percent of thrifty food plan;
- (9) antidumping diet, 15 percent of thrifty food plan;
- (10) hypoglycemic diet, 15 percent of thrifty food plan; or
- (11) ketogenic diet, 25 percent of thrifty food plan.

(b) Payment for nonrecurring special needs must be allowed for necessary home repairs or necessary repairs or replacement of household furniture and appliances using the payment standard of the AFDC program in effect on July 16, 1996, for these expenses, as long as other funding sources are not available.

(c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's gross monthly income up to a maximum of \$100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of \$68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue

until the person has not received Minnesota supplemental aid for one full calendar month or until the person's living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipient's gross income or \$25, whichever is less, is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. This special need is available to all recipients of Minnesota supplemental aid regardless of their living arrangement.

(f)(1) Notwithstanding the language in this subdivision, an amount equal to the maximum allotment authorized by the federal Food Stamp Program for a single individual which is in effect on the first day of July of each year will be added to the standards of assistance established in subdivisions 1 to 4 for adults under the age of 65 who qualify as shelter needy and are: (i) relocating from an institution, or an adult mental health residential treatment program under section 256B.0622; (ii) eligible for the self-directed supports option as defined under section 256B.0657, subdivision 2; or (iii) home and community-based waiver recipients living in their own home or rented or leased apartment which is not owned, operated, or controlled by a provider of service not related by blood or marriage.

(2) Notwithstanding subdivision 3, paragraph (c), an individual eligible for the shelter needy benefit under this paragraph is considered a household of one. An eligible individual who receives this benefit prior to age 65 may continue to receive the benefit after the age of 65.

(3) "Shelter needy" means that the assistance unit incurs monthly shelter costs that exceed 40 percent of the assistance unit's gross income before the application of this special needs standard. "Gross income" for the purposes of this section is the applicant's or recipient's income as defined in section 256D.35, subdivision 10, or the standard specified in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be considered shelter needy for purposes of this paragraph.

(g) Notwithstanding this subdivision, to access housing and services as provided in paragraph (f), the recipient may choose housing that may or may not be owned, operated, or controlled by the recipient's service provider if the housing is located in a multifamily building of six or more units. The maximum number of units that may be used by recipients of this program shall be 50 percent of the units in a building. The department shall develop an exception process to the 50 percent maximum. This paragraph expires on June 30, 2011.

Sec. 42. [471.709] LICENSE; PERMIT.

Notwithstanding any law to the contrary, a municipality shall not require a massage therapist to obtain a license or permit when the therapist is working for or an employee of a medical professional licensed under chapter 147 or 148.

Subd. 2. **Definitions.** As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. Family assessment does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(b) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve substantial child endangerment, and for reports of maltreatment in facilities required to be licensed under chapter 245A or 245B; under sections 144.50 to 144.58 and 241.021; in a school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10; or in a nonlicensed personal care provider association as defined in sections 256B.04, subdivision 16, and 256B.0625, subdivision 19a.

- (5) murder in the first, second, or third degree under section 609.185, 609.19, or 609.195;
- (6) manslaughter in the first or second degree under section 609.20 or 609.205;
- (7) assault in the first, second, or third degree under section 609.221, 609.222, or 609.223;
- (8) solicitation, inducement, and promotion of prostitution under section 609.322;
- (9) criminal sexual conduct under sections 609.342 to 609.3451;
- (10) solicitation of children to engage in sexual conduct under section 609.352;
- (11) malicious punishment or neglect or endangerment of a child under section 609.377 or 609.378;
- (12) use of a minor in sexual performance under section 617.246; or
- (13) parental behavior, status, or condition which mandates that the county attorney file a termination of parental rights petition under section 260C.301, subdivision 3, paragraph (a).

subdivision 10, to any act which constitutes a violation of section 609.342 (criminal sexual conduct in the first degree), 609.343 (criminal sexual conduct in the second degree), 609.344 (criminal sexual conduct in the third degree), 609.345 (criminal sexual conduct in the fourth degree), or 609.3451 (criminal sexual conduct in the fifth degree). Sexual abuse also includes any act which involves a minor which constitutes a violation of prostitution offenses under sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(e) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, or medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person responsible for the care of the child that adversely affects the child's basic needs and safety; or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional functioning of the child which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

(g) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 121A.67 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by section 121A.582. Actions which are not reasonable and moderate include, but are not limited to, any of the following that are done in anger or without regard to the safety of the child:

(n) "Threatened injury" means a statement, overt act, condition, or status that represents a substantial risk of physical or sexual abuse or mental injury. Threatened injury includes, but is not limited to, exposing a child to a person responsible for the child's care, as defined in paragraph (e), clause (1), who has:

(1) subjected a child to, or failed to protect a child from, an overt act or condition that constitutes egregious harm, as defined in section 260C.007, subdivision 14, or a similar law of another jurisdiction;

(2) been found to be palpably unfit under section 260C.301, paragraph (b), clause (4), or a similar law of another jurisdiction;

(p) "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event which:

(1) is not likely to occur and could not have been prevented by exercise of due care; and

Sec. 44. Minnesota Statutes 2008, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. **Determinations.** (a) The local welfare agency shall conclude the family assessment or the investigation within 45 days of the receipt of a report. The conclusion of the assessment or investigation may be extended to permit the completion of a criminal investigation or the receipt of expert information requested within 45 days of the receipt of the report.

(b) After conducting a family assessment, the local welfare agency shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment.

(c) After conducting an investigation, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed.

(d) If the commissioner of education conducts an assessment or investigation, the commissioner shall determine whether maltreatment occurred and what corrective or protective action was taken by the school facility. If a determination is made that maltreatment has occurred, the commissioner shall report to the employer, the school board, and any appropriate licensing entity the determination that maltreatment occurred and what corrective or protective action was taken by the school facility. In all other cases, the commissioner shall inform the school board or employer that a report was received, the subject of the report, the date of the initial report, the category of maltreatment alleged as defined in paragraph (f), the fact that maltreatment was not determined, and a summary of the specific reasons for the determination.

(e) When maltreatment is determined in an investigation involving a facility, the investigating agency shall also determine whether the facility or individual was responsible, or whether both the facility and the individual were responsible for the maltreatment using the mitigating factors in paragraph (i). Determinations under this subdivision must be made based on a preponderance of the evidence and are private data on individuals or nonpublic data as maintained by the commissioner of education.

(f) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions:

- (1) physical abuse as defined in subdivision 2, paragraph (g);
- (2) neglect as defined in subdivision 2, paragraph (f);
- (3) sexual abuse as defined in subdivision 2, paragraph (d);
- (4) mental injury as defined in subdivision 2, paragraph (m); or
- (5) maltreatment of a child in a facility as defined in subdivision 2, paragraph (i).

(g) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(h) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

(i) When determining whether the facility or individual is the responsible party, or whether both the facility and the individual are responsible for determined maltreatment in a facility, the investigating agency shall consider at least the following mitigating factors:

(1) whether the actions of the facility or the individual caregivers were according to, and followed the terms of, an erroneous physician order, prescription, individual care plan, or directive; however, this is not a mitigating factor when the facility or caregiver was responsible for the issuance of the erroneous order, prescription, individual care plan, or directive or knew or should have known of the errors and took no reasonable measures to correct the defect before administering care;

(2) comparative responsibility between the facility, other caregivers, and requirements placed upon an employee, including the facility's compliance with related regulatory standards and the adequacy of facility policies and procedures, facility training, an individual's participation in the training, the caregiver's supervision, and facility staffing levels and the scope of the individual employee's authority and discretion; and

(3) whether the facility or individual followed professional standards in exercising professional judgment.

(j) Notwithstanding paragraph (i), when maltreatment is determined to have been committed by an individual who is also the facility license holder, both the individual and the facility must be determined responsible for the maltreatment, and both the background study disqualification standards under section 245C.15, subdivision 4, and the licensing actions under sections 245A.06 or 245A.07 apply.

(k) Individual counties may implement more detailed definitions or criteria that indicate which allegations to investigate, as long as a county's policies are consistent with the definitions in the statutes and rules and are approved by the county board. Each local welfare agency shall periodically inform mandated reporters under subdivision 3 who work in the county of the definitions of maltreatment in the statutes and rules and any additional definitions or criteria that have been approved by the county board.

Sec. 45. Minnesota Statutes 2008, section 626.556, subdivision 10f, is amended to read:

Subd. 10f. **Notice of determinations.** Within ten working days of the conclusion of a family assessment, the local welfare agency shall notify the parent or guardian of the child of the need for services to address child safety concerns or significant risk of subsequent child maltreatment. The local welfare agency and the family may also jointly agree that family support and family preservation services are needed. Within ten working days of the conclusion of an investigation, the local welfare agency or agency responsible for assessing or investigating the report shall notify the parent or guardian of the child, the person determined to be maltreating the child, and if applicable, the director of the facility, of the determination and a summary of the specific reasons for the determination. When the investigation involves a child foster care setting that is monitored by a private licensing agency under section 245A.16, the local welfare agency

responsible for assessing or investigating the report shall notify the private licensing agency of the determination and shall provide a summary of the specific reasons for the determination. The notice to the private licensing agency must include identifying private data, but not the identity of the reporter of maltreatment. The notice must also include a certification that the information collection procedures under subdivision 10, paragraphs (h), (i), and (j), were followed and a notice of the right of a data subject to obtain access to other private data on the subject collected, created, or maintained under this section. In addition, the notice shall include the length of time that the records will be kept under subdivision 11c. The investigating agency shall notify the parent or guardian of the child who is the subject of the report, and any person or facility determined to have maltreated a child, of their appeal or review rights under this section or section 256.022. The notice must also state that a finding of maltreatment may result in denial of a license application or background study disqualification under chapter 245C related to employment or services that are licensed by the Department of Human Services under chapter 245A, the Department of Health under chapter 144 or 144A, the Department of Corrections under section 241.021, and from providing services related to an unlicensed personal care provider organization under chapter 256B.

Sec. 46. Minnesota Statutes 2008, section 626.557, subdivision 9c, is amended to read:

Subd. 9c. **Lead agency; notifications, dispositions, determinations.** (a) Upon request of the reporter, the lead agency shall notify the reporter that it has received the report, and provide information on the initial disposition of the report within five business days of receipt of the report, provided that the notification will not endanger the vulnerable adult or hamper the investigation.

(b) Upon conclusion of every investigation it conducts, the lead agency shall make a final disposition as defined in section 626.5572, subdivision 8.

(c) When determining whether the facility or individual is the responsible party for substantiated maltreatment or whether both the facility and the individual are responsible for substantiated maltreatment, the lead agency shall consider at least the following mitigating factors:

(1) whether the actions of the facility or the individual caregivers were in accordance with, and followed the terms of, an erroneous physician order, prescription, resident care plan, or directive. This is not a mitigating factor when the facility or caregiver is responsible for the issuance of the erroneous order, prescription, plan, or directive or knows or should have known of the errors and took no reasonable measures to correct the defect before administering care;

(2) the comparative responsibility between the facility, other caregivers, and requirements placed upon the employee, including but not limited to, the facility's compliance with related regulatory standards and factors such as the adequacy of facility policies and procedures, the adequacy of facility training, the adequacy of an individual's participation in the training, the adequacy of caregiver supervision, the adequacy of facility staffing levels, and a consideration of the scope of the individual employee's authority; and

(3) whether the facility or individual followed professional standards in exercising professional judgment.

(d) When substantiated maltreatment is determined to have been committed by an individual who is also the facility license holder, both the individual and the facility

must be determined responsible for the maltreatment, and both the background study disqualification standards under section 245C.15, subdivision 4, and the licensing actions under section 245A.06 or 245A.07 apply.

(e) The lead agency shall complete its final disposition within 60 calendar days. If the lead agency is unable to complete its final disposition within 60 calendar days, the lead agency shall notify the following persons provided that the notification will not endanger the vulnerable adult or hamper the investigation: (1) the vulnerable adult or the vulnerable adult's legal guardian, when known, if the lead agency knows them to be aware of the investigation; and (2) the facility, where applicable. The notice shall contain the reason for the delay and the projected completion date. If the lead agency is unable to complete its final disposition by a subsequent projected completion date, the lead agency shall again notify the vulnerable adult or the vulnerable adult's legal guardian, when known if the lead agency knows them to be aware of the investigation, and the facility, where applicable, of the reason for the delay and the revised projected completion date provided that the notification will not endanger the vulnerable adult or hamper the investigation. A lead agency's inability to complete the final disposition within 60 calendar days or by any projected completion date does not invalidate the final disposition.

~~(e)~~ (f) Within ten calendar days of completing the final disposition, the lead agency shall provide a copy of the public investigation memorandum under subdivision 12b, paragraph (b), clause (1), when required to be completed under this section, to the following persons: (1) the vulnerable adult, or the vulnerable adult's legal guardian, if known unless the lead agency knows that the notification would endanger the well-being of the vulnerable adult; (2) the reporter, if the reporter requested notification when making the report, provided this notification would not endanger the well-being of the vulnerable adult; (3) the alleged perpetrator, if known; (4) the facility; and (5) the ombudsman for long-term care, or the ombudsman for mental health and developmental disabilities, as appropriate.

~~(f)~~ (g) The lead agency shall notify the vulnerable adult who is the subject of the report or the vulnerable adult's legal guardian, if known, and any person or facility determined to have maltreated a vulnerable adult, of their appeal or review rights under this section or section 256.021.

~~(g)~~ (h) The lead agency shall routinely provide investigation memoranda for substantiated reports to the appropriate licensing boards. These reports must include the names of substantiated perpetrators. The lead agency may not provide investigative memoranda for inconclusive or false reports to the appropriate licensing boards unless the lead agency's investigation gives reason to believe that there may have been a violation of the applicable professional practice laws. If the investigation memorandum is provided to a licensing board, the subject of the investigation memorandum shall be notified and receive a summary of the investigative findings.

~~(h)~~ (i) In order to avoid duplication, licensing boards shall consider the findings of the lead agency in their investigations if they choose to investigate. This does not preclude licensing boards from considering other information.

~~(i)~~ (j) The lead agency must provide to the commissioner of human services its final dispositions, including the names of all substantiated perpetrators. The commissioner of human services shall establish records to retain the names of substantiated perpetrators.

Sec. 47. Minnesota Statutes 2008, section 626.557, subdivision 12b, is amended to read:

Subd. 12b. **Data management.** (a) In performing any of the duties of this section as a lead agency, the county social service agency shall maintain appropriate records. Data collected by the county social service agency under this section are welfare data under section 13.46. Notwithstanding section 13.46, subdivision 1, paragraph (a), data under this paragraph that are inactive investigative data on an individual who is a vendor of services are private data on individuals, as defined in section 13.02. The identity of the reporter may only be disclosed as provided in paragraph (c).

Data maintained by the common entry point are confidential data on individuals or protected nonpublic data as defined in section 13.02. Notwithstanding section 138.163, the common entry point shall destroy data three calendar years after date of receipt.

(b) The commissioners of health and human services shall prepare an investigation memorandum for each report alleging maltreatment investigated under this section. County social service agencies must maintain private data on individuals but are not required to prepare an investigation memorandum. During an investigation by the commissioner of health or the commissioner of human services, data collected under this section are confidential data on individuals or protected nonpublic data as defined in section 13.02. Upon completion of the investigation, the data are classified as provided in clauses (1) to (3) and paragraph (c).

(1) The investigation memorandum must contain the following data, which are public:

- (i) the name of the facility investigated;
- (ii) a statement of the nature of the alleged maltreatment;
- (iii) pertinent information obtained from medical or other records reviewed;
- (iv) the identity of the investigator;
- (v) a summary of the investigation's findings;
- (vi) statement of whether the report was found to be substantiated, inconclusive, false, or that no determination will be made;
- (vii) a statement of any action taken by the facility;
- (viii) a statement of any action taken by the lead agency; and
- (ix) when a lead agency's determination has substantiated maltreatment, a statement of whether an individual, individuals, or a facility were responsible for the substantiated maltreatment, if known.

The investigation memorandum must be written in a manner which protects the identity of the reporter and of the vulnerable adult and may not contain the names or, to the extent possible, data on individuals or private data listed in clause (2).

(2) Data on individuals collected and maintained in the investigation memorandum are private data, including:

- (i) the name of the vulnerable adult;
- (ii) the identity of the individual alleged to be the perpetrator;

- (iii) the identity of the individual substantiated as the perpetrator; and
- (iv) the identity of all individuals interviewed as part of the investigation.

(3) Other data on individuals maintained as part of an investigation under this section are private data on individuals upon completion of the investigation.

(c) After the assessment or investigation is completed, the name of the reporter must be confidential. The subject of the report may compel disclosure of the name of the reporter only with the consent of the reporter or upon a written finding by a court that the report was false and there is evidence that the report was made in bad faith. This subdivision does not alter disclosure responsibilities or obligations under the Rules of Criminal Procedure, except that where the identity of the reporter is relevant to a criminal prosecution, the district court shall do an in-camera review prior to determining whether to order disclosure of the identity of the reporter.

(d) Notwithstanding section 138.163, data maintained under this section by the commissioners of health and human services must be destroyed under the following schedule:

- (1) data from reports determined to be false, two years after the finding was made;
- (2) data from reports determined to be inconclusive, four years after the finding was made;
- (3) data from reports determined to be substantiated, seven years after the finding was made; and
- (4) data from reports which were not investigated by a lead agency and for which there is no final disposition, two years from the date of the report.

(e) The commissioners of health and human services shall each annually report to the legislature and the governor on the number and type of reports of alleged maltreatment involving licensed facilities reported under this section, the number of those requiring investigation under this section, and the resolution of those investigations. The report shall identify:

- (1) whether and where backlogs of cases result in a failure to conform with statutory time frames;
 - (2) where adequate coverage requires additional appropriations and staffing; and
 - (3) any other trends that affect the safety of vulnerable adults.
- (f) Each lead agency must have a record retention policy.

(g) Lead agencies, prosecuting authorities, and law enforcement agencies may exchange not public data, as defined in section 13.02, if the agency or authority requesting the data determines that the data are pertinent and necessary to the requesting agency in initiating, furthering, or completing an investigation under this section. Data collected under this section must be made available to prosecuting authorities and law enforcement officials, local county agencies, and licensing agencies investigating the alleged maltreatment under this section. The lead agency shall exchange not public data with the vulnerable adult maltreatment review panel established in section 256.021 if the data are pertinent and necessary for a review requested under that section. Upon completion of the review, not public data received by the review panel must be returned to the lead agency.

(h) Each lead agency shall keep records of the length of time it takes to complete its investigations.

(i) A lead agency may notify other affected parties and their authorized representative if the agency has reason to believe maltreatment has occurred and determines the information will safeguard the well-being of the affected parties or dispel widespread rumor or unrest in the affected facility.

(j) Under any notification provision of this section, where federal law specifically prohibits the disclosure of patient identifying information, a lead agency may not provide any notice unless the vulnerable adult has consented to disclosure in a manner which conforms to federal requirements.

Sec. 48. Minnesota Statutes 2008, section 626.5572, subdivision 13, is amended to read:

Subd. 13. **Lead agency.** "Lead agency" is the primary administrative agency responsible for investigating reports made under section 626.557.

(a) The Department of Health is the lead agency for the facilities which are licensed or are required to be licensed as hospitals, home care providers, nursing homes, residential care homes, ~~or~~ boarding care homes, or residential facilities that are also federally certified as intermediate care facilities that serve people with developmental disabilities.

(b) The Department of Human Services is the lead agency for the programs licensed or required to be licensed as adult day care, adult foster care, programs for people with developmental disabilities, mental health programs, or ~~chemical health programs, or personal care provider organizations.~~
