2.1 (3) a county or a district court may request the commissioner of corrections to furnish
2.2 probation services in accordance with the provisions of this section, and the commissioner
2.3 of corrections shall furnish such services to any county or court that fails to provide its own

 11.18 the facilities and programs operated under the plans. The commissioner is hereby authorized
 11.19 to enter upon any facility operated under the plan, and inspect books and records, for purposes
 11.20 of recommending needed changes or improvements.

11.21 When the commissioner shall determine that there are reasonable grounds to believe
 11.22 that a ~~county~~ CCA jurisdiction or group of counties is not in substantial compliance with
 11.23 minimum standards, at least 30 days' notice shall be given to the county ~~or counties~~ CCA
 11.24 jurisdiction and a hearing conducted by the commissioner to ascertain whether there is
 11.25 substantial compliance or satisfactory progress being made toward compliance. The
 11.26 commissioner may suspend all or a portion of any subsidy until the required standard of
 11.27 operation has been met.

11.28 Sec. 11. Minnesota Statutes 2022, section 401.08, subdivision 2, is amended to read:

11.29 Subd. 2. **Appointment; terms.** The members of the corrections advisory board shall be
 11.30 appointed by the board of county commissioners ~~or~~, the joint board in the case of multiple
 11.31 counties, or a Tribal nation and shall serve for terms of two years from and after the date
 11.32 of their appointment, and shall remain in office until their successors are duly appointed.
 11.33 The board may elect its own officers.

12.1 Sec. 12. Minnesota Statutes 2022, section 401.08, subdivision 4, is amended to read:

12.2 Subd. 4. **Comprehensive plan.** The corrections advisory board provided in sections
 12.3 401.01 to 401.16, shall actively participate in the formulation of the comprehensive plan
 12.4 for the development, implementation, and operation of the correctional program and services
 12.5 described in section 401.01, and shall make a formal recommendation to the county board,
 12.6 Tribal governance, or joint board at least annually concerning the comprehensive plan and
 12.7 its implementation during the ensuing year.

12.8 Sec. 13. Minnesota Statutes 2022, section 401.09, is amended to read:

12.9 **401.09 OTHER SUBSIDY PROGRAMS; PURCHASE OF STATE SERVICES.**

12.10 Failure of a ~~county~~ CCA jurisdiction or group of counties to elect to come within the
 12.11 provisions of sections 401.01 to 401.16 shall not affect their eligibility for any other state
 12.12 subsidy for correctional purposes otherwise provided by law. Any comprehensive plan
 12.13 submitted pursuant to sections 401.01 to 401.16 may include the purchase of selected
 12.14 correctional services from the state by contract, including the temporary detention and
 12.15 confinement of persons convicted of crime or adjudicated delinquent; confinement to be in
 12.16 an appropriate state facility as otherwise provided by law. The commissioner shall annually
 12.17 determine the costs of the purchase of services under this section and deduct them from the
 12.18 subsidy due and payable to the county or counties concerned; provided that no contract
 12.19 shall exceed in cost the amount of subsidy to which the participating county or counties are
 12.20 eligible.

12.21 Sec. 14. Minnesota Statutes 2022, section 401.10, subdivision 1, is amended to read:

12.22 Subdivision 1. **Aid calculations.** To determine the community corrections aid amount
 12.23 to be paid to each participating county, the commissioner of corrections must apply the
 12.24 following formula:

12.25 (1) For each of the 87 counties in the state, a percent score must be calculated for each
 12.26 of the following five factors:

12.27 (i) percent of the total state population aged ten to 24 residing within the county according
 12.28 to the most recent federal census, and, in the intervening years between the taking of the
 12.29 federal census, according to the most recent estimate of the state demographer;

12.30 (ii) percent of the statewide total number of felony case filings occurring within the
 12.31 county, as determined by the state court administrator;

13.1 (iii) percent of the statewide total number of juvenile case filings occurring within the
13.2 county, as determined by the state court administrator;

13.3 (iv) percent of the statewide total number of gross misdemeanor case filings occurring
13.4 within the county, as determined by the state court administrator; and

13.5 (v) percent of the total statewide number of convicted felony offenders who did not
13.6 receive an executed prison sentence, as monitored and reported by the Sentencing Guidelines
13.7 Commission.

13.8 The percents in items (ii) to (v) must be calculated by combining the most recent
13.9 three-year period of available data. The percents in items (i) to (v) each must sum to 100
13.10 percent across the 87 counties.

13.11 (2) For each of the 87 counties, the county's percents in clause (1), items (i) to (v), must
13.12 be weighted, summed, and divided by the sum of the weights to yield an average percent
13.13 for each county, referred to as the county's "composite need percent." When performing
13.14 this calculation, the weight for each of the percents in clause (1), items (i) to (v), is 1.0. The
13.15 composite need percent must sum to 100 percent across the 87 counties.

13.16 (3) For each of the 87 counties, the county's "adjusted net tax capacity percent" is the
13.17 county's adjusted net tax capacity amount, defined in the same manner as it is defined for
13.18 cities in section 477A.011, subdivision 20, divided by the statewide total adjusted net tax
13.19 capacity amount. The adjusted net tax capacity percent must sum to 100 percent across the
13.20 87 counties.

13.21 (4) For each of the 87 counties, the county's composite need percent must be divided by
13.22 the county's adjusted net tax capacity percent to produce a ratio that, when multiplied by
13.23 the county's composite need percent, results in the county's "tax base adjusted need percent."

13.24 (5) For each of the 87 counties, the county's tax base adjusted need percent must be
13.25 added to twice the composite need percent, and the sum must be divided by 3, to yield the
13.26 county's "weighted need percent."

13.27 (6) Each participating county's weighted need percent must be added to the weighted
13.28 need percent of each other participating county to yield the "total weighted need percent
13.29 for participating counties."

13.30 (7) Each participating county's weighted need percent must be divided by the total
13.31 weighted need percent for participating counties to yield the county's "share percent." The
13.32 share percents for participating counties must sum to 100 percent.

14.1 (8) Each participating county's "base funding amount" is the aid amount that the county
14.2 received under this section for fiscal year 1995 plus the amount received in caseload or
14.3 workload reduction, felony caseload reduction, and sex offender supervision grants in fiscal
14.4 year 2015, as reported by the commissioner of corrections. In fiscal year 1997 and thereafter,
14.5 no county's aid amount under this section may be less than its base funding amount, provided
14.6 that the total amount appropriated for this purpose is at least as much as the aggregate base
14.7 funding amount defined in clause (9).

14.8 (9) The "aggregate base funding amount" is equal to the sum of the base funding amounts
14.9 for all participating counties. If a county that participated under this section chooses not to
14.10 participate in any given year, then the aggregate base funding amount must be reduced by
14.11 that county's base funding amount. If a county that did not participate under this section in
14.12 fiscal year 1995 chooses to participate on or after July 1, 2015, then the aggregate base
14.13 funding amount must be increased by the amount of aid that the county would have received
14.14 had it participated in fiscal year 1995 plus the estimated amount it would have received in
14.15 caseload or workload reduction, felony caseload reduction, and sex offender supervision
14.16 grants in fiscal year 2015, as reported by the commissioner of corrections, and the amount
14.17 of increase shall be that county's base funding amount.

14.18 (10) In any given year, the total amount appropriated for this purpose first must be
14.19 allocated to participating counties in accordance with each county's base funding amount.
14.20 Then, any remaining amount in excess of the aggregate base funding amount must be
14.21 allocated to participating counties in proportion to each county's share percent, and is referred
14.22 to as the county's "formula amount."

14.23 Each participating county's "community corrections aid amount" equals the sum of (i)
14.24 the county's base funding amount, and (ii) the county's formula amount.

14.25 (11) However, if in any year the total amount appropriated for the purpose of this section
14.26 is less than the aggregate base funding amount, then each participating county's community
14.27 corrections aid amount is the product of (i) the county's base funding amount multiplied by
14.28 (ii) the ratio of the total amount appropriated to the aggregate base funding amount.

14.29 For each participating county, the county's community corrections aid amount calculated
14.30 in this subdivision is the total amount of subsidy to which the county is entitled under
14.31 sections 401.01 to 401.16.

14.32 For each Minnesota federally recognized Tribal nation, a base funding amount of
14.33 \$250,000 shall be allotted annually through legislative appropriation to each Tribal nation
14.34 for the purchase of probation services regardless of a CCA jurisdiction. An additional

15.1 formula amount as appropriated through legislation shall be developed and approved by
15.2 the commissioner of corrections for equitable distribution for Tribal nations under a CCA
15.3 jurisdiction.

15.4 Sec. 15. Minnesota Statutes 2022, section 401.12, is amended to read:

15.5 **401.12 CONTINUATION OF CURRENT SPENDING LEVEL BY COUNTIES.**

15.6 Participating counties or Tribal nations shall not diminish their current level of spending
15.7 for correctional expenses as defined in section 401.01, to the extent of any subsidy received
15.8 pursuant to sections 401.01 to 401.16; rather the subsidy herein provided is for the
15.9 expenditure for correctional purposes in excess of those funds currently being expended.
15.10 Should a participating ~~county~~ CCA jurisdiction be unable to expend the full amount of the
15.11 subsidy to which it would be entitled in any one year under the provisions of sections 401.01
15.12 to 401.16, the commissioner shall retain the surplus, subject to disbursement in the following
15.13 year wherein such ~~county~~ CCA jurisdiction can demonstrate a need for and ability to expend
15.14 same for the purposes provided in section 401.01. If in any biennium the subsidy is increased
15.15 by an inflationary adjustment which results in the ~~county~~ CCA jurisdiction receiving more
15.16 actual subsidy than it did in the previous calendar year, the ~~county~~ CCA jurisdiction shall
15.17 be eligible for that increase only if the current level of spending is increased by a percentage
15.18 equal to that increase within the same biennium.

15.19 Sec. 16. Minnesota Statutes 2022, section 401.14, subdivision 1, is amended to read:

15.20 Subdivision 1. **Payment.** Upon compliance by a ~~county~~ CCA jurisdiction or group of
15.21 counties with the prerequisites for participation in the subsidy prescribed by sections 401.01
15.22 to 401.16, and approval of the comprehensive plan by the commissioner, the commissioner
15.23 shall determine whether funds exist for the payment of the subsidy and proceed to pay same
15.24 in accordance with applicable rules.

15.25 Sec. 17. Minnesota Statutes 2022, section 401.14, subdivision 3, is amended to read:

15.26 Subd. 3. **Installment payments.** The commissioner of corrections shall make payments
15.27 for community corrections services to each ~~county~~ CCA jurisdiction in 12 installments per
15.28 year. The commissioner shall ensure that the pertinent payment of the allotment for each
15.29 month is made to each county on the first working day after the end of each month of the
15.30 calendar year, except for the last month of the calendar year. The commissioner shall ensure
15.31 that each ~~county~~ CCA jurisdiction receives its payment of the allotment for that month no

16.1 later than the last working day of that month. The payment described in this subdivision for
 16.2 services rendered during June 1985 shall be made on the first working day of July 1985.

16.3 Sec. 18. Minnesota Statutes 2022, section 401.15, subdivision 1, is amended to read:

16.4 Subdivision 1. **Certified statements; determinations; adjustments.** Within 60 days
 16.5 of the end of each calendar quarter, participating ~~counties~~ CCA jurisdictions which have
 16.6 received the payments authorized by section 401.14 shall submit to the commissioner
 16.7 certified statements detailing the amounts expended and costs incurred in furnishing the
 16.8 correctional services provided in sections 401.01 to 401.16. Upon receipt of certified
 16.9 statements, the commissioner shall, in the manner provided in sections 401.10 and 401.12,
 16.10 determine the amount each participating county is entitled to receive, making any adjustments
 16.11 necessary to rectify any disparity between the amounts received pursuant to the estimate
 16.12 provided in section 401.14 and the amounts actually expended. If the amount received
 16.13 pursuant to the estimate is greater than the amount actually expended during the quarter,
 16.14 the commissioner may withhold the difference from any subsequent monthly payments
 16.15 made pursuant to section 401.14. Upon certification by the commissioner of the amount a
 16.16 participating ~~county~~ CCA jurisdiction is entitled to receive under the provisions of section
 16.17 401.14 or of this subdivision the commissioner of management and budget shall thereupon
 16.18 issue a payment to the chief fiscal officer of each participating ~~county~~ CCA jurisdiction for
 16.19 the amount due together with a copy of the certificate prepared by the commissioner.

16.20 Sec. 19. Minnesota Statutes 2022, section 401.16, is amended to read:

16.21 **401.16 WITHDRAWAL FROM PROGRAM.**

16.22 Any participating ~~county~~ CCA jurisdiction may, at the beginning of any calendar quarter,
 16.23 by resolution of its board of commissioners, or Tribal council shall notify the commissioner
 16.24 of its intention to withdraw from the subsidy program established by sections 401.01 to
 16.25 401.16, and the withdrawal shall be effective at least six months of the last day of the last
 16.26 month of the quarter in which the notice was given. Upon withdrawal, the unexpended
 16.27 balance of moneys allocated to the county, or that amount necessary to reinstate state
 16.28 correctional services displaced by that county's participation, including complement positions,
 16.29 may, upon approval of the legislative advisory commission, be transferred to the
 16.30 commissioner for the reinstatement of the displaced services and the payment of any other
 16.31 correctional subsidies for which the withdrawing county had previously been eligible.
