15.17 Sec. 29. Minnesota Statutes 2023 Supplement, section 353G.08, subdivision 1, is amended
 15.18 to read:

15.19 Subdivision 1. **Annual Biennial funding requirements reports; lump-sum division.** (a)
 15.20 ~~Annually,~~ The executive director ~~shall~~ must determine the funding requirements ~~of~~ for each
 15.21 fire department account in the lump-sum division ~~of the statewide volunteer firefighter plan~~
 15.22 on or before August 1 every other year. The funding requirements computed under this
 15.23 subdivision must be determined using a mathematical procedure developed and certified
 15.24 as accurate by the approved actuary retained by the ~~Public Employees Retirement~~ association
 15.25 and must be based on present value factors using a six percent investment return rate, without
 15.26 any decrement assumptions. ~~The funding requirements~~ executive director ~~must be certified~~
 15.27 provide written notice of the funding requirements to the entity or entities associated with
 15.28 the fire department whose active firefighters are covered by the plan.

15.29 (b) The overall funding balance of each ~~lump-sum~~ fire department account for the current
 15.30 calendar year must be determined in the following manner:

15.31 (1) The total accrued liability for all active and deferred members of the ~~account~~ fire
 15.32 department as of December 31 of the current year must be calculated based on the service
 15.33 credit of active and deferred members as of that date.

16.1 (2) The ~~total-present~~ assets of the fire department account projected to December 31 of
16.2 the current year, including receipts by and disbursements from the account anticipated to
16.3 occur on or before December 31, must be calculated. ~~To the extent possible,~~ The market
16.4 executive director must begin phasing in the use of actuarial value of assets must be utilized
16.5 in making this calculation beginning with the funding reports for 2026.

16.6 (3) The amount of the ~~total-present~~ assets calculated under clause (2) must be subtracted
16.7 from the amount of the total accrued liability calculated under clause (1). If the amount of
16.8 ~~total-present~~ the assets exceeds the amount of the total accrued liability, then the account
16.9 is considered to have a surplus over full funding. If the amount of the ~~total-present~~ assets
16.10 is less than the amount of the total accrued liability, then the account is considered to have
16.11 a deficit from full funding. If the amount of ~~total-present~~ assets is equal to the amount of
16.12 the total accrued liability, then the ~~special fund~~ account is considered to be fully funded.

16.13 (c) The financial requirements of each ~~lump-sum account~~ fire department for the following
16.14 calendar year must be determined in the following manner:

16.15 (1) The total accrued liability for all active and deferred members of the ~~account~~ fire
16.16 department as of December 31 of the calendar year next following the current calendar year
16.17 must be calculated based on the service used in the calculation under paragraph (b), clause
16.18 (1), increased by one year.

16.19 (2) The increase in the total accrued liability of the account for the following calendar
16.20 year over the total accrued liability of the account for the current year must be calculated.

16.21 (3) The amount of administrative expenses of the account must be calculated by
16.22 multiplying the per-person dollar amount of the administrative expenses for the most recent
16.23 prior calendar year by the number of active and deferred firefighters reported to ~~PERA~~ the
16.24 association on the most recent service credit certification form for ~~each~~ the account.

16.25 (4) If the account is fully funded, the financial requirement of the account for the
16.26 following calendar year is the total of the amounts calculated under clauses (2) and (3).

16.27 (5) If the account has a deficit from full funding, the financial requirement of the account
16.28 for the following calendar year is the total of the amounts calculated under clauses (2) and
16.29 (3) plus an amount equal to one-tenth of the amount of the deficit from full funding of the
16.30 account.

16.31 (6) If the account has a surplus over full funding, the financial requirement of the account
16.32 for the following calendar year is the financial requirement of the account calculated as
16.33 though the account was fully funded under clause (4) and, if the account has also had a

17.1 surplus over full funding during the prior two years, additionally reduced by an amount
 17.2 equal to one-tenth of the amount of the surplus over full funding of the account.

17.3 (d) The required contribution of the entity or entities associated with the fire department
 17.4 whose active firefighters are covered by the lump-sum division is the annual financial
 17.5 requirements of the ~~lump-sum~~ fire department account of the plan under paragraph (c)
 17.6 reduced by the amount of any fire state aid payable under chapter 477B or police and

 17.9 entities during the following calendar year, and an amount of ~~interest~~ investment earnings
 17.10 on the assets projected to be received during the following calendar year calculated at the
 17.11 rate of six percent per annum. The required contribution must be allocated between the
 17.12 entities if more than one entity is involved. A reasonable amount of anticipated fire state
 17.13 aid is an amount that does not exceed the fire state aid ~~actually~~ received in the prior year
 17.14 multiplied by the factor 1.035.

17.15 (e) The financial requirement for each fire department account in the lump-sum division
 17.16 for the second year of the biennial valuation period must be in the amount determined in
 17.17 paragraph (d) increased by six percent, but no more than the excess, if any, of the amount
 17.18 determined under paragraph (c), clause (1), less the actual market value of assets in the fire
 17.19 department account as of that date.

17.20 ~~(e)~~ (f) The required contribution calculated in paragraph (d) must be paid to the retirement
 17.21 plan on or before December 31 of the year for which it was calculated. If the contribution
 17.22 is not received by the plan by December 31, it is payable with interest at an annual compound
 17.23 rate of six percent from the date due until the date payment is received by the plan. If the

 17.33 shortfall to the ~~municipality or municipalities and the municipality or municipalities shall~~
 17.34 participating employer, which must make an additional employer contribution to the account

18.1 within ten days of the certification. If more than one municipality participating employer
 18.2 is associated with the account, unless the municipalities participating employers agree to
 18.3 and implement a different allocation, the municipalities shall participating employers must
