FISCAL ANALYSIS

ASSUMPTION

§§188.207, 188.220, 208.152, 208.153, 208.164, and 208.659 – Prohibits public funds to any abortion facility, or to any affiliate or associate

In response to a previous version, officials from the **Office of Attorney General (AGO)** assumed any additional litigation costs arising from this proposal could be absorbed with existing personnel and resources. However, the AGO may seek additional appropriations if there is a significant increase in litigation.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **Office of Administration - Budget & Planning (B&P)** state this bill has no direct impact on B&P or on general and total state revenues. The B&P states it will not impact the calculation pursuant to Article X, Section 18(e).

Officials from the **Department of Commerce and Insurance**, the **Department of Mental Health**, the **Department of Social Services**, the **Missouri Office of Prosecution Services**, the **Office of Administration – Administrative Hearing Commission** and the **Newton County Health Department** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to a previous version, officials from the **Department of Health and Senior Services**, the **Office of the State Courts Administrator** and the **Office of the State Public Defender** each assumed the proposal would have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other local public health agencies, nursing homes, ambulance districts and hospitals were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in Oversight's database is available upon request.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what their office can sustain with their core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

<u>FISCAL IMPACT – Local Government</u>	FY 2025 (10 Mo.)	FY 2026	FY 2027
