

HB 2152 -- SCHOOL INNOVATION WAIVERS

SPONSOR: Henderson

This bill provides a definition for "school innovation team" and for "school innovation waiver" and allows school innovation teams to submit a plan to the State Board of Education (SBE) for a state innovation waiver for a variety of purposes as outlined in the bill.

Plans submitted to the SBE must include the provision of law for which the waiver is being requested, as well as demonstrate the necessity of the waiver, provide measurable performance targets and goals, and demonstrate support for the plan, along with additional requirements as provided in the bill.

The bill provides the SBE specific criteria for the evaluation of submitted plans and permits the SBE to make modifications to the plan with the cooperation of the school innovation team.

School innovation waivers are only effective for three years beginning the school year following the approval and may be renewed. Only one waiver may be in effect per school at a time, and specific restrictions to statutory requirements relating to school start date, teacher certification, teacher tenure, or any requirement imposed by federal law, are applicable

This bill is the similar to SB 662 (2022).
