FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note.

Officials from the **Department of Natural Resources, Missouri Department of Agriculture, Missouri House of Representatives** and **Missouri Senate** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Officials from the **Osceola Water/Wastewater, South River Drainage District, Metropolitan St. Louis Sewer District, St. Charles County Public Water Supply District #2** and **Wayne County Public Water Supply District #2** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Officials from the **Morgan County Public Water Supply District #2** assumed there would be a fiscal impact but did not indicate what that impact would be.

In response to a similar proposal from 2023 (HB 1129), officials from the **Missouri Department of Conservation, City of Kansas City** and **City of Springfield** each assumed the proposal would have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to a similar proposal from 2023 (HB 1129), officials from **Lexington Water** assumed there would be a fiscal impact from this proposal; however, they did not indicate what that fiscal impact would be.

Oversight is unable to determine any direct fiscal impact to these agencies. Oversight notes the proposal does not indicate a cost for the applicant to request a permit; therefore, Oversight will not reflect a fiscal impact.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other water supply districts and local political subdivisions were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.
