

HB 2375 -- FIREARM AMMUNITION SALES

SPONSOR: Bosley

Beginning January 1, 2023, only a licensed ammunition seller is permitted to sell firearm ammunition, subject to certain exemption provided for in the bill. Beginning September 1, 2022, the Secretary of State will accept applications for licensed ammunition sellers pursuant to eligibility criteria established by that office. The license will be valid for one year to sell ammunition from any location stated on the license or at a gun show or event.

Any person who sells firearm ammunition without a license shall be guilty of a class D misdemeanor. This does not apply to commercial and recreational shooting clubs during a lawful hunting activity.

A licensed ammunition seller is not permitted to employ a person who is prohibited by law to possess, receive, own, or purchase a firearm. No licensed ammunition seller shall sell, offer for sale, or display for sale any ammunition in a manner that allows the ammunition to be accessible to a purchaser without the assistance of the seller.

A person is prohibited from supplying, delivering, selling, or giving possession or control of any firearm ammunition to a person who is prohibited by a court order from owning or possessing firearm ammunition.

The sale, delivery, or transfer of firearm ammunition must occur face-to-face with a seller. Ammunition may be purchased over the Internet if the ammunition is first delivered to a licensed ammunition seller who verifies the purchaser.

Beginning January 1, 2023, no state resident, subject to certain exemption provided for in the bill, may bring or transport firearm ammunition into Missouri that the resident purchased outside of this state unless the resident first has the ammunition delivered to a licensed ammunition vendor in Missouri for delivery to the resident after the vendor verifies the purchaser.

This bill contains penalty provisions.

This bill is similar to HB 1052 (2021).
