Beginning with the 2007 fiscal year and each subsequent fiscal year, the general assembly shall appropriate fifteen million dollars to be directed in the following manner to school districts with an average daily attendance of [three] **four** hundred fifty students or less in the school year preceding the payment year:

(1) Ten million dollars shall be distributed to the eligible districts in proportion to their average daily attendance; and

(2) Five million dollars shall be directed to the eligible districts that have an operating levy for school purposes in the current year equal to or greater than the performance levy and any school districts which have an operating levy for school purposes in the current year less than the performance levy solely due to a modification of such district's levy required under subdivision (4) of subsection 5 of section 137.073. The total appropriation pursuant to this subdivision shall then be divided by the sum of the tax-rate-weighted average daily attendance of the eligible districts, and the resulting amount per tax-rate-weighted average
