31 identified as a priority school under sections 160.720 and 161.092. The report also shall  
32 identify attendance centers that have been categorized under federal law as needing  
33 improvement or requiring specific school improvement strategies.

68           **h. Other offenses that do not correspond to an enumerated category.**

69           **6.** The report card shall not limit or discourage other methods of public reporting and  
70 accountability by local school districts. Districts shall provide information included in the  
71 report card to parents, community members, the print and broadcast news media, and  
72 legislators by December first annually or as soon thereafter as the information is available to  
73 the district, giving preference to methods that incorporate the reporting into substantive  
74 official communications such as student report cards. The school district shall provide a  
75 printed copy of the district-level or school-level report card to any patron upon request and  
76 shall make reasonable efforts to supply businesses such as, but not limited to, real estate and  
77 employment firms with copies or other information about the reports so that parents and  
78 businesses from outside the district who may be contemplating relocation have access.

79           ~~6-~~ **7.** For purposes of completing and distributing the annual report card as  
80 prescribed in this section, a school district may include the data from a charter school located  
81 within such school district, provided the local board of education or special administrative

82 board for such district and the charter school reach mutual agreement for the inclusion of the  
83 data from the charter ~~[schools]~~ **school** and the terms of such agreement are approved by the  
84 state board of education. The charter school shall not be required to be a part of the local  
85 educational agency of such school district and may maintain a separate local educational  
86 agency status.

167.161. 1. The school board of any district, after notice to parents or others having  
2 custodial care and a hearing upon charges preferred, may suspend or expel a pupil for conduct  
3 which is prejudicial to good order and discipline in the schools or which tends to impair the  
4 morale or good conduct of the pupils. In addition to the authority granted in section 167.171,  
5 a school board may authorize, by general rule, the immediate removal of a pupil upon a  
6 finding by the principal, superintendent, or school board that the pupil poses a threat of harm  
7 to such pupil or others, as evidenced by the prior conduct of such pupil. ~~[Prior disciplinary  
8 actions shall not be used as the sole basis for removal, suspension or expulsion of a pupil.]~~  
9 Removal of any pupil who is a student with a disability is subject to state and federal  
10 procedural rights. At the hearing upon any such removal, suspension or expulsion, the board  
11 shall consider the evidence and statements that the parties present and **shall consider**  
12 **reasonable alternative measures to suspension from school or expulsion including, but**  
13 **not limited to, restorative justice techniques, alternative behavior strategies, responsive**  
14 **classroom interventions, and positive behavioral supports and interventions. The board**  
15 may consider records of past disciplinary actions, criminal court records or juvenile court  
16 records consistent with other provisions of the law, or the actions of the pupil which would  
17 constitute a criminal offense. The board may provide by general rule not inconsistent with  
18 this section for the procedure and conduct of such hearings. After meeting with the  
19 superintendent or ~~his~~ **the superintendent's** designee to discuss the expulsion, the parent,  
20 custodian or the student, if at least eighteen years of age, may, in writing, waive any right to a  
21 hearing before the board of education.

22 **2. No pupil shall be suspended from school or expelled if the sole basis for such**  
23 **removal is truancy, other absences from school, or prior disciplinary actions.**

24 **3. Except as otherwise provided in section 160.261 and this section, no pupil**  
25 **enrolled in preschool through grade three shall be suspended from school or expelled.**

26 **4.** The school board of any district, after notice to parents or others having custodial  
27 care and a hearing upon the matter, may suspend a pupil upon a finding that the pupil has  
28 been charged, convicted or pled guilty in a court of general jurisdiction for the commission of  
29 a felony criminal violation of state or federal law. At a hearing required by this subsection,  
30 the board shall consider statements that the parties present. The board may provide for the  
31 procedure and conduct of such hearings.

32           ~~[3-]~~ 5. The school board shall make a good-faith effort to have the parents or others  
33 having custodial care present at any such hearing. Notwithstanding any other provision of  
34 law to the contrary, student discipline hearings or proceedings related to the rights of students  
35 to attend school or to receive academic credit shall not be required to comply with the  
36 requirements applicable to contested case hearings as provided in chapter 536, provided that  
37 appropriate due process procedures shall be observed which shall include the right for a trial  
38 de novo by the circuit court.
