66 **to establish and support the program established in this section and any gifts, grants,**  
67 **bequests, and devises. The state treasurer shall be custodian of the fund and shall, along**  
68 **with the department of economic development, approve disbursements from the fund in**  
69 **accordance with sections 30.170 and 30.180. Upon appropriation, moneys in the fund shall**

74 **interest and moneys earned on such investments shall be credited to the fund.**

75           **10. The department of elementary and secondary education shall develop a process**  
76 **to approve applications for distribution of appropriated funds under this section. The**  
77 **department may promulgate all necessary rules and regulations for the administration of**  
78 **this section. Any rule or portion of a rule, as that term is defined in section 536.010, that**

80 **complies with and is subject to all of the provisions of chapter 536 and, if applicable,**  
81 **section 536.028. This section and chapter 536 are nonseverable, and if any of the powers**  
82 **vested with the general assembly pursuant to chapter 536 to review, to delay the effective**  
83 **date, or to disapprove and annul a rule are subsequently held unconstitutional, then the**  
84 **grant of rulemaking authority and any rule proposed or adopted after August 28, 2016,**  
85 **shall be invalid and void.**

86           **11. Under section 23.253 of the Missouri sunset act:**

87           **(1) The provisions of the new program authorized under this section shall**  
88 **automatically sunset six years after the effective date of this section unless reauthorized by**  
89 **an act of the general assembly; and**

90           **(2) If such program is reauthorized, the program authorized under this section**  
91 **shall automatically sunset twelve years after the effective date of the reauthorization of this**  
92 **section; and**

93           **(3) This section shall terminate on September first of the calendar year immediately**  
94 **following the calendar year in which the program authorized under this section is sunset.**

**161.1030. Prior to the beginning of the 2017-18 school year, the department of**  
2 **elementary and secondary education shall be required to update all data systems and the**  
3 **Missouri school improvement plan, including all scoring guides, to accommodate districts**  
4 **that wish to implement a proficiency-based instruction and promotion system within their**  
5 **schools.**

          162.1115. 1. Notwithstanding any provision of law to the contrary, no district shall be

4 department of elementary and secondary education but are not placed in occupations directly  
5 related to their training within six months of graduating.

6           2. The department of elementary and secondary education shall revise its scoring guide  
7 under the Missouri school improvement program to provide additional points to districts that

24 **rely on technical coursework and skills assessment developed for industry-recognized**  
25 **certificates or credentials.**

26           **5.** The department of elementary and secondary education shall permit student scores,  
27 that are from a nationally recognized examination that demonstrates achievement of workplace  
28 employability skills, to count towards credit for college and career readiness standards on the  
29 Missouri school improvement program or any subsequent school accreditation or improvement  
30 program.

          168.021. 1. Certificates of license to teach in the public schools of the state shall be  
2 granted as follows:

35 authority on whether to hire the holders of such certificates; [or]

36 (5) By the state board, under rules and regulations prescribed by it, on the basis of  
37 certification by the American Board for Certification of Teacher Excellence (ABCTE) and

39 of the following areas as validated by the school principal: sixty contact hours in the classroom,  
40 of which at least forty-five must be teaching; sixty contact hours as a substitute teacher, with at  
41 least thirty consecutive hours in the same classroom; sixty contact hours of teaching in a private

43 certificate of license to teach, except that such certificate shall not be granted for the areas of  
44 early childhood education, or special education. For certification in the area of elementary  
45 education, ninety contact hours in the classroom shall be required, of which at least thirty shall

61 **educational agency that the applicant will be employed if the license is issued; and**

62 **(c) Documentation of exceptional talent or outstanding distinction in one or more**  
63 **subjects or fields.**

64           2. All valid teaching certificates issued pursuant to law or state board policies and  
65 regulations prior to September 1, 1988, shall be exempt from the professional development  
66 requirements of this section and shall continue in effect until they expire, are revoked or  
67 suspended, as provided by law. When such certificates are required to be renewed, the state  
68 board or its designee shall grant to each holder of such a certificate the certificate most nearly  
69 equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II,  
70 or continuous professional certificate shall, upon expiration of his or her current certificate, be  
71 issued the appropriate level of certificate based upon the classification system established  
72 pursuant to subsection 3 of this section.

73           3. Certificates of license to teach in the public schools of the state shall be based upon  
74 minimum requirements prescribed by the state board of education which shall include  
75 completion of a background check as prescribed in section 168.133. The state board shall  
76 provide for the following levels of professional certification: an initial professional certificate  
77 and a career continuous professional certificate.

78           (1) The initial professional certificate shall be issued upon completion of requirements  
79 established by the state board of education and shall be valid based upon verification of actual  
80 teaching within a specified time period established by the state board of education. The state  
81 board shall require holders of the four-year initial professional certificate to:

82           (a) Participate in a mentoring program approved and provided by the district for a  
83 minimum of two years;

84           (b) Complete thirty contact hours of professional development, which may include hours  
85 spent in class in an appropriate college curriculum, or for holders of a certificate under  
86 subdivision (4) of subsection 1 of this section, an amount of professional development in  
87 proportion to the certificate holder's hours in the classroom, if the certificate holder is employed  
88 less than full time; and

89           (c) Participate in a beginning teacher assistance program.

90           (2) (a) The career continuous professional certificate shall be issued upon verification  
91 of completion of four years of teaching under the initial professional certificate and upon  
92 verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of  
93 subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of  
94 subsection 1 of this section.

95           (b) The career continuous professional certificate shall be continuous based upon  
96 verification of actual employment in an educational position as provided for in state board  
97 guidelines and completion of fifteen contact hours of professional development per year which  
98 may include hours spent in class in an appropriate college curriculum. Should the possessor of  
99 a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour

100 professional development requirement, the possessor may, within two years, make up the  
101 missing hours. In order to make up for missing hours, the possessor shall first complete the  
102 fifteen-hour requirement for the current year and then may count hours in excess of the current  
103 year requirement as make-up hours. Should the possessor fail to make up the missing hours  
104 within two years, the certificate shall become inactive. In order to reactivate the certificate, the  
105 possessor shall complete twenty-four contact hours of professional development which may  
106 include hours spent in the classroom in an appropriate college curriculum within the six months  
107 prior to or after reactivating his or her certificate. The requirements of this paragraph shall be  
108 monitored and verified by the local school district which employs the holder of the career  
109 continuous professional certificate.

110 (c) A holder of a career continuous professional certificate shall be exempt from the  
111 professional development contact hour requirements of paragraph (b) of this subdivision if such  
112 teacher has a local professional development plan in place within such teacher's school district  
113 and meets two of the three following criteria:

- 114 a. Has ten years of teaching experience as defined by the state board of education;
  - 115 b. Possesses a master's degree; or
  - 116 c. Obtains a rigorous national certification as approved by the state board of education.
- 117 4. Policies and procedures shall be established by which a teacher who was not retained  
118 due to a reduction in force may retain the current level of certification. There shall also be  
119 established policies and procedures allowing a teacher who has not been employed in an  
120 educational position for three years or more to reactivate his or her last level of certification by  
121 completing twenty-four contact hours of professional development which may include hours  
122 spent in the classroom in an appropriate college curriculum within the six months prior to or after  
123 reactivating his or her certificate.

124 5. The state board shall, upon completion of a background check as prescribed in section  
125 168.133, issue a professional certificate classification in the areas most closely aligned with an  
126 applicant's current areas of certification, commensurate with the years of teaching experience of  
127 the applicant, to any person who is hired to teach in a public school in this state and who  
128 possesses a valid teaching certificate from another state or certification under subdivision (4) of  
129 subsection 1 of this section, provided that the certificate holder shall annually complete the state  
130 board's requirements for such level of certification, and shall establish policies by which  
131 residents of states other than the state of Missouri may be assessed a fee for a certificate of  
132 license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to  
133 recover any or all costs associated with the issuing of a certificate of license to teach. The board  
134 shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall

135 allow the holder to assume classroom duties pending the completion of a criminal background  
136 check under section 168.133, for any applicant who:

- 137 (1) Is the spouse of a member of the Armed Forces stationed in Missouri;  
138 (2) Relocated from another state within one year of the date of application;  
139 (3) Underwent a criminal background check in order to be issued a teaching certificate  
140 of license from another state; and  
141 (4) Otherwise qualifies under this section.

142 6. The state board may assess to holders of an initial professional certificate a fee, to be  
143 deposited into the excellence in education revolving fund established pursuant to section  
144 160.268, for the issuance of the career continuous professional certificate. However, such fee  
145 shall not exceed the combined costs of issuance and any criminal background check required as  
146 a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any  
147 fees associated with the program leading to the issuance of the certificate, but nothing in this  
148 section shall prohibit a district from developing a policy that permits fee reimbursement.

149 7. Any member of the public school retirement system of Missouri who entered covered  
150 employment with ten or more years of educational experience in another state or states and held  
151 a certificate issued by another state and subsequently worked in a school district covered by the  
152 public school retirement system of Missouri for ten or more years who later became certificated  
153 in Missouri shall have that certificate dated back to his or her original date of employment in a  
154 Missouri public school.

155 **8. Any rule or portion of a rule, as that term is defined in section 536.010, that is**  
156 **created under the authority delegated in this section shall become effective only if it**  
157 **complies with and is subject to all of the provisions of chapter 536 and, if applicable,**  
158 **section 536.028. This section and chapter 536 are nonseverable, and if any of the powers**  
159 **vested with the general assembly pursuant to chapter 536 to review, to delay the effective**  
160 **date, or to disapprove and annul a rule are subsequently held unconstitutional, then the**  
161 **grant of rulemaking authority and any rule proposed or adopted after August 28, 2016,**  
162 **shall be invalid and void.**
