28 (3) The minor has been granted the right to self-consent to the abortion by court order

32 has given its informed written consent in accordance with subsection 2 of this section, and the  
33 minor is having the abortion willingly, in compliance with subsection 3 of this section.

34 2. The right of a minor to self-consent to an abortion under subdivision (3) of  
35 subsection 1 of this section or court consent under subdivision (4) of subsection 1 of this  
36 section may be granted by a court pursuant to the following procedures:

37 (1) The minor or next friend shall make an application to the juvenile court which  
38 shall assist the minor or next friend in preparing the petition and notices required pursuant to  
39 this section. The minor or the next friend of the minor shall thereafter file a petition setting  
40 forth the initials of the minor; the age of the minor; the names and addresses of each parent,  
41 guardian, or, if the minor's parents are deceased and no guardian has been appointed, any  
42 other person standing in loco parentis of the minor; that the minor has been fully informed of  
43 the risks and consequences of the abortion; that the minor is of sound mind and has sufficient  
44 intellectual capacity to consent to the abortion; that, if the court does not grant the minor  
45 majority rights for the purpose of consent to the abortion, the court should find that the  
46 abortion is in the best interest of the minor and give judicial consent to the abortion; that the  
47 court should appoint a guardian ad litem of the child; and if the minor does not have private  
48 counsel, that the court should appoint counsel. The petition shall be signed by the minor or  
49 the next friend;

50 (2) A hearing on the merits of the petition, to be held on the record, shall be held as  
51 soon as possible within five days of the filing of the petition. If any party is unable to afford  
52 counsel, the court shall appoint counsel at least twenty-four hours before the time of the  
53 hearing. At the hearing, the court shall hear evidence relating to the emotional development,  
54 maturity, intellect and understanding of the minor; the nature, possible consequences, and  
55 alternatives to the abortion; and any other evidence that the court may find useful in  
56 determining whether the minor should be granted majority rights for the purpose of  
57 consenting to the abortion or whether the abortion is in the best interests of the minor;

58 (3) In the decree, the court shall for good cause:

59 (a) Grant the petition for majority rights for the purpose of consenting to the abortion;

60 (b) Find the abortion to be in the best interests of the minor and give judicial consent  
61 to the abortion, setting forth the grounds for so finding; or

62 (c) Deny the petition, setting forth the grounds on which the petition is denied;

63 (4) If the petition is allowed, the informed consent of the minor, pursuant to a court  
64 grant of majority rights, or the judicial consent, shall bar an action by the parents or guardian  
65 of the minor on the grounds of battery of the minor by those performing or inducing the  
66 abortion. The immunity granted shall only extend to the performance or induction of the  
67 abortion in accordance herewith and any necessary accompanying services which are  
68 performed in a competent manner. The costs of the action shall be borne by the parties;

69 (5) An appeal from an order issued under the provisions of this section may be taken  
70 to the court of appeals of this state by the minor or by a parent or guardian of the minor. The  
71 notice of intent to appeal shall be given within twenty-four hours from the date of issuance of  
72 the order. The record on appeal shall be completed and the appeal shall be perfected within  
73 five days from the filing of notice to appeal. Because time may be of the essence regarding  
74 the performance or induction of the abortion, the supreme court of this state shall, by court  
75 rule, provide for expedited appellate review of cases appealed under this section.

76 3. If a minor desires an abortion, then she shall be orally informed of and, if possible,  
77 sign the written consent required under this chapter in the same manner as an adult person.  
78 No abortion shall be performed or induced on any minor against her will, except that an  
79 abortion may be performed or induced against the will of a minor pursuant to a court order  
80 described in subdivision (4) of subsection 1 of this section that the abortion is necessary to  
81 preserve the life of the minor.

10 investigations, family assessments and services, and other relevant information.

11 2. (1) The division shall utilize structured decision-making protocols, including a  
12 standard risk assessment that shall be completed within seventy-two hours of the report of  
13 abuse or neglect, for classification purposes of all child abuse and neglect reports. The  
14 protocols developed by the division shall give priority to ensuring the well-being and safety  
15 of the child. All child abuse and neglect reports shall be initiated within twenty-four hours  
16 and shall be classified based upon the reported risk and injury to the child. The division shall  
17 promulgate rules regarding the structured decision-making protocols to be utilized for all  
18 child abuse and neglect reports.

19 (2) The director of the division and the office of state courts administrator shall  
20 develop a joint safety assessment tool before December 31, 2020, and such tool shall be  
21 implemented before January 1, 2022. The safety assessment tool shall replace the standard  
22 risk assessment required under subdivision (1) of this subsection and shall also be completed  
23 within seventy-two hours of the report of abuse or neglect.

24 3. Upon receipt of a report, the division shall determine if the report merits  
25 investigation, including reports which if true would constitute a suspected violation of any of  
26 the following: section 565.020, 565.021, 565.023, 565.024, or 565.050 if the victim is a child  
27 less than eighteen years of age, section 566.030 or 566.060 if the victim is a child less than  
28 eighteen years of age, or other crimes under chapter 566 if the victim is a child less than  
29 eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050  
30 **as it existed prior to August 28, 2024**, if the victim is a child less than eighteen years of age,  
31 **section 567.016 if the victim is a child less than eighteen years of age**, section 568.020,  
32 568.030, 568.045, 568.050, 568.060, 573.200, or 573.205, section 573.025, 573.035, 573.037,  
33 or 573.040, or an attempt to commit any such crimes. The division shall immediately  
34 communicate all reports that merit investigation to its appropriate local office and any  
35 relevant information as may be contained in the information system. The local division staff  
36 shall determine, through the use of protocols developed by the division, whether an  
37 investigation or the family assessment and services approach should be used to respond to the  
38 allegation. The protocols developed by the division shall give priority to ensuring the well-  
39 being and safety of the child.

40 4. The division may accept a report for investigation or family assessment if either the  
41 child or alleged perpetrator resides in Missouri, may be found in Missouri, or if the incident  
42 occurred in Missouri.

43           5. If the division receives a report in which neither the child nor the alleged  
44 perpetrator resides in Missouri or may be found in Missouri and the incident did not occur in  
45 Missouri, the division shall document the report and communicate it to the appropriate agency  
46 or agencies in the state where the child is believed to be located, along with any relevant  
47 information or records as may be contained in the division's information system.

48           6. When the child abuse and neglect hotline receives three or more calls, within a  
49 seventy-two hour period, from one or more individuals concerning the same child, the  
50 division shall conduct a review to determine whether the calls meet the criteria and statutory  
51 definition for a child abuse and neglect report to be accepted. In conducting the review, the  
52 division shall contact the hotline caller or callers in order to collect information to determine  
53 whether the calls meet the criteria for harassment.

54           7. The local office shall contact the appropriate law enforcement agency immediately  
55 upon receipt of a report which division personnel determine merits an investigation and  
56 provide such agency with a detailed description of the report received. In such cases the local  
57 division office shall request the assistance of the local law enforcement agency in all aspects  
58 of the investigation of the complaint. The appropriate law enforcement agency shall either  
59 assist the division in the investigation or provide the division, within twenty-four hours, an  
60 explanation in writing detailing the reasons why it is unable to assist.

61           8. The local office of the division shall cause an investigation or family assessment  
62 and services approach to be initiated in accordance with the protocols established in  
63 subsection 2 of this section, except in cases where the sole basis for the report is educational  
64 neglect. If the report indicates that educational neglect is the only complaint and there is no  
65 suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two  
66 hours of receipt of the report. If the report indicates the child is in danger of serious physical  
67 harm or threat to life, an investigation shall include direct observation of the subject child  
68 within twenty-four hours of the receipt of the report. Local law enforcement shall take all  
69 necessary steps to facilitate such direct observation. Callers to the child abuse and neglect  
70 hotline shall be instructed by the division's hotline to call 911 in instances where the child  
71 may be in immediate danger. If the parents of the child are not the alleged perpetrators, a  
72 parent of the child must be notified prior to the child being interviewed by the division. No  
73 person responding to or investigating a child abuse and neglect report shall call prior to a  
74 home visit or leave any documentation of any attempted visit, such as business cards,  
75 pamphlets, or other similar identifying information if he or she has a reasonable basis to  
76 believe the following factors are present:

77           (1) (a) No person is present in the home at the time of the home visit; and

78           (b) The alleged perpetrator resides in the home or the physical safety of the child may  
79 be compromised if the alleged perpetrator becomes aware of the attempted visit;

- 80 (2) The alleged perpetrator will be alerted regarding the attempted visit; or  
81 (3) The family has a history of domestic violence or fleeing the community.

82

83 If the alleged perpetrator is present during a visit by the person responding to or investigating  
84 the report, such person shall provide written material to the alleged perpetrator informing him  
85 or her of his or her rights regarding such visit, including but not limited to the right to contact  
86 an attorney. The alleged perpetrator shall be given a reasonable amount of time to read such  
87 written material or have such material read to him or her by the case worker before the visit  
88 commences, but in no event shall such time exceed five minutes; except that, such  
89 requirement to provide written material and reasonable time to read such material shall not  
90 apply in cases where the child faces an immediate threat or danger, or the person responding  
91 to or investigating the report is or feels threatened or in danger of physical harm. If the abuse  
92 is alleged to have occurred in a school or child care facility the division shall not meet with  
93 the child in any school building or child-care facility building where abuse of such child is  
94 alleged to have occurred. When the child is reported absent from the residence, the location  
95 and the well-being of the child shall be verified. For purposes of this subsection, "child care  
96 facility" shall have the same meaning as such term is defined in section 210.201.

97 9. The director of the division shall name at least one chief investigator for each local  
98 division office, who shall direct the division response on any case involving a second or  
99 subsequent incident regarding the same subject child or perpetrator. The duties of a chief  
100 investigator shall include verification of direct observation of the subject child by the division  
101 and shall ensure information regarding the status of an investigation is provided to the public  
102 school district liaison. The public school district liaison shall develop protocol in conjunction  
103 with the chief investigator to ensure information regarding an investigation is shared with  
104 appropriate school personnel. The superintendent of each school district shall designate a  
105 specific person or persons to act as the public school district liaison. Should the subject child  
106 attend a nonpublic school the chief investigator shall notify the school principal of the  
107 investigation. Upon notification of an investigation, all information received by the public  
108 school district liaison or the school shall be subject to the provisions of the federal Family  
109 Educational Rights and Privacy Act (FERPA), 20 U.S.C. Section 1232g, and federal rule 34  
110 C.F.R. Part 99.

111 10. The investigation shall include but not be limited to the nature, extent, and cause  
112 of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect;  
113 the names and conditions of other children in the home, if any; the home environment and the  
114 relationship of the subject child to the parents or other persons responsible for the child's care;  
115 any indication of incidents of physical violence against any other household or family  
116 member; and other pertinent data.

117           11. When a report has been made by a person required to report under section  
118 210.115, the division shall contact the person who made such report within forty-eight hours  
119 of the receipt of the report in order to ensure that full information has been received and to  
120 obtain any additional information or medical records, or both, that may be pertinent.

121           12. Upon completion of the investigation, if the division suspects that the report was  
122 made maliciously or for the purpose of harassment, the division shall refer the report and any  
123 evidence of malice or harassment to the local prosecuting or circuit attorney.

124           13. Multidisciplinary teams shall be used whenever conducting the investigation as  
125 determined by the division in conjunction with local law enforcement. Multidisciplinary  
126 teams shall be used in providing protective or preventive social services, including the  
127 services of law enforcement, a liaison of the local public school, the juvenile officer, the  
128 juvenile court, and other agencies, both public and private.

129           14. For all family support team meetings involving an alleged victim of child abuse or  
130 neglect, the parents, legal counsel for the parents, foster parents, the legal guardian or  
131 custodian of the child, the guardian ad litem for the child, and the volunteer advocate for the  
132 child shall be provided notice and be permitted to attend all such meetings. Family members,  
133 other than alleged perpetrators, or other community informal or formal service providers that  
134 provide significant support to the child and other individuals may also be invited at the  
135 discretion of the parents of the child. In addition, the parents, the legal counsel for the  
136 parents, the legal guardian or custodian and the foster parents may request that other  
137 individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once  
138 a person is provided notice of or attends such team meetings, the division or the convenor of  
139 the meeting shall provide such persons with notice of all such subsequent meetings involving  
140 the child. Families may determine whether individuals invited at their discretion shall  
141 continue to be invited.

142           15. If the appropriate local division personnel determine after an investigation has  
143 begun that completing an investigation is not appropriate, the division shall conduct a family  
144 assessment and services approach. The division shall provide written notification to local law  
145 enforcement prior to terminating any investigative process. The reason for the termination of  
146 the investigative process shall be documented in the record of the division and the written  
147 notification submitted to local law enforcement. Such notification shall not preclude nor  
148 prevent any investigation by law enforcement.

149           16. If the appropriate local division personnel determines to use a family assessment  
150 and services approach, the division shall:

151           (1) Assess any service needs of the family. The assessment of risk and service needs  
152 shall be based on information gathered from the family and other sources;

153 (2) Provide services which are voluntary and time-limited unless it is determined by  
154 the division based on the assessment of risk that there will be a high risk of abuse or neglect if  
155 the family refuses to accept the services. The division shall identify services for families  
156 where it is determined that the child is at high risk of future abuse or neglect. The division  
157 shall thoroughly document in the record its attempt to provide voluntary services and the  
158 reasons these services are important to reduce the risk of future abuse or neglect to the child.  
159 If the family continues to refuse voluntary services or the child needs to be protected, the  
160 division may commence an investigation;

161 (3) Commence an immediate investigation if at any time during the family  
162 assessment and services approach the division determines that an investigation, as delineated  
163 in sections 210.109 to 210.183, is required. The division staff who have conducted the  
164 assessment may remain involved in the provision of services to the child and family;

165 (4) Document at the time the case is closed, the outcome of the family assessment and  
166 services approach, any service provided and the removal of risk to the child, if it existed.

167 17. (1) Within forty-five days of an oral report of abuse or neglect, the local office  
168 shall update the information in the information system. The information system shall contain,

567.080. 1. Any room, building or other structure regularly used for ~~[any prostitution activity]~~ **commercial sexual exploitation** prohibited by this chapter is a public nuisance.

2. The attorney general, circuit attorney or prosecuting attorney may, in addition to all criminal sanctions, prosecute a suit in equity to enjoin the nuisance. If the court finds that the owner of the room, building or structure knew or had reason to believe that the premises were being used regularly for ~~[prostitution activity]~~ **commercial sexual exploitation**, the court may order that the premises shall not be occupied or used for such period as the court may determine, not to exceed one year.

3. All persons, including owners, lessees, officers, agents, inmates or employees, aiding or facilitating such a nuisance may be made defendants in any suit to enjoin the nuisance, and they may be enjoined from engaging in ~~[any prostitution activity]~~ **commercial sexual exploitation** anywhere within the jurisdiction of the court.

4. Appeals shall be allowed from the judgment of the court as in other civil actions.

573.503. Notwithstanding any provision of law to the contrary, any city not within a county and any county may, by order or ordinance, require a background check be conducted on all employees of any adult cabaret to ascertain whether any such employees have been convicted of or have pled guilty to any misdemeanor or felony involving prostitution **as it existed prior to August 28, 2024**, or aiding or abetting prostitution **as it existed prior to August 28, 2024**, **commercial sexual exploitation**, drug possession or trafficking, money laundering, tax evasion, or illegal gambling activity.

573.525. 1. It is the purpose of sections 573.525 to 573.537 to regulate sexually oriented businesses in order to promote the health, safety, and general welfare of the citizens of this state, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually oriented businesses within the state. The provisions of sections 573.525 to 573.537 have neither the purpose nor effect of imposing a limitation or restriction on the content or reasonable access to any communicative materials, including sexually oriented materials. Similarly, it is neither the intent nor effect of sections 573.525 to 573.537 to restrict or deny access by adults to sexually oriented materials protected by the first amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of sections 573.525 to 573.537 to condone or legitimize the distribution of obscene material.

2. The general assembly finds that:

(1) Sexually oriented businesses, as a category of commercial enterprises, are associated with a wide variety of adverse secondary effects, including but not limited to personal and property crimes, ~~[prostitution]~~ **commercial sexual exploitation**, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking,

17 negative impacts on surrounding properties, urban blight, litter, and sexual assault and  
18 exploitation;

19 (2) Sexually oriented businesses should be separated from sensitive land uses to  
20 minimize the impact of their secondary effects upon such uses, and should be separated from  
21 other sexually oriented businesses, to minimize the secondary effects associated with such  
22 uses and to prevent an unnecessary concentration of sexually oriented businesses in one area;

23 (3) Each of the foregoing negative secondary effects constitutes a harm which the  
24 state has a substantial interest in preventing or abating, or both. Such substantial government  
25 interest in preventing secondary effects, which is the state's rationale for sections 573.525 to  
26 573.537, exists independent of any comparative analysis between sexually oriented and  
27 nonsexually oriented businesses. Additionally, the state's interest in regulating sexually  
28 oriented businesses extends to preventing future secondary effects of current or future  
29 sexually oriented businesses that may locate in the state.

573.531. 1. No person shall establish a sexually oriented business within one  
2 thousand feet of any preexisting primary or secondary school, house of worship, state-  
3 licensed day care facility, public library, public park, residence, or other sexually oriented  
4 business. This subsection shall not apply to any sexually oriented business lawfully  
5 established prior to August 28, 2010. For purposes of this subsection, measurements shall be  
6 made in a straight line, without regard to intervening structures or objects, from the closest  
7 portion of the parcel containing the sexually oriented business to the closest portion of the  
8 parcel containing the preexisting primary or secondary school, house of worship, state-  
9 licensed day care facility, public library, public park, residence, or other sexually oriented  
10 business.

11 2. No person shall establish a sexually oriented business if a person with an  
12 influential interest in the sexually oriented business has been found guilty of any of the  
13 following specified offenses for which less than eight years has elapsed since the date of  
14 conviction or the date of release from confinement for the conviction, whichever is later:

15 (1) Rape and sexual assault offenses;

16 (2) Sexual offenses involving minors;

17 (3) Offenses involving prostitution **as it existed prior to August 28, 2024, or**  
18 **commercial sexual exploitation;**

19 (4) Obscenity offenses;

20 (5) Offenses involving money laundering;

21 (6) Offenses involving tax evasion;

22 (7) Any attempt, solicitation, or conspiracy to commit one of the offenses listed in  
23 subdivisions (1) to (6) of this subsection; or

24 (8) Any offense committed in another jurisdiction which if committed in this state  
25 would have constituted an offense listed in subdivisions (1) to (7) of this subsection.

26 3. No person shall knowingly or intentionally, in a sexually oriented business, appear  
27 in a state of nudity.

28 4. No employee shall knowingly or intentionally, in a sexually oriented business,  
29 appear in a semi-nude condition unless the employee, while semi-nude, shall be and remain  
30 on a fixed stage at least six feet from all patrons and at least eighteen inches from the floor in  
31 a room of at least six hundred square feet.

32 5. No employee, who appears in a semi-nude condition in a sexually oriented

38 activities or specified anatomical areas shall comply with the following requirements:

39 (1) The interior of the premises shall be configured in such a manner that there is an  
40 unobstructed view from an operator's station of every area of the premises, including the  
41 interior of each viewing room but excluding restrooms, to which any patron is permitted  
42 access for any purpose;

43 (2) An operator's station shall not exceed thirty-two square feet of floor area;

44 (3) If the premises has two or more operator's stations designated, the interior of the  
45 premises shall be configured in such a manner that there is an unobstructed view of each area  
46 of the premises to which any patron is permitted access for any purpose from at least one of  
47 the operator's stations;

48 (4) The view required under this subsection shall be by direct line of sight from the  
49 operator's station;

50 (5) It is the duty of the operator to ensure that at least one employee is on duty and  
51 situated in an operator's station at all times that any patron is on the portion of the premises  
52 monitored by such operator station; and

53 (6) It shall be the duty of the operator and of any employees present on the premises  
54 to ensure that the view area specified in this subsection remains unobstructed by any doors,  
55 curtains, walls, merchandise, display racks, or other materials or enclosures at all times that  
56 any patron is present on the premises.

57 7. Sexually oriented businesses that do not have stages or interior configurations  
58 which meet at least the minimum requirements of sections 573.525 to 573.537 shall be given  
59 one hundred eighty days after August 28, 2010, to comply with the stage and building  
60 requirements of sections 573.525 to 573.537. During such one hundred eighty-day period,

61 any employee who appears within view of any patron in a semi-nude condition shall remain,  
62 while semi-nude, at least six feet from all patrons.

63 8. No operator shall allow or permit a sexually oriented business to be or remain open  
64 between the hours of 12:00 midnight and 6:00 a.m. on any day.

65 9. No person shall knowingly or intentionally sell, use, or consume alcoholic  
66 beverages on the premises of a sexually oriented business.

67 10. No person shall knowingly allow a person under the age of eighteen years on the  
68 premises of a sexually oriented business.
