*Be it enacted by the General Assembly of the state of Missouri, as follows:*

20 area located within the territorial limits of a municipality in which fifty percent or more of the  
21 structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted  
22 area but is detrimental to the public health, safety, morals, or welfare and may become a blighted  
23 area because of any one or more of the following factors: dilapidation; obsolescence;

41 by the retail establishment shall equal the total additional revenues from economic activity taxes

44 the redevelopment area;

46 territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and  
47 (3) of this section, and in which the governing body of the municipality finds that redevelopment

- 62 wholly outside the incorporated limits of a city, town, or village, or that is substantially

107 the current equalized value of real property in the area selected for the redevelopment project  
108 exceeds the total initial equalized value of real property in such area until the designation is

7 which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to  
8 section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the

13 (1) The redevelopment area on the whole is a blighted area, a conservation area, or an  
14 economic development area, and has not been subject to growth and development through  
15 investment by private enterprise and would not reasonably be anticipated to be developed  
16 without the adoption of tax increment financing. Such a finding shall include, but not be limited  
17 to, a detailed description of the factors that qualify the redevelopment area or project pursuant  
18 to this subdivision and an affidavit, signed by the developer or developers and submitted with  
19 the redevelopment plan, attesting that the provisions of this subdivision have been met. **Such**  
20 **finding shall also include a study stating that records were reviewed, inspections were**  
21 **made, comparisons were made, and tasks were undertaken that demonstrate the property**  
22 **was not developed through private enterprise over time. Such a study shall be signed by**  
23 **a party that assumes responsibility for the study's representations. The study shall be of**  
24 **sufficient specificity to allow representatives of the tax increment financing commission**  
25 **and municipality to confirm its findings;**

26 (2) The redevelopment plan conforms to the comprehensive plan for the development  
27 of the municipality as a whole;

28 (3) The estimated dates, which shall not be more than twenty-three years from the  
29 adoption of the ordinance approving a redevelopment project within a redevelopment area, of  
30 completion of any redevelopment project and retirement of obligations incurred to finance  
31 redevelopment project costs have been stated, provided that no ordinance approving a  
32 redevelopment project shall be adopted later than ten years from the adoption of the ordinance  
33 approving the redevelopment plan under which such project is authorized and provided that no  
34 property for a redevelopment project shall be acquired by eminent domain later than five years  
35 from the adoption of the ordinance approving such redevelopment project;

36 (4) A plan has been developed for relocation assistance for businesses and residences;

37 (5) A cost-benefit analysis showing the economic impact of the plan on each taxing  
38 district which is at least partially within the boundaries of the redevelopment area. The analysis  
39 shall show the impact on the economy if the project is not built, and is built pursuant to the  
40 redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact  
41 study on every affected political subdivision, and sufficient information from the developer for  
42 the commission established in section 99.820 to evaluate whether the project as proposed is  
43 financially feasible;

44 (6) A finding that the plan does not include the initial development or redevelopment of  
45 any gambling establishment, provided however, that this subdivision shall be applicable only to  
46 a redevelopment plan adopted for a redevelopment area designated by ordinance after December  
47 23, 1997;

48 (7) **An economic feasibility analysis that includes a financial statement indicating**  
49 **whether a return on investment is expected without public assistance. The financial**  
50 **statement shall include any assumptions made and a statement analysis estimating the**  
51 **amount of assistance needed to make the return on investment attractive to private**  
52 **investors.**

53 2. By the last day of February each year, each commission shall report to the director of  
54 economic development the name, address, phone number and primary line of business of any  
55 business which relocates to the district. The director of the department of economic development  
56 shall compile and report the same to the governor, the speaker of the house and the president pro  
57 tempore of the senate on the last day of April each year.

**99.811. 1. Any redevelopment project consisting solely of public infrastructure**  
2 **improvements on public land that requires no more than two million dollars in tax**  
3 **increment financing and that will pay off its bonds within seven years or less shall be**  
4 **exempt from the provisions of sections 99.866. However, no stringing of projects shall be**  
5 **allowed. No exempt project under this section shall be combined with another exempt**  
6 **project under this section for a period of five years.**

7           **2. Any redevelopment project for which eligible project redevelopment costs are**  
8 **to be paid only from the portion of total economic activity taxes and payments in lieu of**  
9 **taxes imposed by the municipality and not paid with real or potential revenues from other**  
10 **taxing jurisdictions is exempt from the provisions of sections 99.866.**

**99.812. Beginning the first fiscal year in which a municipality receives payments**  
2 **in lieu of taxes from a redevelopment project and ending the last fiscal year in which the**  
3 **municipality receives such payments, the municipality shall pay an amount equal to**  
4 **twenty-five percent of such payments in lieu of taxes to all other taxing entities that are**  
5 **entitled to receive revenue from levies on real property in such municipality. Such amount**  
6 **shall be distributed among the other taxing entities in proportion to the collections of**  
7 **revenue from real property in the development area to which each such taxing district is**  
8 **entitled during that tax year. If a tax increment financing project includes residential uses,**  
9 **real property tax levies attributable to the residential portion of the development shall be**  
10 **distributed to the local school district or districts, absent the affected school board or**  
11 **boards issuing a recommendation to the contrary.**

**99.813. 1. The municipality and the developer shall annually submit information**  
2 **to the department of economic development regarding the approved plan.**

3           **2. The department shall establish reporting requirements and may promulgate**  
4 **other rules to implement the provisions of this section. Any rule or portion of a rule, as**  
5 **that term is defined in section 536.010, that is created under the authority delegated in this**  
6 **section shall become effective only if it complies with and is subject to all of the provisions**  
7 **of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are**  
8 **nonseverable, and if any of the powers vested with the general assembly pursuant to**  
9 **chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are**  
10 **subsequently held unconstitutional, then the grant of rulemaking authority and any rule**  
11 **proposed or adopted after August 28, 2019, shall be invalid and void.**

12           **3. The department shall submit a report to the governor and the general assembly**  
13 **by the April thirtieth of each year. At a minimum, the report shall identify the number**  
14 **and location of redevelopment areas; quantify public investment in each redevelopment**  
15 **area; assess the public benefit, as quantified by tax revenue and net new job creation; and**  
16 **state the economic impact of each redevelopment project on each taxing district at least**  
17 **partially within the boundaries of the redevelopment project's redevelopment area.**

**99.814. A redevelopment district providing emergency services under chapter 190**  
2 **or 321 shall be entitled to reimbursement from the special allocation fund for direct costs.**  
3 **However, such reimbursement shall not be less than twenty-five percent or more than one**

4 **hundred percent of the revenue received from the redevelopment district's tax increment**  
5 **financing. This section shall only apply to a redevelopment district located in:**

6 **(1) Any city not within a county;**

7 **(2) Any county with a charter form of government and with more than nine**  
8 **hundred fifty thousand inhabitants;**

9 **(3) Any county with a charter form of government and with more than two**  
10 **hundred thousand but fewer than three hundred fifty thousand inhabitants;**

13 **inhabitants and with a city of the fourth classification with more than seven thousand but**  
14 **fewer than eight thousand inhabitants as the county seat;**

15 **(5) Any county with a charter form of government and with more than three**  
16 **hundred thousand but fewer than four hundred fifty thousand inhabitants;**

17 **(6) Any county of the first classification with more than one hundred one thousand**  
18 **but fewer than one hundred fifteen thousand inhabitants;**

19 **(7) Any county of the third classification without a township form of government**  
20 **and with more than twenty-three thousand but fewer than twenty-six thousand inhabitants**  
21 **with a city of the fourth classification with more than one thousand five hundred but fewer**  
22 **than one thousand seven hundred inhabitants as the county seat;**

23 **(8) Any county of the second classification with more than fifty thousand but fewer**  
24 **than fifty-eight thousand inhabitants;**

25 **(9) Any county of the first classification with more than sixty-five thousand but**  
26 **fewer than seventy-five thousand inhabitants and with a county seat with more than fifteen**

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in  
2 the event a municipality has undertaken acts establishing a redevelopment plan and  
3 redevelopment project and has designated a redevelopment area after the passage and approval  
4 of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with

5 the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by  
6 passing an ordinance providing that after the total equalized assessed valuation of the taxable real  
7 property in a redevelopment project exceeds the certified total initial equalized assessed  
8 valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and  
9 payments in lieu of taxes, if any, arising from the levies upon taxable real property in such  
10 redevelopment project by taxing districts and tax rates determined in the manner provided in  
11 subsection 2 of section 99.855 each year after the effective date of the ordinance until  
12 redevelopment costs have been paid shall be divided as follows:

13 (1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract,  
14 or parcel of real property which is attributable to the initial equalized assessed value of each such  
15 taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment  
16 project shall be allocated to and, when collected, shall be paid by the county collector to the  
17 respective affected taxing districts in the manner required by law in the absence of the adoption  
18 of tax increment allocation financing;

19 (2) (a) Payments in lieu of taxes attributable to the increase in the current equalized  
20 assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected  
21 for the redevelopment project and any applicable penalty and interest over and above the initial  
22 equalized assessed value of each such unit of property in the area selected for the redevelopment  
23 project shall be allocated to and, when collected, shall be paid to the municipal treasurer who  
24 shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation  
25 Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred  
26 in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to  
27 approve an increase in such taxing district's levy rate for ad valorem tax on real property, any  
28 additional revenues generated within an existing redevelopment project area that are directly  
29 attributable to the newly voter-approved incremental increase in such taxing district's levy rate  
30 shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund  
31 without the consent of such taxing district. Revenues will be considered directly attributable to  
32 the newly voter-approved incremental increase to the extent that they are generated from the  
33 difference between the taxing district's actual levy rate currently imposed and the maximum  
34 voter-approved levy rate at the time that the redevelopment project was adopted. Payments in  
35 lieu of taxes which are due and owing shall constitute a lien against the real estate of the  
36 redevelopment project from which they are derived and shall be collected in the same manner  
37 as the real property tax, including the assessment of penalties and interest where applicable. The  
38 municipality may, in the ordinance, pledge the funds in the special allocation fund for the  
39 payment of such costs and obligations and provide for the collection of payments in lieu of taxes,  
40 the lien of which may be foreclosed in the same manner as a special assessment lien as provided

41 in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract,  
42 or parcel of property in the area selected for the redevelopment project attributable to any  
43 increase above the total initial equalized assessed value of such properties shall be used in  
44 calculating the general state school aid formula provided for in section 163.031 until such time  
45 as all redevelopment costs have been paid as provided for in this section and section 99.850.

46 (b) Notwithstanding any provisions of this section to the contrary, for purposes of  
47 determining the limitation on indebtedness of local government pursuant to Article VI, Section  
48 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area  
49 selected for redevelopment attributable to the increase above the total initial equalized assessed  
50 valuation shall be included in the value of taxable tangible property as shown on the last  
51 completed assessment for state or county purposes.

52 (c) The county assessor shall include the current assessed value of all property within  
53 the taxing district in the aggregate valuation of assessed property entered upon the assessor's  
54 book and verified pursuant to section 137.245, and such value shall be utilized for the purpose

67 additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing  
68 districts, which are generated by economic activities within the area of the redevelopment project  
69 over the amount of such taxes generated by economic activities within the area of the  
70 redevelopment project in the calendar year prior to the adoption of the redevelopment project by  
71 ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales  
72 or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant  
73 to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and  
74 any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section

78 allocation fund. Any provision of an agreement, contract or covenant entered into prior to July  
79 12, 1990, between a municipality and any other political subdivision which provides for an  
80 appropriation of other municipal revenues to the special allocation fund shall be and remain  
81 enforceable.

82 3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection  
83 1 of this section, for redevelopment plans and projects adopted or redevelopment projects

98 of the county transit authority operating transportation facilities, or for redevelopment plans and  
99 projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes  
100 imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency  
101 communication systems, shall be allocated to, and paid by the local political subdivision  
102 collecting officer to the treasurer or other designated financial officer of the municipality, who  
103 shall deposit such funds in a separate segregated account within the special allocation fund.  
104 Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such  
105 taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any  
106 additional revenues generated within an existing redevelopment project area that are directly  
107 attributable to the newly voter-approved incremental increase in such taxing district's levy rate  
108 shall not be considered economic activity taxes subject to deposit into a special allocation fund  
109 without the consent of such taxing district.

110 4. Beginning January 1, 1998, for redevelopment plans and projects adopted or  
111 redevelopment projects approved by ordinance and which have complied with subsections 4 to  
112 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes

113 described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues,  
114 as defined in subsection 8 of this section, estimated for the businesses within the project area and  
115 identified by the municipality in the application required by subsection 10 of this section, over  
116 and above the amount of such taxes reported by businesses within the project area as identified  
117 by the municipality in their application prior to the approval of the redevelopment project by  
118 ordinance, while tax increment financing remains in effect, may be available for appropriation  
119 by the general assembly as provided in subsection 10 of this section to the department of

124 plans or projects shall deposit such funds in a separate segregated account within the special  
125 allocation fund established pursuant to section 99.805.

126         6. No transfer from the general revenue fund to the Missouri supplemental tax increment  
127 financing fund shall be made unless an appropriation is made from the general revenue fund for  
128 that purpose. No municipality shall commit any state revenues prior to an appropriation being  
129 made for that project. For all redevelopment plans or projects adopted or approved after  
130 December 23, 1997, appropriations from the new state revenues shall not be distributed from the  
131 Missouri supplemental tax increment financing fund into the special allocation fund unless the  
132 municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes  
133 and fifty percent of economic activity taxes generated by the project shall be used for eligible  
134 redevelopment project costs while tax increment financing remains in effect. This account shall  
135 be separate from the account into which payments in lieu of taxes are deposited, and separate  
136 from the account into which economic activity taxes are deposited.

137         7. In order for the redevelopment plan or project to be eligible to receive the revenue  
138 described in subsection 4 of this section, the municipality shall comply with the requirements of  
139 subsection 10 of this section prior to the time the project or plan is adopted or approved by  
140 ordinance. The director of the department of economic development and the commissioner of  
141 the office of administration may waive the requirement that the municipality's application be  
142 submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's  
143 or project's approval by ordinance.

144         8. For purposes of this section, "new state revenues" means:

148 taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by

149 law. In no event shall the incremental increase include any amounts attributable to retail sales  
150 unless the municipality or authority has proven to the Missouri development finance board and  
151 the department of economic development and such entities have made a finding that the sales  
152 tax increment attributable to retail sales is from new sources which did not exist in the state  
153 during the baseline year. The incremental increase in the general revenue portion of state sales  
154 tax revenues for an existing or relocated facility shall be the amount that current state sales tax  
155 revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan  
156 as provided in subsection 10 of this section; or

158 to section 143.221 at the business located within the project as identified by the municipality.

298 from the Missouri supplemental tax increment financing fund for redevelopment plans and  
299 projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million

310 11. In addition to the areas authorized in subsection 9 of this section, the funding  
311 authorized pursuant to subsection 4 of this section shall also be available in a federally approved  
312 levee district, where construction of a levee begins after December 23, 1997, and which is

318 department of economic development. The department shall annually distribute from the  
319 Missouri supplemental tax increment financing fund the amount of the new state revenues as  
320 appropriated as provided in the provisions of subsection 4 of this section if and only if the  
321 conditions of subsection 10 of this section are met. The fund shall also consist of any gifts,

330 revenues deposited into the Missouri supplemental tax increment financing fund created under  
331 this section.

332           14. For redevelopment plans or projects approved by ordinance that result in net new  
333 jobs from the relocation of a national headquarters from another state to the area of the  
334 redevelopment project, the economic activity taxes and new state tax revenues shall not be based  
335 on a calculation of the incremental increase in taxes as compared to the base year or prior  
336 calendar year for such redevelopment project, rather the incremental increase shall be the amount  
337 of total taxes generated from the net new jobs brought in by the national headquarters from  
338 another state. In no event shall this subsection be construed to allow a redevelopment project  
339 to receive an appropriation in excess of up to fifty percent of the new state revenues.

340           15. Notwithstanding any other provision of the law to the contrary, the adoption of any  
341 tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter,  
342 or reduce in any way a property tax levied under section 205.971.

343           **16. In addition to the other provisions of this section, no redevelopment project**  
344 **shall occur in a redevelopment area unless:**

345           **(1) All school districts in such redevelopment area have low fiscal capacity;**
