5 Purpose and Policy

6 A. It is the purpose of this compact to:

7 1. Establish and maintain close cooperation and understanding among the
8 executive, legislative, professional, educational and lay leadership on a
9 nationwide basis at the state and local levels.

10 2. Provide a forum for the discussion, development, crystallization and
11 recommendation of public policy alternatives in the field of education.

12 3. Provide a clearing house of information on matters relating to
13 educational problems and how they are being met in different places throughout
14 the nation, so that the executive and legislative branches of state government and
15 of local communities may have ready access to the experience and record of the
16 entire country, and so that both lay and professional groups in the field of
17 education may have additional avenues for the sharing of experience and the
18 interchange of ideas in the formation of public policy in education.

19 4. Facilitate the improvement of state and local educational systems so
20 that all of them will be able to meet adequate and desirable goals in a society
21 which requires continuous qualitative and quantitative advance in educational
22 opportunities, methods and facilities.

23 B. It is the policy of this compact to encourage and promote local and
24 state initiative in the development, maintenance, improvement and
25 administration of educational systems and institutions in a manner which will

26 accord with the needs and advantages of diversity among localities and states.

27 C. The party states recognize that each of them has an interest in the
28 quality and quantity of education furnished in each of the other states, as well
29 as in the excellence of its own educational systems and institutions, because of
30 the highly mobile character of individuals within the nation, and because the
31 products and services contributing to the health, welfare and economic
32 advancement of each state are supplied in significant part by persons educated
33 in other states.

The Commission

40

41 A. The **[Educational] Education** Commission of the States, hereinafter
42 called "the commission", is hereby established. The commission shall consist of
43 seven members representing each party state. One of such members shall be the
44 governor; two shall be members of the state legislature selected by its respective
45 houses and serving in such manner as the legislature may determine; and four
46 shall be appointed by and serve at the pleasure of the governor, unless the laws
47 of the state otherwise provide. If the laws of a state prevent legislators from
48 serving on the commission, six members shall be appointed and serve at the
49 pleasure of the governor, unless the laws of the state otherwise provide. In
50 addition to any other principles or requirements which a state may establish for
51 the appointment and service of its members of the commission, the guiding
52 principle for the composition of the membership on the commission from each
53 party state shall be that the members representing such state shall, by virtue of
54 their training, experience, knowledge or affiliations be in a position collectively
55 to reflect broadly the interests of the state government, higher education, the
56 state education system, local education, lay and professional, public and
57 non-public educational leadership. Of those appointees, one shall be the head of
58 a state agency or institution, designated by the governor, having responsibility
59 for one or more programs of public education. In addition to the members of the
60 commission representing the party states, there may be not to exceed ten
61 non-voting commissioners selected by the steering committee for terms of one
year. Such commissioners shall represent leading national organizations of

62 professional educators or persons concerned with educational administration.

63 B. The members of the commission shall be entitled to one vote each on
64 the commission. No action of the commission shall be binding unless taken at a
65 meeting at which a majority of the total number of votes on the commission are
66 cast in favor thereof. Action of the commission shall be only at a meeting at
67 which a majority of the commissioners are present. The commission shall meet
68 at least once a year. In its bylaws, and subject to such directions and limitations
69 as may be contained therein, the commission may delegate the exercise of any of
70 its powers to the steering committee or the executive director, except for the
71 power to approve budgets or requests for appropriations, the power to make policy
72 recommendations pursuant to Article IV and adoption of the annual report
73 pursuant to Article III(J).

74 C. The commission shall have a seal.

75 D. The commission shall elect annually, from among its members, a
76 chairman, who shall be a governor, a vice chairman and a treasurer. The
77 commission shall provide for the appointment of an executive director. Such
78 executive director shall serve at the pleasure of the commission, and together
79 with the treasurer and such other personnel as the commission may deem
80 appropriate shall be bonded in such amount as the commission shall
81 determine. The executive director shall be secretary.

82 E. Irrespective of the civil service, personnel or other merit system laws
83 of any of the party states, the executive director subject to the approval of the
84 steering committee shall appoint, remove or discharge such personnel as may be
85 necessary for the performance of the functions of the commission, and shall fix
86 the duties and compensation of such personnel. The commission in its bylaws
87 shall provide for the personnel policies and programs of the commission.

88 F. The commission may borrow, accept or contract for the services of
89 personnel from any party jurisdiction, the United States, or any subdivision or
90 agency of the aforementioned governments, or from any agency of two or more of
91 the party jurisdictions or their subdivisions.

92 G. The commission may accept for any of its purposes and functions under
93 this compact any and all donations, and grants of money, equipment, supplies,
94 materials and services, conditional or otherwise, from any state, the United
95 States, or any other governmental agency, or from any person, firm, association,
96 foundation, or corporation, and may receive, utilize and dispose of the same. Any
97 donation or grant accepted by the commission pursuant to this paragraph or

98 services borrowed pursuant to paragraph (F) of this article shall be reported in
99 the annual report of the commission. Such report shall include the nature,
100 amount and conditions, if any, of the donation, grant, or services borrowed, and
101 the identity of the donor or lender.

102 H. The commission may establish and maintain such facilities as may be
103 necessary for the transacting of its business. The commission may acquire, hold,
104 and convey real and personal property and any interest therein.

105 I. The commission shall adopt bylaws for the conduct of its business and
106 shall have the power to amend and rescind these bylaws. The commission shall
107 publish its bylaws in convenient form and shall file a copy thereof and a copy of
108 any amendment thereto, with the appropriate agency or officer in each of the
109 party states.

110 J. The commission annually shall make to the governor and legislature
111 of each party state a report covering the activities of the commission for the
112 preceding year. The commission may make such additional reports as it may
113 deem desirable.

114 Article IV

115 Powers

116 In addition to authority conferred on the commission by other provisions
117 of the compact, the commission shall have authority to:

118 1. Collect, correlate, analyze and interpret information and data
119 concerning educational needs and resources.

120 2. Encourage and foster research in all aspects of education, but with
121 special reference to the desirable scope of instruction, organization,
122 administration, and instructional methods and standards employed or suitable
123 for employment in public educational systems.

124 3. Develop proposals for adequate financing of education as a whole and
125 at each of its many levels.

126 4. Conduct or participate in research of the types referred to in this article
127 in any instance where the commission finds that such research is necessary for
128 the advancement of the purposes and policies of this compact, utilizing fully the
129 resources of national associations, regional compact organizations for higher
130 education, and other agencies and institutions, both public and private.

131 5. Formulate suggested policies and plans for the improvement of public
132 education as a whole or for any segment thereof, and make recommendations with
133 respect thereto available to the appropriate governmental units, agencies and

134 public officials.

135 6. Do such other things as may be necessary or incidental to the
136 administration of any of its authority or functions pursuant to this compact.

137 Article V

138 Cooperation With Federal Government

139 A. If the laws of the United States specifically so provide, or if
140 administrative provision is made therefor within the federal government, the
141 United States may be represented on the commission by not to exceed ten
142 representatives. Any such representative or representatives of the United States
143 shall be appointed and serve in such manner as may be provided by or pursuant
144 to federal law, and may be drawn from any one or more branches of the federal
145 government, but no such representative shall have a vote on the commission.

146 B. The commission may provide information and make recommendations
147 to any executive or legislative agency or officer of the federal government
148 concerning the common educational policies of the states, and may advise with
149 any such agencies or officers concerning any matter of mutual interest.

150 Article VI

151 Committees

152 A. To assist in the expeditious conduct of its business when the full
153 commission is not meeting, the commission shall elect a steering committee of
154 thirty-two members which, subject to the provisions of this compact and
155 consistent with the policies of the commission, shall be constituted and function
156 as provided in the bylaws of the commission. Eight of the voting membership of
157 the steering committee shall consist of governors, eight shall be legislators, and
158 the remainder shall consist of other members of the commission. A federal
159 representative on the commission may serve with the steering committee, but
160 without vote. The voting members of the steering committee shall serve for terms
161 of two years, except that members elected to the first steering committee of the
162 commission shall be elected as follows: sixteen for one year and sixteen for two
163 years. The chairman, vice chairman, and treasurer of the commission shall be
164 members of the steering committee and, anything in this paragraph to the
165 contrary notwithstanding, shall serve during their continuance in these
166 offices. Vacancies in the steering committee shall not affect its authority to act,
167 but the commission at its next regularly ensuing meeting following the occurrence
168 of any vacancy shall fill it for the unexpired term. No person shall serve more
169 than two terms as a member of the steering committee; provided that service for

170 a partial term of one year or less shall not be counted toward the two term
171 limitation.

172 B. The commission may establish advisory and technical committees
173 composed of state, local and federal officials, and private persons to advise it with
174 respect to any one or more of its functions. Any advisory or technical committee
175 may, on request of the states concerned, be established to consider any matter of
176 special concern to two or more of the party states.

177 C. The commission may establish such additional committees as its
178 bylaws may provide.

179 Article VII

180 Finance

181 A. The commission shall advise the governor or designated officer or
182 officers of each party state of its budget and estimated expenditures for such
183 period as may be required by the laws of that party state. Each of the
184 commission's budgets of estimated expenditures shall contain specific
185 recommendations of the amount or amounts to be appropriated by each of the
186 party states.

187 B. The total amount of appropriation requests under any budget shall be
188 apportioned among the party states. In making such apportionment, the
189 commission shall devise and employ a formula which takes equitable account of
190 the populations and per capita income levels of the party states.

191 C. The commission shall not pledge the credit of any party states. The
192 commission may meet any of its obligations in whole or in part with funds
193 available to it pursuant to Article III(G) of this compact, provided that the
194 commission takes specific action setting aside such funds prior to incurring an
195 obligation to be met in whole or in part in such manner. Except where the
196 commission makes use of funds available to it pursuant to Article III(G) thereof,
197 the commission shall not incur any obligation prior to the allotment of funds by
198 the party states adequate to meet the same.

199 D. The commission shall keep accurate accounts of all receipts and
200 disbursements. The receipts and disbursements of the commission shall be
201 subject to the audit and accounting procedures established by its
202 bylaws. However, all receipts and disbursements of funds handled by the
203 commission shall be audited yearly by a qualified public accountant, and the
204 report of the audit shall be included in and become part of the annual reports of
205 the commission.

206 E. The accounts of the commission shall be open at any reasonable time
207 for inspection by duly constituted officers of the party states and by any person
208 authorized by the commission.

209 F. Nothing contained herein shall be construed to prevent commission
210 compliance with laws relating to audit or inspection of accounts by or on behalf
211 of any government contributing to the support of the commission.

212 Article VIII

213 Eligible Parties; Entry Into and Withdrawal

214 A. This compact shall have as eligible parties all states, territories, and
215 possessions of the United States, the District of Columbia, and the
216 Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a
217 governor, the term "governor", as used in this compact, shall mean the closest
218 equivalent official of such jurisdiction.

219 B. Any state or other eligible jurisdiction may enter into this compact and
220 it shall become binding thereon when it has adopted the same; provided that in
221 order to enter into initial effect, adoption by at least ten eligible party
222 jurisdictions shall be required.

223 C. Adoption of the compact may be either by enactment thereof or by
224 adherence thereto by the governor; provided that in the absence of enactment,
225 adherence by the governor shall be sufficient to make his state a party only until
226 December 31, 1967. During any period when a state is participating in this
227 compact through gubernatorial action, the governor shall appoint those persons
228 who, in addition to himself, shall serve as the members of the commission from
229 his state, and shall provide to the commission an equitable share of the financial
230 support of the commission from any source available to him.

231 D. Except for a withdrawal effective on December 31, 1967 in accordance
232 with paragraph C of this article, any party state may withdraw from this compact
233 by enacting a statute repealing the same, but no such withdrawal shall take effect
234 until one year after the governor of the withdrawing state has given notice in
235 writing of the withdrawal to the governors of all other party states. No
236 withdrawal shall affect any liability already incurred by or chargeable to a party
237 state prior to the time of such withdrawal.

238 Article IX

239 Construction and Severability

240 This compact shall be liberally construed so as to effectuate the purposes
241 thereof. The provisions of this compact shall be severable and if any phrase,

242 clause, sentence or provision of this compact is declared to be contrary to the
243 constitution of any state or of the United States, or the application thereof to any
244 government, agency, person or circumstance is held invalid, the validity of the
245 remainder of this compact and the applicability thereof to any government,
246 agency, person or circumstance shall not be affected thereby. If this compact
247 shall be held contrary to the constitution of any state participating therein, the
248 compact shall remain in full force and effect as to the state affected as to all
249 severable matters.

173.480. 1. There is hereby created in the state treasury the
2 "Higher Education Capital Fund", which shall consist of money
3 collected under this section. The general assembly may appropriate
4 moneys to the fund for the purpose of providing matching funds to
5 public colleges or universities, as provided in this section.

6 2. Moneys in the fund may be distributed to public colleges or
7 universities in the form of matching funds for the funding of capital
8 projects. The state shall not issue bonds to provide funding under this
9 section. No moneys shall be distributed through the fund without a line
10 item appropriation for a specific project. A public college or university
11 may use the matching funds for new construction, rehabilitation,
12 maintenance, renovation, or reconstruction. A public college or
13 university shall not use any matching funds received pursuant to this
14 section for any athletic facilities, parking structures, or student
15 housing.

16 3. Any matching funds distributed under this section shall be
17 limited to the amount of fifty percent of the project's cost. To qualify
18 for matching funds, a public college or university shall complete an
19 application to the commissioner of higher education and demonstrate
20 that it has obtained fifty percent of the project's cost through private
21 donations or grants. No funds from the higher education capital fund
22 shall be made available to match funds that a public college or
23 university has obtained from its operating budget, tuition, fees, the
24 issuance of revenue bonds or general obligation bonds, or from any
25 state appropriation.

26 4. The commissioner of higher education shall create an
27 application and establish procedures for public colleges or universities
28 to follow to receive matching funds under this section. The
29 commissioner of higher education may promulgate rules and

30 regulations to implement this section. Any rule or portion of a rule, as
31 that term is defined in section 536.010 that is created under the
32 authority delegated in this section shall become effective only if it
33 complies with and is subject to all of the provisions of chapter 536, and,
34 if applicable, section 536.028. This section and chapter 536 are
35 nonseverable and if any of the powers vested with the general assembly
36 pursuant to chapter 536, to review, to delay the effective date, or to
37 disapprove and annul a rule are subsequently held unconstitutional,
38 then the grant of rulemaking authority and any rule proposed or
39 adopted after August 28, 2012, shall be invalid and void.

40 5. The commissioner of higher education shall administer the
41 higher education capital fund. The state treasurer shall be custodian
42 of the fund. In accordance with sections 30.170 and 30.180 the state
43 treasurer may approve disbursements. The fund shall be a dedicated
44 fund and, upon appropriation, money in the fund shall be used solely
45 for the administration of this section.

46 6. Notwithstanding the provisions of section 33.080 to the
47 contrary, any moneys remaining in the fund at the end of the biennium
48 shall not revert to the credit of the general revenue fund.

41 biennium not exceeding twenty-five thousand dollars shall be exempt from the
42 provisions of section 33.080 relating to transfer of unexpended balances to the
43 general revenue fund.

44 4. The documents and fees required pursuant to this section shall be
45 submitted to the department of revenue by July first prior to the next regular

49 plate in a manner reasonably calculated to advise the public of such
50 proposal. Reasonable notice shall include posting the proposal for the specialty
51 plate on the department's official public website, and making available copies of
52 the specialty plate application to any representative of the news media or public
53 upon request and posting the application on a bulletin board or other prominent
54 public place which is easily accessible to the public and clearly designated for
55 that purpose at the principal office.

56 6. Adequate notice conforming with all the requirements of subsection 5
57 of this section shall be given not less than four weeks, exclusive of weekends and

60 support or opposition of the proposed specialty plate shall be submitted to the
61 department of revenue by November thirtieth of the year of filing of the original
62 proposal. All written testimony shall contain the printed name, signature,
63 address, phone number, and email address, if applicable, of the individual giving
64 the testimony.

69 by the joint committee on transportation oversight, the organization shall submit
70 the proposed art design for the specialty license plate to the department as soon

71 as practicable, but no later than sixty days after the approval of the specialty
72 license plate. If the specialty license plate requested by the organization is not
73 approved by the joint committee on transportation oversight, ninety-seven percent
74 of the application fee shall be refunded to the requesting organization.

75 9. An emblem-use authorization fee may be charged by the organization
76 prior to the issuance of an approved specialty plate. The organization's specialty
77 plate proposal approved by the joint committee on transportation oversight shall
78 state what fee is required to obtain such statement and if such fee is required
79 annually or biennially, if the applicant has a two-year registration. An
80 organization applying for specialty plates shall authorize the use of its official
81 emblem to be affixed on multiyear personalized license plates within the plate
82 area prescribed by the director of revenue and as provided in this section. Any
83 contribution to the organization derived from the emblem-use contribution, except
84 reasonable administrative costs, shall be used solely for the purposes of the
85 organization. Any member of the organization or nonmember, if applicable, may
86 annually apply for the use of the emblem, if applicable.

88 specialty license plate within one year after approval of the specialty license plate
89 by the joint committee on transportation oversight.

90 11. The department shall issue a specialty license plate to the owner who
91 meets the requirements for issuance of the specialty plate for any motor vehicle
92 such owner owns, either solely or jointly, other than an apportioned motor vehicle

94 gross weight.

95 12. Each new or renewed application for an approved specialty license
96 plate shall be made to the department of revenue, accompanied by an additional
97 fee of fifteen dollars and the appropriate emblem-use authorization statement.

98 13. The appropriate registration fees, fifteen dollar specialty plate fee,

100 of the motor vehicle as set forth by law must be submitted at the time the
101 specialty plates are actually issued and renewed or as otherwise provided by
102 law. However, no additional fee for the personalization of this plate shall be
103 charged.

104 14. Once a specialty plate design is approved, a request for such plate
105 may be made any time during a registration period. If a request is made for a
106 specialty license plate to replace a current valid license plate, all documentation,

107 credits, and fees provided for in this chapter when replacing a current license
108 plate shall apply.

109 15. A vehicle owner who was previously issued a plate with an
110 organization emblem authorized by this section, but who does not provide an
111 emblem-use authorization statement at a subsequent time of registration if
112 required, shall be issued a new plate which does not bear the organization's
113 emblem, as otherwise provided by law.

114 16. Specialty license plates shall bear a design approved by the
115 organization submitting the original application for approval by the joint
116 committee on transportation oversight. The design shall be within the plate area

120 clearly visible at night, shall have a reflective white background in the area of the
121 plate configuration, and shall be aesthetically attractive, as prescribed by section
122 301.130 and as provided in this section.

123 In addition to a design, the specialty license plates shall be in accordance with
124 criteria and plate design set forth in this chapter.

125 17. The department is authorized to discontinue the issuance and renewal
126 of a specialty license plate if the organization has stopped providing services and
127 emblem-use authorization statements are no longer being issued by the
128 organization. Such organizations shall notify the department immediately to
129 discontinue the issuance of a specialty plate.

130 18. The organization that requested the specialty license plate shall not
131 redesign the specialty personalized license plate unless such organization pays
132 the director in advance all redesigned plate fees. All plate holders of such plates
133 must pay the replacement fees prescribed in section 301.300 for the replacement
134 of the existing specialty plate. All other applicable license plate fees in
135 accordance with this chapter shall be required.

19 nonseverable and if any of the powers vested with the general assembly
20 pursuant to chapter 536 to review, to delay the effective date, or to
21 disapprove and annul a rule are subsequently held unconstitutional,
22 then the grant of rulemaking authority and any rule proposed or
23 adopted after August 28, 2012, shall be invalid and void.
