Such certificate shall be limited to the major area of study of the holder and shall be restricted to those certificates established under subdivision (2) of subsection 3 of this section. Holders of certificates granted under this subdivision shall be exempt from the teacher tenure act under sections 168.102 to 168.130 and each school district shall have the decision-making authority on whether to hire the

(5) By the state board, under rules and regulations prescribed by it, on the basis of certification by the American Board for Certification of Teacher Excellence (ABCTE) and verification of ability to work with children as demonstrated by sixty contact hours in any one of the following areas as validated by the school principal: sixty contact hours in the classroom, of which at least forty-five must be teaching; sixty contact hours as a substitute teacher, with at least thirty consecutive hours in the same classroom; sixty contact hours of teaching in a private school; or sixty contact hours of teaching as a paraprofessional, for an initial four-year ABCTE certificate of license to teach, except that such certificate shall not be granted for the areas of early childhood education, or special education. For certification in the area of elementary education, ninety contact hours in the classroom shall be required, of which at least thirty shall be in an elementary classroom. Upon the completion of the requirements listed in paragraphs (a), (b), (c), and (d) of this subdivision, an applicant shall be eligible to apply for a career continuous professional certificate under subdivision (3) of subsection 3 of this section:

(a) Completion of thirty contact hours of professional development within four years, which may include hours spent in class in an appropriate college curriculum;

(b) Validated completion of two years of the mentoring program of the American Board for Certification of Teacher Excellence or a district mentoring program approved by the state

(c) Completion of the application for a one-year visiting scholars certificate; and

(d) Completion of a background check as prescribed under section 168.133.

The initial visiting scholars certificate shall certify the holder of such certificate to teach for one year. An applicant shall be eligible to renew an initial visiting scholars certificate a maximum of two times, based upon the completion of the requirements listed under paragraphs (a), (b), and (d) of this subdivision; completion of professional development required

by the school district and school; and attainment of a satisfactory performance-based teacher evaluation.

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. (1) Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(2) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program.

(3) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (2) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for

the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

a. Has ten years of teaching experience as defined by the state board of education;

b. Possesses a master's degree; or

c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by

completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate of license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall be valid for three years and shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

(1) Is the spouse of a member of the Armed Forces stationed in Missouri;

(2) Relocated from another state within one year of the date of application;

(3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and

(4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

8. No later than thirty days after receiving confirmation that an applicant who is a spouse of a member of the Armed Forces stationed in Missouri has successfully completed the background check described under subsection 5 of this section and section 168.133, the state board shall issue to such applicant a full certificate of license to teach, provided that the applicant has

paid all necessary fees and has otherwise met all requirements to be issued such a certificate.

192.2305. 1. 5. The office shall acknowledge complaints, report its findings, make recommendations, gather and disseminate information and other material, and publicize its existence.

6. The ombudsman may recommend to the relevant governmental agency changes in the rules and regulations adopted or proposed by such governmental agency which do or may adversely affect the health, safety, welfare, or civil or human rights of any resident in a facility. The office shall analyze and monitor the development and implementation of federal, state and local laws, regulations and policies with respect to long-term care facilities and services and Missouri veterans' homes in the state and shall recommend to the department changes in such laws, regulations and policies deemed by the office to be appropriate.

7. The office shall promote community contact and involvement with residents of facilities through the use of volunteers and volunteer programs directed by the regional ombudsman coordinators.

10. The regional ombudsman coordinators and ombudsman volunteers shall have the authority to report instances of abuse and neglect to the ombudsman hotline operated by the department.

11. If the regional ombudsman coordinator or volunteer finds that a nursing home administrator is not willing to work with the ombudsman program to resolve complaints, the state ombudsman shall be notified. The department shall establish procedures by rule in accordance with chapter 536 for implementation of this subsection.

12. The office shall prepare and distribute to each facility written notices which set forth the address and telephone number of the office, a brief explanation of the function of the office, the procedure to follow in filing a complaint and other pertinent information.

13. The administrator of each facility shall ensure that such written notice is given to every resident or the resident's guardian upon admission to the facility and to every person

already in residence, or to his or her guardian. The administrator shall also post such written notice in a conspicuous, public place in the facility in the number and manner set forth in the regulations adopted by the department.

14. The office shall inform residents, their guardians or their families of their rights and entitlements under state and federal laws and rules and regulations by means of the distribution of educational materials and group meetings.

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the family support division shall use an income assessment methodology which provides for eligibility when family income is

assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. The family support division shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for MO HealthNet benefits. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for MO HealthNet benefits under subdivision (12), (13) or (14) of this subsection shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the family support division for assessing eligibility under this chapter shall be as simple as practicable;

(19) Subject to appropriations necessary to recruit and train such staff, the family support division shall provide one

or more full-time, permanent eligibility specialists to process applications for MO HealthNet benefits at the site of a health care provider, if the health care provider requests the placement of such eligibility specialists and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment of such eligibility specialists. The division may provide a health care provider with a part-time or temporary eligibility specialist at the site of a health care provider if the health care provider requests the placement of such an eligibility specialist and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such an eligibility specialist. (20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy. Pregnant women receiving substance abuse treatment within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for substance abuse treatment and

The department of mental health and the department of social services shall seek any necessary waivers or state plan amendments from the Centers for Medicare and Medicaid Services and shall develop rules relating to treatment plan adherence. No later than fifteen months after receiving any necessary waiver, the department of mental health and the department of social services shall report to the house of representatives budget committee and the senate appropriations committee on the compliance with federal cost neutrality requirements;

(21) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior

services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

(23) All participants who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(24) (a) All persons who would be determined to be eligible for old age assistance benefits under the eligibility

standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f); or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. Section 1396a(a)(10)(A)(ii)(XVIII). Such persons shall be

eligible during a period of presumptive eligibility in accordance with 42 U.S.C. Section 1396r-1;

(26) Persons who are in foster care under the responsibility of the state of Missouri on the date such persons attained the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, or persons who received foster care for at least six months in another state, are residing in Missouri, and are at least eighteen years of age, without regard to income or assets, if such persons:

(a) Are under twenty-six years of age;

(b) Are not eligible for coverage under another mandatory coverage group; and

(c) Were covered by Medicaid while they were in foster care.

2. Rules and regulations to implement this section shall be promulgated in accordance with chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990, any

family eligible for assistance pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or

after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5.
