- 2. The board shall prescribe standards for the evaluation of the financial condition, business history, and qualifications of each borrower and the terms and conditions of loans which may be secured, and may require each application to include a financial report and evaluation by an independent certified public accounting firm, in addition to such examination and evaluation as may be conducted by any participating lender.

91 section. Notwithstanding any other provision of law to the contrary, the amount 92 received by the assignor of such tax credit shall be taxable as income of the 93 assignor, and the excess of the par value of such credit over the amount paid by 94 the assignee for such credit shall be taxable as income of the assignee.

8. Provisions of subsections 1 to 7 of this section to the contrary notwithstanding, no more than ten million dollars in tax credits provided under this section, may be authorized or approved annually prior to June 30, 2011. No tax credits shall be authorized or approved under the provisions of this section after June 30, 2011, unless an allocation is made pursuant to the provisions of subsection 9 of this section. In any fiscal year for which an allocation is made pursuant to the provisions of subsection 9 of this section, no more than the amount of tax credits so allocated shall be authorized or approved. [The limitation on tax credit authorization and approval provided under this subsection may be exceeded only upon mutual agreement, evidenced by a signed and properly notarized letter, by the commissioner of the office of administration, the director of the department of economic development, and the director of the department of revenue that such action is essential to ensure retention or attraction of investment in Missouri provided, however, that in no case shall more than twenty-five million dollars in tax credits be authorized or approved during such year.] Taxpayers shall file, with the board, an application for tax credits authorized under this section on a form provided by the board. In the event the amount of claims exceed the amount of tax credits available under the provisions of this subsection, the board shall award the credits on a first-to-file, first-to-receive basis. The provisions of this subsection shall not be construed to limit or in any way impair the ability of the board to authorize tax credits for issuance for projects authorized or approved, by a vote of the board, on or before the thirtieth day following the effective date of this act, or a taxpayer's ability to redeem such tax credits.

9. No later than October 1, 2010, and the first day of October each year thereafter, the Missouri development finance board shall provide to the budget committee of the house of representatives and the appropriations committee of the senate a request for an allocation for the tax credit provided under the provisions of this section. Allocations made pursuant to the provisions of this subsection shall provide the amount of tax credits which may be authorized during

127 the fiscal year immediately following the fiscal year in which such 128 allocation is made. Other provisions of law to the contrary notwithstanding, allocations for tax credits made pursuant to the 129 130 provisions of this subsection may exceed annual limitations on tax credit authorization provided by law. In the case of allocations for 131 132 authorizations of tax credits for programs under which such credits may be issued over a period of fiscal years for a single project or 133 134 projects, such allocation shall be made for the total amount of tax 135 credits to be issued in the aggregate over the entire term of fiscal 136 years, and the subsequent issuance of tax credits so authorized shall not be taken into account in subsequent fiscal years for purposes of 137 determining compliance with statutory limitations on tax credit 138 authorization. For purposes of this subsection, "streaming credit 139 issuance" shall mean any instance where an administering agency is 140 allowed, by law, to issue tax credits over a period of years to a 141 142 recipient for a single project or series of projects. The allocations provided under this subsection shall only be made in the annual 143 144 appropriation bill relating to public debt and shall specify:

- 145 (1) The program under which such tax credits may be 146 authorized;
- 147 (2) The fiscal year allocation being made;
- 148 (3) The administering agency for such program; and
- 149 (4) Whether the amount authorized is for streaming credit 150 issuance and the amount so designated.
- 151 Allocations for any tax credit program which remain unauthorized at
- 152 the end of the fiscal year shall expire on the thirtieth day of June of
- 153 such fiscal year. The provisions of this subsection shall not be
- 154 construed to limit or in any way impair a recipient's ability to redeem
- 155 tax credits or an administering agency's ability to issue tax credits
- 156 authorized prior to July 1, 2011.
