208.010. 1. In determining the eligibility of a claimant for public  
2 assistance pursuant to this law, it shall be the duty of the family support division  
3 to consider and take into account all facts and circumstances surrounding the  
4 claimant, including his or her living conditions, earning capacity, income and  
5 resources, from whatever source received, and if from all the facts and  
6 circumstances the claimant is not found to be in need, assistance shall be denied.  
7 In determining the need of a claimant, the costs of providing medical treatment  
8 which may be furnished pursuant to sections 208.151 to 208.158 shall be

10 support, and maintenance shall provide such persons with reasonable subsistence  
11 compatible with decency and health in accordance with the standards developed  
12 by the family support division; provided, when a husband and wife are living  
13 together, the combined income and resources of both shall be considered in  
14 determining the eligibility of either or both. "Living together" for the purpose of  
15 this chapter is defined as including a husband and wife separated for the purpose  
16 of obtaining medical care or nursing home care, except that the income of a  
17 husband or wife separated for such purpose shall be considered in determining  
18 the eligibility of his or her spouse, only to the extent that such income exceeds  
19 the amount necessary to meet the needs (as defined by rule or regulation of the  
20 division) of such husband or wife living separately. In determining the need of  
21 a claimant in federally aided programs there shall be disregarded such amounts  
22 per month of earned income in making such determination as shall be required  
23 for federal participation by the provisions of the federal Social Security Act (42  
24 U.S.C.A. 301, et seq.), or any amendments thereto. When federal law or  
25 regulations require the exemption of other income or resources, the family  
26 support division may provide by rule or regulation the amount of income or  
27 resources to be disregarded.

28 2. Benefits shall not be payable to any claimant who:

29 (1) Has or whose spouse with whom he or she is living has, prior to July  
30 1, 1989, given away or sold a resource within the time and in the manner  
31 specified in this subdivision. In determining the resources of an individual,  
32 unless prohibited by federal statutes or regulations, there shall be included (but  
33 subject to the exclusions pursuant to subdivisions (4) and (5) of this subsection,  
34 and subsection 5 of this section) any resource or interest therein owned by such  
35 individual or spouse within the twenty-four months preceding the initial  
36 investigation, or at any time during which benefits are being drawn, if such  
37 individual or spouse gave away or sold such resource or interest within such  
38 period of time at less than fair market value of such resource or interest for the  
39 purpose of establishing eligibility for benefits, including but not limited to  
40 benefits based on December, 1973, eligibility requirements, as follows:

41 (a) Any transaction described in this subdivision shall be presumed to  
42 have been for the purpose of establishing eligibility for benefits or assistance  
43 pursuant to this chapter unless such individual furnishes convincing evidence to  
44 establish that the transaction was exclusively for some other purpose;

45 (b) The resource shall be considered in determining eligibility from the

46 date of the transfer for the number of months the uncompensated value of the  
47 disposed of resource is divisible by the average monthly grant paid or average  
48 Medicaid payment in the state at the time of the investigation to an individual  
49 or on his or her behalf under the program for which benefits are claimed,  
50 provided that:

51 a. When the uncompensated value is twelve thousand dollars or less, the  
52 resource shall not be used in determining eligibility for more than twenty-four  
53 months; or

54 b. When the uncompensated value exceeds twelve thousand dollars, the  
55 resource shall not be used in determining eligibility for more than sixty months;

56 (2) The provisions of subdivision (1) of this subsection shall not apply to  
57 a transfer, other than a transfer to claimant's spouse, made prior to March 26,  
58 1981, when the claimant furnishes convincing evidence that the uncompensated  
59 value of the disposed of resource or any part thereof is no longer possessed or  
60 owned by the person to whom the resource was transferred;

61 (3) Has received, or whose spouse with whom he or she is living has  
62 received, benefits to which he or she was not entitled through misrepresentation  
63 or nondisclosure of material facts or failure to report any change in status or  
64 correct information with respect to property or income as required by section  
65 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for  
66 such period of time from the date of discovery as the family support division may  
67 deem proper; or in the case of overpayment of benefits, future benefits may be  
68 decreased, suspended or entirely withdrawn for such period of time as the  
69 division may deem proper;

70 (4) Owns or possesses resources in the sum of **[one] two** thousand dollars  
71 or more; provided, however, that if such person is married and living with spouse,  
72 he or she, or they, individually or jointly, may own resources not to exceed **[two]**  
73 **four** thousand dollars; and provided further, that in the case of a temporary  
74 assistance for needy families claimant, the provision of this subsection shall not  
75 apply;

76 (5) Prior to October 1, 1989, owns or possesses property of any kind or  
77 character, excluding amounts placed in an irrevocable prearranged funeral or  
78 burial contract under chapter 436, or has an interest in property, of which he or  
79 she is the record or beneficial owner, the value of such property, as determined  
80 by the family support division, less encumbrances of record, exceeds twenty-nine  
81 thousand dollars, or if married and actually living together with husband or wife,

82 if the value of his or her property, or the value of his or her interest in property,  
83 together with that of such husband and wife, exceeds such amount;

84 (6) In the case of temporary assistance for needy families, if the parent,  
85 stepparent, and child or children in the home owns or possesses property of any  
86 kind or character, or has an interest in property for which he or she is a record  
87 or beneficial owner, the value of such property, as determined by the family  
88 support division and as allowed by federal law or regulation, less encumbrances  
89 of record, exceeds one thousand dollars, excluding the home occupied by the  
90 claimant, amounts placed in an irrevocable prearranged funeral or burial contract  
91 under chapter 436, one automobile which shall not exceed a value set forth by  
92 federal law or regulation and for a period not to exceed six months, such other  
93 real property which the family is making a good-faith effort to sell, if the family  
94 agrees in writing with the family support division to sell such property and from  
95 the net proceeds of the sale repay the amount of assistance received during such  
96 period. If the property has not been sold within six months, or if eligibility  
97 terminates for any other reason, the entire amount of assistance paid during such  
98 period shall be a debt due the state;

99 (7) Is an inmate of a public institution, except as a patient in a public  
100 medical institution.

101 3. In determining eligibility and the amount of benefits to be granted  
102 pursuant to federally aided programs, the income and resources of a relative or  
103 other person living in the home shall be taken into account to the extent the  
104 income, resources, support and maintenance are allowed by federal law or  
105 regulation to be considered.

106 4. In determining eligibility and the amount of benefits to be granted  
107 pursuant to federally aided programs, the value of burial lots or any amounts  
108 placed in an irrevocable prearranged funeral or burial contract under chapter 436  
109 shall not be taken into account or considered an asset of the burial lot owner or  
110 the beneficiary of an irrevocable prearranged funeral or funeral contract. For  
111 purposes of this section, "burial lots" means any burial space as defined in section  
112 214.270 and any memorial, monument, marker, tombstone or letter marking a  
113 burial space. If the beneficiary, as defined in chapter 436, of an irrevocable  
114 prearranged funeral or burial contract receives any public assistance benefits  
115 pursuant to this chapter and if the purchaser of such contract or his or her  
116 successors in interest transfer, amend, or take any other such actions regarding  
117 the contract so that any person will be entitled to a refund, such refund shall be

118 paid to the state of Missouri with any amount in excess of the public assistance  
119 benefits provided under this chapter to be refunded by the state of Missouri to the  
120 purchaser or his or her successors. In determining eligibility and the amount of  
121 benefits to be granted under federally aided programs, the value of any life  
122 insurance policy where a seller or provider is made the beneficiary or where the  
123 life insurance policy is assigned to a seller or provider, either being in  
124 consideration for an irrevocable prearranged funeral contract under chapter 436,  
125 shall not be taken into account or considered an asset of the beneficiary of the  
126 irrevocable prearranged funeral contract. In addition, the value of any funds, up  
127 to nine thousand nine hundred ninety-nine dollars, placed into an irrevocable  
128 personal funeral trust account, where the trustee of the irrevocable personal  
129 funeral trust account is a state or federally chartered financial institution  
130 authorized to exercise trust powers in the state of Missouri, shall not be taken  
131 into account or considered an asset of the person whose funds are so deposited if  
132 such funds are restricted to be used only for the burial, funeral, preparation of  
133 the body, or other final disposition of the person whose funds were deposited into  
134 said personal funeral trust account. No person or entity shall charge more than  
135 ten percent of the total amount deposited into a personal funeral trust in order  
136 to create or set up said personal funeral trust, and any fees charged for the  
137 maintenance of such a personal funeral trust shall not exceed three percent of the  
138 trust assets annually. Trustees may commingle funds from two or more such  
139 personal funeral trust accounts so long as accurate books and records are kept as  
140 to the value, deposits, and disbursements of each individual depositor's funds and  
141 trustees are to use the prudent investor standard as to the investment of any  
142 funds placed into a personal funeral trust. If the person whose funds are  
143 deposited into the personal funeral trust account receives any public assistance  
144 benefits pursuant to this chapter and any funds in the personal funeral trust  
145 account are, for any reason, not spent on the burial, funeral, preparation of the  
146 body, or other final disposition of the person whose funds were deposited into the  
147 trust account, such funds shall be paid to the state of Missouri with any amount  
148 in excess of the public assistance benefits provided under this chapter to be  
149 refunded by the state of Missouri to the person who received public assistance  
150 benefits or his or her successors. No contract with any cemetery, funeral  
151 establishment, or any provider or seller shall be required in regards to funds  
152 placed into a personal funeral trust account as set out in this subsection.

153           5. In determining the total property owned pursuant to subdivision (5) of

154 subsection 2 of this section, or resources, of any person claiming or for whom  
155 public assistance is claimed, there shall be disregarded any life insurance policy,  
156 or prearranged funeral or burial contract, or any two or more policies or  
157 contracts, or any combination of policies and contracts, which provides for the  
158 payment of one thousand five hundred dollars or less upon the death of any of the  
159 following:

- 160 (1) A claimant or person for whom benefits are claimed; or  
161 (2) The spouse of a claimant or person for whom benefits are claimed with  
162 whom he or she is living.

163 If the value of such policies exceeds one thousand five hundred dollars, then the  
164 total value of such policies may be considered in determining resources; except  
165 that, in the case of temporary assistance for needy families, there shall be  
166 disregarded any prearranged funeral or burial contract, or any two or more  
167 contracts, which provides for the payment of one thousand five hundred dollars  
168 or less per family member.

169 6. Beginning September 30, 1989, when determining the eligibility of  
170 institutionalized spouses, as defined in 42 U.S.C. Section 1396r-5, for medical  
171 assistance benefits as provided for in section 208.151 and 42 U.S.C. Sections  
172 1396a, et seq., the family support division shall comply with the provisions of the  
173 federal statutes and regulations. As necessary, the division shall by rule or  
174 regulation implement the federal law and regulations which shall include but not  
175 be limited to the establishment of income and resource standards and  
176 limitations. The division shall require:

177 (1) That at the beginning of a period of continuous institutionalization  
178 that is expected to last for thirty days or more, the institutionalized spouse, or  
179 the community spouse, may request an assessment by the family support division  
180 of total countable resources owned by either or both spouses;

181 (2) That the assessed resources of the institutionalized spouse and the  
182 community spouse may be allocated so that each receives an equal share;

183 (3) That upon an initial eligibility determination, if the community  
184 spouse's share does not equal at least twelve thousand dollars, the  
185 institutionalized spouse may transfer to the community spouse a resource  
186 allowance to increase the community spouse's share to twelve thousand dollars;

187 (4) That in the determination of initial eligibility of the institutionalized  
188 spouse, no resources attributed to the community spouse shall be used in  
189 determining the eligibility of the institutionalized spouse, except to the extent

190 that the resources attributed to the community spouse do exceed the community  
191 spouse's resource allowance as defined in 42 U.S.C. Section 1396r-5;

192 (5) That beginning in January, 1990, the amount specified in subdivision  
193 (3) of this subsection shall be increased by the percentage increase in the  
194 Consumer Price Index for All Urban Consumers between September, 1988, and  
195 the September before the calendar year involved; and

196 (6) That beginning the month after initial eligibility for the  
197 institutionalized spouse is determined, the resources of the community spouse  
198 shall not be considered available to the institutionalized spouse during that  
199 continuous period of institutionalization.

200 7. Beginning July 1, 1989, institutionalized individuals shall be ineligible  
201 for the periods required and for the reasons specified in 42 U.S.C. Section 1396p.

202 8. The hearings required by 42 U.S.C. Section 1396r-5 shall be conducted  
203 pursuant to the provisions of section 208.080.

205 pursuant to this chapter there shall be disregarded unless otherwise provided by  
206 federal or state statutes the home of the applicant or recipient when the home is  
207 providing shelter to the applicant or recipient, or his or her spouse or dependent  
208 child. The family support division shall establish by rule or regulation in  
209 conformance with applicable federal statutes and regulations a definition of the  
210 home and when the home shall be considered a resource that shall be considered  
211 in determining eligibility.

212 10. Reimbursement for services provided by an enrolled Medicaid provider  
213 to a recipient who is duly entitled to Title XIX Medicaid and Title XVIII Medicare  
214 Part B, Supplementary Medical Insurance (SMI) shall include payment in full of  
215 deductible and coinsurance amounts as determined due pursuant to the  
216 applicable provisions of federal regulations pertaining to Title XVIII Medicare  
217 Part B, except for hospital outpatient services or the applicable Title XIX cost  
218 sharing.

219 11. A "community spouse" is defined as being the noninstitutionalized  
220 spouse.

221 12. An institutionalized spouse applying for Medicaid and having a spouse  
222 living in the community shall be required, to the maximum extent permitted by  
223 law, to divert income to such community spouse to raise the community spouse's  
224 income to the level of the minimum monthly needs allowance, as described in 42  
225 U.S.C. Section 1396r-5. Such diversion of income shall occur before the

226 community spouse is allowed to retain assets in excess of the community spouse  
227 protected amount described in 42 U.S.C. Section 1396r-5.

208.151. 1. Medical assistance on behalf of needy persons shall be known  
2 as "MO HealthNet". For the purpose of paying MO HealthNet benefits and to  
3 comply with Title XIX, Public Law 89-97, 1965 amendments to the federal Social  
4 Security Act (42 U.S.C. Section 301, et seq.) as amended, the following needy  
5 persons shall be eligible to receive MO HealthNet benefits to the extent and in  
6 the manner hereinafter provided, **unless otherwise provided in subsection**  
7 **2 of this section:**

8 (1) All participants receiving state supplemental payments for the aged,  
9 blind and disabled;

14 are participating in drug court, as defined in section 478.001, shall have their

17 for Medicare and Medicaid Services;

18 (3) All participants receiving blind pension benefits;

19 (4) All persons who would be determined to be eligible for old age

23 are sixty-five years of age or over and are patients in state institutions for mental  
24 diseases or tuberculosis;

39 benefits, aid to the permanently and totally disabled, or aid to the blind benefits  
40 on December 31, 1973, and who continue to meet the eligibility requirements,

45 dependent children, except for the existence of a dependent child in the home;

47 dependent children, except for the existence of a dependent child who is deprived  
48 of parental support as provided for in subdivision (2) of subsection 1 of section

54 successor agency;

55 (13) Children who have attained one year of age but have not attained six  
56 years of age who are eligible for medical assistance under 6401 of P.L. 101-239

58 use an income eligibility standard equal to one hundred thirty-three percent of  
59 the federal poverty level established by the Department of Health and Human  
60 Services, or its successor agency;

61 (14) Children who have attained six years of age but have not attained  
62 nineteen years of age. For children who have attained six years of age but have

65 is equal to or less than equal to one hundred percent of the federal poverty level  
66 established by the Department of Health and Human Services, or its successor  
67 agency. As necessary to provide MO HealthNet coverage under this subdivision,  
68 the department of social services may revise the state MO HealthNet plan to  
69 extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to children who have  
70 attained six years of age but have not attained nineteen years of age as permitted

73 U.S.C. 1396a;

74 (15) The family support division shall not establish a resource eligibility  
75 standard in assessing eligibility for persons under subdivision (12), (13) or (14)

80 (16) Notwithstanding any other provisions of law to the contrary,  
81 ambulatory prenatal care shall be made available to pregnant women during a  
82 period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as  
83 amended;

84 (17) A child born to a woman eligible for and receiving MO HealthNet  
85 benefits under this section on the date of the child's birth shall be deemed to have  
86 applied for MO HealthNet benefits and to have been found eligible for such  
87 assistance under such plan on the date of such birth and to remain eligible for  
88 such assistance for a period of time determined in accordance with applicable  
89 federal and state law and regulations so long as the child is a member of the  
90 woman's household and either the woman remains eligible for such assistance or  
91 for children born on or after January 1, 1991, the woman would remain eligible  
92 for such assistance if she were still pregnant. Upon notification of such child's  
93 birth, the family support division shall assign a MO HealthNet eligibility  
94 identification number to the child so that claims may be submitted and paid  
95 under such child's identification number;

96 (18) Pregnant women and children eligible for MO HealthNet benefits  
97 pursuant to subdivision (12), (13) or (14) of this subsection shall not as a  
98 condition of eligibility for MO HealthNet benefits be required to apply for aid to

100 application for eligibility for such persons which eliminates information  
101 requirements other than those necessary to apply for MO HealthNet  
102 benefits. The division shall provide such application forms to applicants whose  
103 preliminary income information indicates that they are ineligible for aid to  
104 families with dependent children. Applicants for MO HealthNet benefits under  
105 subdivision (12), (13) or (14) of this subsection shall be informed of the aid to  
106 families with dependent children program and that they are entitled to apply for

107 such benefits. Any forms utilized by the family support division for assessing  
108 eligibility under this chapter shall be as simple as practicable;

109 (19) Subject to appropriations necessary to recruit and train such staff,  
110 the family support division shall provide one or more full-time, permanent  
111 eligibility specialists to process applications for MO HealthNet benefits at the site  
112 of a health care provider, if the health care provider requests the placement of  
113 such eligibility specialists and reimburses the division for the expenses including  
114 but not limited to salaries, benefits, travel, training, telephone, supplies, and  
115 equipment of such eligibility specialists. The division may provide a health care  
116 provider with a part-time or temporary eligibility specialist at the site of a health  
117 care provider if the health care provider requests the placement of such an  
118 eligibility specialist and reimburses the division for the expenses, including but  
119 not limited to the salary, benefits, travel, training, telephone, supplies, and  
120 equipment, of such an eligibility specialist. The division may seek to employ such  
121 eligibility specialists who are otherwise qualified for such positions and who are  
122 current or former welfare participants. The division may consider training such  
123 current or former welfare participants as eligibility specialists for this program;

124 (20) Pregnant women who are eligible for, have applied for and have  
125 received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this  
126 subsection shall continue to be considered eligible for all pregnancy-related and  
127 postpartum MO HealthNet benefits provided under section 208.152 until the end  
128 of the sixty-day period beginning on the last day of their pregnancy;

129 (21) Case management services for pregnant women and young children  
130 at risk shall be a covered service. To the greatest extent possible, and in  
131 compliance with federal law and regulations, the department of health and senior  
132 services shall provide case management services to pregnant women by contract  
133 or agreement with the department of social services through local health  
134 departments organized under the provisions of chapter 192 or chapter 205 or a  
135 city health department operated under a city charter or a combined city-county  
136 health department or other department of health and senior services designees.  
137 To the greatest extent possible the department of social services and the  
138 department of health and senior services shall mutually coordinate all services  
139 for pregnant women and children with the crippled children's program, the  
140 prevention of intellectual disability and developmental disability program and the  
141 prenatal care program administered by the department of health and senior  
142 services. The department of social services shall by regulation establish the

143 methodology for reimbursement for case management services provided by the  
144 department of health and senior services. For purposes of this section, the term  
145 "case management" shall mean those activities of local public health personnel  
146 to identify prospective MO HealthNet-eligible high-risk mothers and enroll them  
147 in the state's MO HealthNet program, refer them to local physicians or local  
148 health departments who provide prenatal care under physician protocol and who  
149 participate in the MO HealthNet program for prenatal care and to ensure that  
150 said high-risk mothers receive support from all private and public programs for  
151 which they are eligible and shall not include involvement in any MO HealthNet  
152 prepaid, case-managed programs;

153 (22) By January 1, 1988, the department of social services and the  
154 department of health and senior services shall study all significant aspects of  
155 presumptive eligibility for pregnant women and submit a joint report on the  
156 subject, including projected costs and the time needed for implementation, to the  
157 general assembly. The department of social services, at the direction of the  
158 general assembly, may implement presumptive eligibility by regulation  
159 promulgated pursuant to chapter 207;

160 (23) All participants who would be eligible for aid to families with  
161 dependent children benefits except for the requirements of paragraph (d) of  
162 subdivision (1) of section 208.150;

163 (24) (a) All persons who would be determined to be eligible for old age  
164 assistance benefits under the eligibility standards in effect December 31, 1973,  
165 as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as  
166 contained in the MO HealthNet state plan as of January 1, 2005; except that, on  
167 or after July 1, 2005, less restrictive income methodologies, as authorized in 42  
168 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized  
169 by annual appropriation;

170 (b) All persons who would be determined to be eligible for aid to the blind  
171 benefits under the eligibility standards in effect December 31, 1973, as authorized  
172 by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the  
173 MO HealthNet state plan as of January 1, 2005, except that less restrictive  
174 income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be  
175 used to raise the income limit to one hundred percent of the federal poverty level;

176 (c) All persons who would be determined to be eligible for permanent and  
177 total disability benefits under the eligibility standards in effect December 31,  
178 1973, as authorized by 42 U.S.C. 1396a(f); or less restrictive methodologies as

179 contained in the MO HealthNet state plan as of January 1, 2005; except that, on  
180 or after July 1, 2005, less restrictive income methodologies, as authorized in 42  
181 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized  
182 by annual appropriations. Eligibility standards for permanent and total  
183 disability benefits shall not be limited by age;

184 (25) Persons who have been diagnosed with breast or cervical cancer and  
185 who are eligible for coverage pursuant to 42 U.S.C. 1396a  
186 (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of  
187 presumptive eligibility in accordance with 42 U.S.C. 1396r-1;

188 (26) Effective August 28, 2013, persons who are in foster care under the  
189 responsibility of the state of Missouri on the date such persons attain the age of  
190 eighteen years, or at any time during the thirty-day period preceding their  
191 eighteenth birthday, without regard to income or assets, if such persons:

192 (a) Are under twenty-six years of age;

193 (b) Are not eligible for coverage under another mandatory coverage group;

194 and

195 (c) Were covered by Medicaid while they were in foster care.

196 **2. Beginning July 1, 2015, eligibility for MO HealthNet benefits**  
197 **shall be amended as follows:**

198 **(1) Persons eligible under subdivision (25) of subsection 1 of this**  
199 **section shall be eligible for MO HealthNet benefits as provided in this**  
200 **section, except for those persons who have access to screening through**  
201 **employer-sponsored health insurance coverage or subsidized insurance**  
202 **coverage through an exchange;**

203 **(2) Pregnant women who are eligible under subdivision (12) of**  
204 **subsection 1 of this section, with income between one hundred thirty-**  
205 **three and one hundred eighty-five percent of the federal poverty level**  
206 **as converted to the MAGI equivalent net income standard shall be**  
207 **eligible for MO HealthNet in the form of a premium subsidy as**  
208 **established by rule of the department in order for them to enroll in a**  
209 **plan offered by a health care exchange, whether federally facilitated,**  
210 **state based, or operated on a partnership basis. The pregnant women**  
211 **shall be directed to choose an exchange plan and shall be eligible for**  
212 **a premium subsidy equal to the amount of the percentage of income**  
213 **required for premium payments or coinsurance to the pregnant women**  
214 **by federal rule. This subdivision shall not apply to women currently**

215 covered by employer-sponsored health insurance coverage or other  
216 private health insurance offered outside or by a health care exchange,  
217 whether federally facilitated, state based, or operated on a partnership  
218 basis and then become pregnant;

219 (3) Beginning October 1, 2019, infants under one year of age who  
220 are eligible under subdivision (12) of subsection 1 of this section shall  
221 be limited to those infants whose family income does not exceed one  
222 hundred eighty-five percent of the federal poverty level as converted  
223 to the MAGI equivalent net income standard as established and  
224 amended by the federal Department of Health and Human Services or  
225 its successor agency. Infants under one year of age born to women who  
226 were covered under subdivision (2) of this subsection with family  
227 income between one hundred thirty-three and one hundred eighty-five  
228 percent of the federal poverty level as converted to the MAGI  
229 equivalent net income standard shall only be eligible if, in addition to  
230 the other requirements, his or her parents do not have access to health  
231 insurance coverage for the child through a health insurance plan in a  
232 health care exchange, whether federally facilitated, state based, or  
233 operated on a partnership basis, and the parents are not eligible for a  
234 premium subsidy for the child or family through such exchange  
235 because the parents have been determined to have access to affordable  
236 health insurance as defined by the exchange;

237 (4) The changes in eligibility under subdivisions (1) to (3) of this  
238 subsection shall not take place unless and until:

239 (a) There are health insurance premium tax credits under  
240 Section 36B of the Internal Revenue Code of 1986, as amended,  
241 available to persons through the purchase of a health insurance plan  
242 in a health care exchange, whether federally facilitated, state based, or  
243 operated on a partnership basis. The director of the department of  
244 revenue shall notify to the director of the department of social services  
245 that health insurance premium tax credits are available, and the  
246 director of the department of revenue shall notify the revisor of  
247 statutes;

248 (b) The federal Department of Health and Human Services grants  
249 any necessary waivers and state plan amendments to implement this  
250 subsection, federal funding is received for the premium subsidies to be  
251 paid by the department of social services, and notice has been provided

252 **to the revisor of statutes.**

253           **3.** Rules and regulations to implement this section shall be promulgated  
254 in accordance with chapter 536. Any rule or portion of a rule, as that term is  
255 defined in section 536.010, that is created under the authority delegated in this  
256 section shall become effective only if it complies with and is subject to all of the  
257 provisions of chapter 536 and, if applicable, section 536.028. This section and  
258 chapter 536 are nonseverable and if any of the powers vested with the general  
259 assembly pursuant to chapter 536 to review, to delay the effective date or to  
260 disapprove and annul a rule are subsequently held unconstitutional, then the  
261 grant of rulemaking authority and any rule proposed or adopted after August 28,  
262 2002, shall be invalid and void.

263           **[3.] 4.** After December 31, 1973, and before April 1, 1990, any family  
264 eligible for assistance pursuant to 42 U.S.C. 601, et seq., as amended, in at least  
265 three of the last six months immediately preceding the month in which such  
266 family became ineligible for such assistance because of increased income from  
267 employment shall, while a member of such family is employed, remain eligible for  
268 MO HealthNet benefits for four calendar months following the month in which  
269 such family would otherwise be determined to be ineligible for such assistance  
270 because of income and resource limitation. After April 1, 1990, any family  
271 receiving aid pursuant to 42 U.S.C. 601, et seq., as amended, in at least three of  
272 the six months immediately preceding the month in which such family becomes  
273 ineligible for such aid, because of hours of employment or income from  
274 employment of the caretaker relative, shall remain eligible for MO HealthNet  
275 benefits for six calendar months following the month of such ineligibility as long  
276 as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family  
277 which has received such medical assistance during the entire six-month period  
278 described in this section and which meets reporting requirements and income  
279 tests established by the division and continues to include a child as provided in  
280 42 U.S.C. 1396r-6 shall receive MO HealthNet benefits without fee for an  
281 additional six months. The MO HealthNet division may provide by rule and as  
282 authorized by annual appropriation the scope of MO HealthNet coverage to be  
283 granted to such families.

284           **[4.] 5.** When any individual has been determined to be eligible for MO  
285 HealthNet benefits, such medical assistance will be made available to him or her  
286 for care and services furnished in or after the third month before the month in  
287 which he made application for such assistance if such individual was, or upon

288 application would have been, eligible for such assistance at the time such care  
289 and services were furnished; provided, further, that such medical expenses  
290 remain unpaid.

291 [5.] 6. The department of social services may apply to the federal  
292 Department of Health and Human Services for a MO HealthNet waiver  
293 amendment to the Section 1115 demonstration waiver or for any additional MO  
294 HealthNet waivers necessary not to exceed one million dollars in additional costs  
295 to the state, unless subject to appropriation or directed by statute, but in no event  
296 shall such waiver applications or amendments seek to waive the services of a  
297 rural health clinic or a federally qualified health center as defined in 42 U.S.C.  
298 1396d(1)(1) and (2) or the payment requirements for such clinics and centers as  
299 provided in 42 U.S.C. 1396a(a)(15) and 1396a(bb) unless such waiver application  
300 is approved by the oversight committee created in section 208.955. A request for  
301 such a waiver so submitted shall only become effective by executive order not  
302 sooner than ninety days after the final adjournment of the session of the general  
303 assembly to which it is submitted, unless it is disapproved within sixty days of  
304 its submission to a regular session by a senate or house resolution adopted by a  
305 majority vote of the respective elected members thereof, unless the request for  
306 such a waiver is made subject to appropriation or directed by statute.

307 [6.] 7. Notwithstanding any other provision of law to the contrary, in any  
308 given fiscal year, any persons made eligible for MO HealthNet benefits under  
309 subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if  
310 annual appropriations are made for such eligibility. This subsection shall not  
311 apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

312 **8. The department shall notify any potential exchange-eligible**  
313 **participant who may be eligible for services due to spenddown that the**  
314 **participant may qualify for more cost-effective private insurance and**  
315 **premium tax credits under Section 36B of the Internal Revenue Code**  
316 **of 1986, as amended, available through the purchase of a health**  
317 **insurance plan in a health care exchange, whether federally facilitated,**  
318 **state based, or operated on a partnership basis and the benefits that**  
319 **would be potentially covered under such insurance.**

208.186. 1. Any person participating in the MO HealthNet  
2 program who has pled guilty to or been found guilty of a crime, or in  
3 the case of a juvenile, admitted to allegations or had allegations found  
4 to be true, involving alcohol or a controlled substance or any crime in

5 which alcohol or substance abuse was, in the opinion of the court, a  
6 contributing factor to the person's commission of the crime shall be  
7 required to obtain an assessment by a treatment provider approved by  
8 the department of mental health to determine the need for  
9 services. Recommendations of the treatment provider may be used by  
10 the court in sentencing or rendering a disposition.

11 2. Any person participating in the MO HealthNet program who  
12 is a parent of a child subject to proceedings in juvenile court under  
13 subsection 1 or 2 of section 211.031, whose misuse of controlled  
14 substances or alcohol is found to be a significant, contributing factor  
15 to the reason the child was adjudicated, shall be required to obtain an  
16 assessment by a treatment provider approved by the department of  
17 mental health to determine the need for services. Recommendations of  
18 the treatment provider shall be included in the child's permanency  
19 plan. The court may order the parent or guardian to successfully  
20 complete treatment before the child is reunified with the parent or  
21 guardian.

22 3. The MO HealthNet division shall certify a MO HealthNet  
23 participant's enrollment in MO HealthNet if requested by the court  
24 under this section. A letter signed by the director of the MO HealthNet  
25 division or his or her designee or the family support division certifying  
26 that the individual is a participant in the MO HealthNet program shall  
27 be prima facie evidence of such participation and shall be admissible  
28 into evidence without further foundation for that purpose. The letter  
29 may specify additional information such as anticipated dates of  
30 coverage as may be deemed necessary by the department.

208.631. 1. Notwithstanding any other provision of law to the contrary,  
2 the MO HealthNet division shall establish a program to pay for health care for  
3 uninsured children. Coverage pursuant to sections 208.631 to 208.659 is subject  
4 to appropriation. The provisions of sections 208.631 to 208.569, health care for  
5 uninsured children, shall be void and of no effect if there are no funds of the  
6 United States appropriated by Congress to be provided to the state on the basis  
7 of a state plan approved by the federal government under the federal Social  
8 Security Act. If funds are appropriated by the United States Congress, the  
9 department of social services is authorized to manage the state children's health  
10 insurance program (SCHIP) allotment in order to ensure that the state receives  
11 maximum federal financial participation. Children in households with incomes

12 up to one hundred fifty percent of the federal poverty level may meet all Title XIX  
13 program guidelines as required by the Centers for Medicare and Medicaid  
14 Services. Children in households with incomes of one hundred fifty percent to  
15 three hundred percent of the federal poverty level shall continue to be eligible as  
16 they were and receive services as they did on June 30, 2007, unless changed by  
17 the Missouri general assembly.

18 2. For the purposes of sections 208.631 to 208.659, "children" are persons  
19 up to nineteen years of age. "Uninsured children" are persons up to nineteen  
20 years of age who are emancipated and do not have access to affordable  
21 employer-subsidized health care insurance or other health care coverage or  
22 persons whose parent or guardian have not had access to affordable  
23 employer-subsidized health care insurance or other health care coverage for their  
24 children for six months prior to application, are residents of the state of Missouri,  
25 and have parents or guardians who meet the requirements in section 208.636. A  
26 child who is eligible for MO HealthNet benefits as authorized in section 208.151  
27 is not uninsured for the purposes of sections 208.631 to 208.659.

28 **3. Beginning October 1, 2019, a child eligible under sections**  
29 **208.631 to 208.658 shall only remain eligible if, in addition to the other**  
30 **requirements, his or her parents do not have access to health insurance**  
31 **coverage for the child through their employment or through a health**  
32 **insurance plan in a health care exchange, whether federally facilitated,**  
33 **state based, or operated on a partnership basis because the parents are**  
34 **not eligible for a premium subsidy for the child or family through such**  
35 **exchange. This subsection shall not go into effect unless and until, for**  
36 **a six-month period preceding the additional requirements, there are**  
37 **health insurance premium tax credits available for children and family**  
38 **coverage under Section 36B of the Internal Revenue Code of 1986, as**  
39 **amended, available to persons through the purchase of a health**  
40 **insurance plan in a health care exchange, whether federally facilitated,**  
41 **state based, or operated on a partnership basis, which have been in**  
42 **place for a six-month period.**

43 4. The department shall inform participants six months prior to  
44 coverage being discontinued under subsection 3 of this section as to the  
45 possibility of insurance coverage through the purchase of a subsidized  
46 health insurance plan available through a health care exchange.

208.661. 1. The department of social services shall develop

2 incentive programs, submit state plan amendments, and apply for  
3 necessary waivers to permit rural health clinics, federally-qualified  
4 health centers, or other primary care practices to co-locate on the  
5 property of public elementary and secondary schools with seventy-five  
6 percent or more students who are eligible for free or reduced price  
7 lunch.

8       2. Any co-location under this section shall require the consent of  
9 the school district in the form of a written agreement with the service  
10 provider, approved at a public meeting under chapter 610.

11       3. The school district may limit who is eligible to receive services  
12 under this section to any one or combination of the following: students,  
13 siblings of students, parents or guardians of students, and employees.

14       4. No school-based health care clinic established under this  
15 section shall perform or refer for abortion services or provide or refer  
16 for contraceptive drugs or devices, consistent with the provisions of  
17 section 167.611.

18       5. The consent of a parent or legal guardian shall be required  
19 before a minor may receive health care services under this section  
20 except as provided in section 431.056.

21       6. The provisions of this section shall be null and void unless and  
22 until any waivers necessary to the implementation of this section are  
23 granted by the federal government, including waiver of any  
24 requirement that federally-qualified health centers and rural health  
25 clinics provide or refer for abortion services or contraceptive drugs or  
26 devices.

208.662. 1. There is hereby established within the department of  
2 social services the "Show-Me Healthy Babies Program" as a separate  
3 children's health insurance program (CHIP) for any low-income unborn  
4 child. The program shall be established under the authority of Title  
5 XXI of the federal Social Security Act, the State Children's Health  
6 Insurance Program, as amended, and 42 CFR 457.1.

7       2. For an unborn child to be enrolled in the show-me healthy  
8 babies program, his or her mother shall not be eligible for coverage  
9 under Title XIX of the federal Social Security Act, the Medicaid  
10 program, as it is administered by the state, and shall not have access  
11 to affordable employer-subsidized health care insurance or other  
12 affordable health care coverage that includes coverage for the unborn

13 child. In addition, the unborn child shall be in a family with income  
14 eligibility of no more than three hundred percent of the federal poverty  
15 level, or the equivalent modified adjusted gross income, unless the  
16 income eligibility is set lower by the general assembly through  
17 appropriations. In calculating family size as it relates to income  
18 eligibility, the family shall include, in addition to other family  
19 members, the unborn child, or in the case of a mother with a multiple  
20 pregnancy, all unborn children.

21 3. Coverage for an unborn child enrolled in the show-me healthy  
22 babies program shall include all prenatal care and pregnancy-related  
23 services that benefit the health of the unborn child and that promote  
24 healthy labor, delivery, and birth. Coverage need not include services  
25 that are solely for the benefit of the pregnant mother, that are  
26 unrelated to maintaining or promoting a healthy pregnancy, and that  
27 provide no benefit to the unborn child. However, the department may  
28 include pregnancy-related assistance as defined in 42 U.S.C. 1397ll.

29 4. There shall be no waiting period before an unborn child may  
30 be enrolled in the show-me healthy babies program. In accordance  
31 with the definition of child in 42 CFR 457.10, coverage shall include the  
32 period from conception to birth. The department shall develop a  
33 presumptive eligibility procedure for enrolling an unborn child. There  
34 shall be verification of the pregnancy.

35 5. Coverage for the child shall continue for up to one year after  
36 birth, unless otherwise prohibited by law or unless otherwise limited  
37 by the general assembly through appropriations.

38 6. Pregnancy-related and postpartum coverage for the mother  
39 shall begin on the day the pregnancy ends and extend through the last  
40 day of the month that includes the sixtieth day after the pregnancy  
41 ends, unless otherwise prohibited by law or unless otherwise limited by  
42 the general assembly through appropriations. The department may  
43 include pregnancy-related assistance as defined in 42 U.S.C. 1397ll.

44 7. The department may provide coverage for an unborn child  
45 enrolled in the show-me healthy babies program through:

46 (1) Direct coverage whereby the state pays health care providers  
47 directly or by contracting with a managed care organization or with a  
48 group or individual health insurance provider;

49 (2) A premium assistance program whereby the state assists in

50 payment of the premiums, co-payments, coinsurance, or deductibles for  
51 a person who is eligible for health coverage through an employer,  
52 former employer, labor union, credit union, church, spouse, other  
53 organizations, other individuals, or through an individual health  
54 insurance policy that includes coverage for the unborn child, when  
55 such person needs assistance in paying such premiums, co-payments,  
56 coinsurance, or deductibles;

57 (3) A combination of direct coverage, such as when the unborn  
58 child is first enrolled, and premium assistance, such as after the child  
59 is born; or

60 (4) Any other similar arrangement whereby there:

61 (a) Are lower program costs without sacrificing health care  
62 coverage for the unborn child or the child up to one year after birth;

63 (b) Are greater covered services for the unborn child or the child  
64 up to one year after birth;

65 (c) Is also coverage for siblings or other family members,  
66 including the unborn child's mother, such as by providing pregnancy-  
67 related assistance under 42 U.S.C. 1397ll, relating to coverage of  
68 targeted low-income pregnant women through the children's health  
69 insurance program (CHIP); or

70 (d) Will be an ability for the child to transition more easily to  
71 non-government or less government-subsidized group or individual  
72 health insurance coverage after the child is no longer enrolled in the  
73 show-me healthy babies program.

82 (d) The bidder's history of providing managed care plans for  
83 similar populations in Missouri or other states;

84 (e) Any other criteria the department deems relevant to ensuring  
85 MO HealthNet benefits are provided to recipients in such manner as to  
86 save taxpayer money and improve health outcomes of recipients.

87 5. Any managed care organization that enters into a contract  
88 with the state to provide managed care plans shall be required to fulfill  
89 the terms of the contract and provide such plans for at least twelve  
90 months, or up to three years if the contract so provides. The  
91 department shall annually conduct an actuarial review of the  
92 reimbursement rate provided to the managed care organization to  
93 determine if the rate is in accordance with past and prospective losses,  
94 current and projected loss ratios, past and prospective expenses, health  
95 services utilization trend projections, three year rate increase history,  
96 and adequacy of contingency reserves. If the managed care  
97 organization breaches the contract, the state shall be entitled to bring  
98 an action against the managed care organization for any remedy  
99 allowed by law or equity and shall also recover any and all damages  
100 provided by law, including liquidated damages in an amount  
101 determined by the department during the bidding process. Nothing in  
102 this subsection shall be construed to preclude the department or the  
103 state of Missouri from terminating the contract as specified in the  
104 terms of the contract, including for breach of contract, lack of  
105 appropriated funds, or exercising any remedies for breach as may be  
106 provided in the contract.

107 6. (1) Participants enrolling in managed care plans under this  
108 section shall have the ability to choose their plan. In the enrollment  
109 process, participants shall be provided a list of all plans available  
110 ranked by the relative actuarial value of each plan. Each participant  
111 shall be informed in the enrollment process that he or she will be  
112 eligible to receive a portion of the amount saved by Missouri taxpayers  
113 if he or she chooses a lower cost plan offered in his or her region. The  
114 portion received by a participant shall be determined by the  
115 department according to the department's best judgment as to the  
116 portion which will bring the maximum savings to Missouri taxpayers.

117 (2) If a participant fails or refuses to choose a plan as set forth  
118 in subdivision (1) of this subsection, the department shall determine

119 rules for auto-assignment, which shall include performance criteria  
120 based on low-cost bids and improved health outcomes as determined by  
121 the department. Auto-enrolled participants shall be assigned to the  
122 highest performing managed care organization.

123         7. This section shall not be construed to require the department  
124 to terminate any existing managed care contract or to extend any  
125 managed care contract.

126         8. All MO HealthNet plans under this section shall provide  
127 coverage for the following services:

- 128             (1) Ambulatory patient services;
- 129             (2) Emergency services;
- 130             (3) Hospitalization;
- 131             (4) Maternity and newborn care;
- 132             (5) Mental health and substance abuse treatment, including  
133 behavioral health treatment;
- 134             (6) Prescription drugs;
- 135             (7) Habilitative services and devices;
- 136             (8) Laboratory services;
- 137             (9) Preventive and wellness care, and chronic disease  
138 management;
- 139             (10) Pediatric services, including oral and vision care;
- 140             (11) Case management services;
- 141             (12) Preventive services including mental health services for  
142 participants who may be at risk for needing mental health services; and  
143             (13) Any other services required by federal law.

144         9. (1) Electronic billing shall be available for all health care  
145 providers in the MO HealthNet managed care program. Reimbursement  
146 of provider claims shall be paid in accordance with sections 376.383 to  
147 376.384.

148             (2) No MO HealthNet plan or program shall provide coverage for  
149 an abortion unless a physician certifies in writing to the MO HealthNet  
150 agency that, in the physician's professional judgment, the life of the  
151 mother would be endangered if the fetus were carried to term.

152         10. The MO HealthNet managed care program shall provide a  
153 high deductible health plan which shall include:

- 154             (1) A minimum deductible of one thousand dollars;
- 155             (2) After meeting a one thousand dollar deductible, coverage for

156 **benefits as specified by rule of the department;**

157 **(3) An account, funded by the department, of at least one**  
158 **thousand dollars per adult to pay medical costs for the initial**  
159 **deductible funded by the department;**

160 **(4) Preventive care, as defined by the department by rule, that**  
161 **is not subject to the deductible and does not require a payment of**  
162 **moneys from the account described in subdivision (2) of this subsection;**

163 **(5) A basic benefits package if annual medical costs exceed one**  
164 **thousand dollars;**

165 **(6) As soon as practicable, the establishment and maintenance of**  
166 **a record-keeping system for each health care visit or service received**  
167 **by recipients under this subsection. The plan shall require that the**  
168 **recipient's prepaid card number be entered, or electronic strip be**  
169 **swiped, by the health care provider for purposes of maintaining a**  
170 **record of every health care visit or service received by the recipient**  
171 **from such provider, regardless of any balance on the recipient's**  
172 **card. Such information shall include only the date, provider name, and**  
173 **general description of the visit or service provided. The plan shall**  
174 **maintain a complete history of all health care visits and services for**  
175 **which the recipient's prepaid card is entered or swiped in accordance**  
176 **with this subdivision. If required under the federal Health Insurance**  
177 **Portability and Accountability Act (HIPAA) or other relevant state or**  
178 **federal law or regulation, a recipient shall, as a condition of**  
179 **participation in the prepaid card incentive, be required to provide a**  
180 **written waiver for disclosure of any information required under this**  
181 **subdivision;**

182 **(7) The determination of a proportion of the amount left in a**  
183 **participant's account described in subdivision (2) of this subsection**  
184 **which shall be paid to the participant for saving taxpayer money. The**  
185 **amount and method of payment shall be determined by the department;**  
186 **and**

187 **(8) The determination of a proportion of a participant's account**  
188 **described in subdivision (2) of this subsection which shall be used to**  
189 **subsidize premiums to facilitate a participant's transition from health**  
190 **coverage under MO HealthNet to private health insurance based on**  
191 **cost-effective principles determined by the department.**

192 **11. The department shall require managed care plans under this**

193 section to offer an incentive program in which all MO HealthNet  
194 participants with chronic conditions, as specified by the department,  
195 who are enrolled in managed care plans under this section to enroll in  
196 such incentive program. Participants who obtain specified primary  
197 care and preventive services, and who participate or refrain from  
198 participation in specified activities to improve the overall health of the  
199 participant shall be eligible to receive an annual cash payment if  
200 federal financial participation is obtained for such a payment, or, if  
201 not, a cash-equivalent payment for successful completion of the  
202 program. The department shall establish, by rule, the specific primary  
203 care and preventive services, activities to be included in the incentive  
204 program and the amount of any annual payments to participants.

205       12. A MO HealthNet managed care recipient under this section  
206 shall be eligible for participation in only one of either the high  
207 deductible health plan under subsection 10 of this section or the  
208 incentive program under subsection 11 of this section.

209       13. No cash payments, incentives, or credits paid to or on behalf  
210 of a MO HealthNet participant under a program established by the  
211 department under this section shall be deemed to be income to the  
212 participant in any means-tested benefit program unless otherwise  
213 specifically required by law or rule of the department.

214       14. Managed care entities shall inform participants who choose  
215 the high deductible health plan under subsection 10 of this section that  
216 the participant may lose his or her incentive payment under  
217 subdivision (7) of subsection 10 of this section if the participant utilizes  
218 visits to the emergency department for non-emergent purposes. Such  
219 information shall be included on every electronic and paper  
220 correspondence between the managed care plan and the participant.

221       15. The department shall seek all necessary waivers and state  
222 plan amendments from the federal Department of Health and Human  
223 Services necessary to implement the provisions of this section. The  
224 provisions of this section shall not be implemented unless such waivers  
225 and state plan amendments are approved. If this section is approved  
226 in part by the federal government, the department is authorized to  
227 proceed on those sections for which approval has been granted.

228       16. The department may promulgate rules to implement the  
229 provisions of this section. Any rule or portion of a rule, as the term is

230 defined in section 536.010, that is created under the authority delegated  
231 in this section shall become effective only if it complies with and is  
232 subject to all of the provisions of chapter 536 and, if applicable, section  
233 536.028. This section and chapter 536 are nonseverable and if any of the  
234 powers vested with the general assembly under chapter 536 to review,  
235 to delay the effective date or to disapprove and annul a rule are  
236 subsequently held unconstitutional, then the grant of rulemaking  
237 authority and any rule proposed or adopted after August 28, 2014, shall  
238 be invalid and void.

239 17. The MO HealthNet division shall develop transitional  
240 spending plans prior to January 1, 2015, if necessary, for the purpose  
241 of continuing and preserving payments consistent with current  
242 Medicaid levels for community mental health centers (CMHCs), which  
243 act as administrative entities of the department of mental health and  
244 serve as safety net providers. The MO HealthNet division shall create  
245 an implementation workgroup consisting of the MO HealthNet division,  
246 the department of mental health, CMHCs, and managed care  
247 organizations in the MO HealthNet program.

208.999. Subject to appropriations, the department shall develop  
2 incentive programs to encourage the construction and operation of  
3 urgent care clinics which operate outside normal business hours and  
4 are in or adjoining emergency room facilities which receive a high  
5 proportion of patients who are participating in MO HealthNet, to the  
6 extent that the incentives are eligible for federal matching funds.

208.1500. 1. As used in this section, the term "managed care  
2 organization" or "managed care plan" means a managed care  
3 organization or plan that provides benefits to groups or individuals  
4 under the MO HealthNet program. Managed care organizations shall  
5 be required to provide to the department of social services, on at least  
6 an annual basis, and the department of social services shall publicly  
7 report the information within thirty days of receipt, including posting  
8 on the department's website, at least the following information:

9 (1) Medical loss ratios for each managed care organization  
10 compared with the eighty-five percent medical loss ratio for large  
11 group commercial plans under Public Law 111-148 and, where  
12 applicable, with the state's administrative costs in its fee-for-service  
13 MO HealthNet program;

14           **(2) Medical loss ratios of each of a managed care organization's**  
15 **capitated specialized subcontractors, such as mental health or dental**  
16 **health, to make sure that the subcontractors' own administrative costs**  
17 **are not erroneously deemed to be expenditures on health care; and**

18           **(3) Total payments to the managed care organization in any**  
19 **form, including but not limited to tax incentives and capitated**  
20 **payments to participate in MO HealthNet, and total projected state**  
21 **payments for health care for the same population without the managed**  
22 **care organization.**

23           **2. Managed care organizations shall be required to maintain**  
24 **medical loss ratios of at least eighty-five percent for MO HealthNet**  
25 **operations. If a managed care organization's medical loss ratio falls**  
26 **below eighty-five percent in a given year, the managed care plan shall**  
27 **be required to refund to the state the portion of the capitation rates**  
28 **paid to the managed care plan in the amount equal to the difference**  
29 **between the plan's medical loss ratio and eighty-five percent of the**  
30 **capitated payment to the managed care organization.**

31           **3. To aid the discovery of how and if MO HealthNet recipients**  
32 **covered under managed care organization health plans are improving**  
33 **in health outcomes and to provide data to the state to target health**  
34 **disparities, the state of Missouri shall:**

35           **(1) Provide a biannual analysis of each of the state managed care**  
36 **organizations to ensure such organizations are meeting required**  
37 **metrics, goals, and quality measurements as defined in the managed**  
38 **care contract such as costs of managed care services as compared to**  
39 **fee-for-service providers, and to provide the state with needed data for**  
40 **future contract negotiations and incentive management;**

41           **(2) Meet all state health privacy laws and federal Health**  
42 **Insurance Portability and Accountability Act (HIPAA) requirements;**  
43 **and**

44           **(3) Meet federal data security requirements.**

45           **4. The department of social services shall be required to contract**  
46 **with an independent organization that does not contract or consult**  
47 **with managed care plans or insurers to conduct secret shopper surveys**  
48 **of Medicaid managed care plans for compliance with provider network**  
49 **adequacy standards on a regular basis, to be funded by the managed**  
50 **care organizations out of their administrative budgets. Secret shopper**

51 surveys are a quality assurance mechanism under which individuals  
52 posing as managed care enrollees will test the availability of timely  
53 appointments with providers listed as participating in the network of  
54 a given plan for new patients. The testing shall be conducted with  
55 various categories of providers, with the specific categories rotated for  
56 each survey and with no advance notice provided to the managed  
57 health plan. If an attempt to obtain a timely appointment is  
58 unsuccessful, the survey records the particular reason for the failure,  
59 such as the provider not participating in Medicaid at all, not  
60 participating in Medicaid under the plan which listed them and was  
61 being tested, or participating under that plan but only for existing  
62 patients.

63 5. Inadequacy of provider networks, as determined from the  
64 secret shopper surveys or the publication of false or misleading  
65 information about the composition of health plan provider networks,  
66 may be the basis for contract cancellation or sanctions against the  
67 offending managed care organization.

208.1503. 1. Beginning July 1, 2018, participants in the MO  
2 HealthNet fee-for-service program as of January 1, 2014, shall begin  
3 enrollment in regionally-based coordinated care organizations except  
4 for those participants transitioning to the MO HealthNet managed care  
5 program pursuant to section 208.998, those residing in skilled nursing  
6 facilities, and those with developmental disabilities receiving state plan  
7 services or home- and community-based services through a waiver  
8 administered by the department of mental health.

9 2. For purposes of this section, a "coordinated care organization"  
10 or "CCO" shall mean an organization of health care providers, including  
11 a health care home, that agrees to be accountable for the quality, cost,  
12 coordination, and overall care of a defined group of MO HealthNet  
13 participants. The regional CCOs shall be built from the current fee-for-  
14 service payment system and shall use a shared savings model where  
15 over time there is also shared risk, team approaches to care,  
16 participant choice of provider, and investment in technology while  
17 using analytics based on best clinical practices.

18 3. The department shall engage a wide range of community  
19 stakeholders to design an CCO model that functions to meet a variety  
20 of regions and patient populations. The regional or statewide CCOs

21 shall be reimbursed through a global payment methodology developed  
22 by the department.

23 (1) The global payment methodology may utilize a population-  
24 based payment mechanism calculated on a per-member, per-month  
25 calculation, and may include risk adjustments, risk sharing, and  
26 aligned payment incentives to achieve performance improvement;

27 (2) The department may develop performance incentive  
28 payments designed to reward increased quality and decreased cost of  
29 care. CCOs under this section may be eligible to receive performance  
30 incentive payments as determined by the department beginning in their  
31 second full year of operation.

32 4. The department may designate that certain health care  
33 services be excluded from the global payment methodology if it is  
34 determined cost effective by the department. Health care services  
35 provided under paragraph (c) of subdivision (15) of subsection 1 of  
36 section 208.152 shall be excluded from the global payment methodology.

37 5. Participants under a CCO shall be placed in a health care  
38 home under section 208.997 or in the disease management 3700 project  
39 (DM 3700) or any successor collaborative project between the  
40 department of mental health and MO HealthNet that targets high cost  
41 MO HealthNet participants who have co-occurring chronic medical  
42 conditions and serious mental illness.

43 6. Notwithstanding MO HealthNet coverage of children under  
44 section 208.998, the department shall advance the development of  
45 systems of care for medically complex children who are recipients of  
46 MO HealthNet benefits by accepting cost-effective regional proposals  
47 from and contracting with appropriate pediatric care networks,  
48 pediatric centers for excellence, and medical homes for children to  
49 provide MO HealthNet benefits when the department determines it is  
50 cost effective to do so. Such entities shall be treated as coordinated  
51 care organizations under this section.

52 7. The department shall promulgate rules to implement this  
53 section, including rules that:

54 (1) Encourage access to care through provider rates that include  
55 pay-for-performance and are comparable to commercial rates;

56 (2) Develop statewide uniform data and analytics integration;

57 (3) Consider developing regional community care organizations

58 as an CCO model for the introduction of the elderly, blind, and disabled  
59 population into coordinated care;

60 (4) Require the contracts to adopt mandatory medical loss ratios;

61 (5) Sponsor a variety of community collaboration initiatives to  
62 promote cost-saving and health improvement activities at the local  
63 level;

64 (6) Ensure that there is an adequate provider network through  
65 the CCO agreements;

66 (7) The MO HealthNet division shall develop transitional  
67 spending plans prior to January 1, 2015, if necessary, for the purpose  
68 of continuing and preserving payments consistent with current  
69 Medicaid levels for community mental health centers (CMHCs), which  
70 act as administrative entities of the department of mental health and  
71 serve as safety net providers. The MO HealthNet division shall create  
72 an implementation workgroup consisting of the MO HealthNet Division,  
73 the department of mental health, CMHCs, and managed care  
74 organizations in the MO HealthNet program.

75 8. By July 1, 2015, the departments of social services, health and  
76 senior services and mental health and the division of budget and  
77 planning within the office of administration shall jointly conduct a  
78 study on the feasibility, practical implications, and risks of integrating  
79 all of the aged, blind, and disabled population, including Medicare and  
80 Medicaid dual eligibles, skilled nursing facility, health home, home-and  
81 community-based waiver and department of mental health waiver  
82 populations into the coordinated care organization model established  
83 under this section. The study shall investigate six areas of feasibility:

84 (1) Technical and system, including the technological and human  
85 resource capabilities needed for a CCO model;

86 (2) Legal, including what waivers, if any, would be necessary  
87 from the federal government;

88 (3) Operational, such as how a CCO model for the populations at  
89 issue and with current department policies would work in practice;

90 (4) Economic, identifying what the short, medium and long terms  
91 costs would be and the amount of any potential cost savings to the state  
92 general revenue fund;

93 (5) Social and community, including whether the CCO model  
94 would foster independence and living in the least restrictive

95 environment and the impact such changes would have on the  
96 participants;

97 (6) Schedule, taking into consideration the factors from  
98 subdivisions (1) through (5) of this subsection, how long it would take  
99 to shift all of the populations at issue into the model.

100 The study shall not be limited to the six areas of feasibility. The  
101 departments shall solicit the input of participants, clients, patients,  
102 vendors, providers, and other stakeholders affected by the transition  
103 to the new model. At the study's conclusion, the departments shall  
104 jointly present the findings in public before the joint committee on MO  
105 HealthNet created under section 208.952. Stakeholders shall have the  
106 opportunity to comment on the study's conclusions. The study shall be  
107 released to the public at least sixty days before any public hearings on  
108 the study are convened.

208.1506. 1. Notwithstanding any other provision of law to the  
2 contrary, beginning July 1, 2015, any MO HealthNet recipient who  
3 elects to receive medical coverage through a private health insurance  
4 plan instead of through the MO HealthNet program shall be eligible for  
5 a private insurance premium subsidy to assist the recipient in paying  
6 the costs of such private insurance if it is determined to be cost  
7 effective by the department. The subsidy shall be provided on a sliding  
8 scale based on income, with a graduated reduction in subsidy over a  
9 period of time not to exceed two years.

10 2. Nothing in this section shall be construed as being part of a  
11 MO HealthNet program, plan, or benefit, and this section shall  
12 specifically not apply to or impact premium subsidies or other cost  
13 supports enrolling MO HealthNet participants in employer-provided  
14 health plans, other private health plans, or plans purchased through a  
15 health care exchange.

16 3. The department may promulgate rules to implement the  
17 provisions of this section. Any rule or portion of a rule, as that term is  
18 defined in section 536.010, that is created under the authority delegated  
19 in this section shall become effective only if it complies with and is  
20 subject to all of the provisions of chapter 536 and, if applicable, section  
21 536.028. This section and chapter 536 are nonseverable and if any of  
22 the powers vested with the general assembly under chapter 536 to  
23 review, to delay the effective date, or to disapprove and annul a rule

24 are subsequently held unconstitutional, then the grant of rulemaking  
25 authority and any rule proposed or adopted after August 28, 2014, shall  
26 be invalid and void.

376.2020. 1. For purposes of this section, the following terms  
2 shall mean:

3 (1) "Enrollee", the same meaning ascribed to it in section  
4 376.1350;

5 (2) "Health care provider", the same meaning ascribed to it in  
6 section 376.1350;

7 (3) "Health care service", the same meaning ascribed to it in  
8 section 376.1350;

9 (4) "Health carrier", the same meaning ascribed to it in section  
10 376.1350.

11 2. No provision in a contract in existence or entered into,  
12 amended, or renewed on or after August 28, 2014, between a health  
13 carrier and a health care provider shall be enforceable if such  
14 contractual provision prohibits, conditions, or in any way restricts any  
15 party to such contract from disclosing to an enrollee, patient, potential  
16 patient, or such person's parent or legal guardian, the contractual  
17 payment amount for a health care service if such payment amount is  
18 less than the health care provider's usual charge for the health care  
19 service, and if such contractual provision prevents the determination  
20 of the potential out-of-pocket cost for the health care service by the  
21 enrollee, patient, potential patient, parent, or legal guardian.

473.398. 1. Upon the death of a person, who has been a participant of aid,  
2 assistance, care, services, or who has had moneys expended on his behalf by the  
3 department of health and senior services, department of social services, or the  
4 department of mental health, or by a county commission, the total amount paid  
5 to the decedent or expended upon his behalf after January 1, 1978, shall be a debt  
6 due the state or county, as the case may be, from the estate of the decedent. The  
7 debt shall be collected as provided by the probate code of Missouri, chapters 472,  
8 473, 474 and 475.

9 2. Procedures for the allowance of such claims shall be in accordance with  
10 this chapter, and such claims shall be allowed as a claim of the seventh class  
11 under subdivision (7) of section 473.397.

12 3. Such claim shall not be filed or allowed if it is determined that:

13 (1) The cost of collection will exceed the amount of the claim;

14           (2) The collection of the claim will adversely affect the need of the  
15 surviving spouse or dependents of the decedent to reasonable care and support  
16 from the estate.

17           4. Claims consisting of moneys paid on the behalf of a participant as  
18 defined in 42 U.S.C. 1396 shall be allowed, except as provided in subsection 3 of  
19 this section, upon the showing by the claimant of proof of moneys  
20 expended. [Such proof may include but is not limited to the following items  
21 which are deemed to be competent and substantial evidence of payment:

22           (1) Computerized records maintained by any governmental entity as  
23 described in subsection 1 of this section of a request for payment for services  
24 rendered to the participant; and
