19           (c) A determination that an application contains sufficient information for review as provided in this  
20 subsection (2) does not ensure that the proposed subdivision will be approved or conditionally approved by the  
21 governing body and does not limit the ability of the reviewing agent or agency or the governing body to request  
22 additional information during the review process.

23           (3) The time limits provided in subsections (1) and (2) apply to each submittal of the application until:

8 application, until the governing body denies, approves, or conditionally approves the subdivision.

9 (b) The provisions of subsection (5)(a) do not apply if the review period is extended or suspended  
10 pursuant to subsection (4).

11 (6) If the governing body denies or conditionally approves the proposed subdivision, it shall send the

17 (b) The subdivider shall, as part of the subdivider's application for sanitation approval, forward the

25 of the final plat.

26 (b) For a proposed subdivision that will create one or more parcels containing 20 acres or more, the  
27 governing body may condition approval of the final plat upon the subdivider demonstrating, pursuant to 76-3-622,  
28 that there is an adequate water source and at least one area for a septic system and a replacement drainfield  
29 for each lot.

30 (9) (a) Review and approval, conditional approval, or denial of a proposed subdivision under this chapter

1 may occur only under those regulations in effect at the time a subdivision application is determined to contain  
 2 sufficient information for review as provided in subsection (2).

6

7 **Section 2.** Section 76-3-608, MCA, is amended to read:

8 **"76-3-608. Criteria for local government review -- information from governmental entity --**

9 **consideration of future subdivisions.** (1) The basis for the governing body's decision to approve, conditionally  
 10 approve, or deny a proposed subdivision is whether the subdivision application, preliminary plat, applicable  
 11 environmental assessment, public hearing, planning board recommendations, or additional information  
 12 demonstrates that development of the proposed subdivision meets the requirements of this chapter. A governing  
 13 body may not deny approval of a proposed subdivision based solely on the subdivision's impacts on educational  
 14 services.

15 (2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as  
 16 applicable.

17 (3) A subdivision proposal must undergo review for the following primary criteria:

18 (a) except when the governing body has established an exemption pursuant to subsection (6) of this  
 19 section or except as provided in 76-3-509, 76-3-609(2) or (4), or 76-3-616, the impact ~~on~~ of the proposed  
 20 subdivision on agriculture surrounding agricultural operations, agricultural water user facilities, local services, the  
 21 natural environment, wildlife, wildlife habitat, and public health and safety;

22 (b) compliance with:

23 (i) the survey requirements provided for in part 4 of this chapter;

24 (ii) the local subdivision regulations provided for in part 5 of this chapter; and

25 (iii) the local subdivision review procedure provided for in this part;

26 (c) the provision of easements within and to the proposed subdivision for the location and installation  
 27 of any planned utilities; and

28 (d) the provision of legal and physical access to each parcel within the proposed subdivision and the  
 29 required notation of that access on the applicable plat and any instrument of transfer concerning the parcel.

30 (4) The governing body may require the subdivider to design the proposed subdivision to reasonably

1 minimize potentially significant adverse impacts identified through the review required under subsection (3). The  
 2 governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

3 (5) (a) In reviewing a proposed subdivision under subsection (3) and when requiring mitigation under  
 4 subsection (4), a governing body may not unreasonably restrict a landowner's ability to develop land, but it is  
 5 recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and  
 6 will preclude approval of the subdivision.

7 (b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider  
 8 and shall give due weight and consideration to the expressed preference of the subdivider.

9 (6) A governing body may conditionally approve or deny a proposed subdivision as a result of the water  
 10 and sanitation information provided pursuant to 76-3-622 or public comment received pursuant to 76-3-604 on  
 11 the information provided pursuant to 76-3-622 only if the conditional approval or denial is based on existing  
 12 subdivision, zoning, or other regulations that the governing body has the authority to enforce.

13 (7) A governing body may not require as a condition of subdivision approval that a property owner waive  
 14 a right to protest the creation of a special improvement district or a rural improvement district for capital  
 15 improvement projects that does not identify the specific capital improvements for which protest is being waived.  
 16 A waiver of a right to protest may not be valid for a time period longer than 20 years after the date that the final  
 17 subdivision plat is filed with the county clerk and recorder.

18 (8) If a federal, state, or local governmental entity submits a written comment, information, or an opinion  
 19 regarding a subdivision application for the purpose of assisting a governing body's review of a subdivision  
 20 application, the governmental entity shall provide a scientific, peer-reviewed report INFORMATION that supports  
 21 the comment, information, or opinion. The governing body may not consider information from a governmental  
 22 entity that is or has been involved in an effort to acquire or assist others in acquiring an interest in the real  
 23 property identified in the subdivision application.

24 (9) A governing body may not consider the impact of a subdivision under review in conjunction with the  
 25 impact of a future subdivision or subdivisions for which an application is pending or has not yet been filed."

26

27 **Section 3.** Section 76-3-615, MCA, is amended to read:

28 **"76-3-615. Subsequent hearings -- consideration of new information -- requirements for**  
 29 **regulations.** (1) The regulations adopted pursuant to 76-3-504(1)(o) must comply with the provisions of this  
 30 section.

1 (2) The governing body shall determine whether public comments or documents presented to the  
2 governing body at a hearing held pursuant to 76-3-605 constitute:

3 (a) information or analysis of information that was presented at a hearing held pursuant to 76-3-605 that  
4 the public has had a reasonable opportunity to examine and on which the public has had a reasonable  
5 opportunity to comment; or

6 (b) new information regarding a subdivision application that has never been submitted as evidence or  
7 considered by either the governing body or its agent or agency at a hearing during which the subdivision  
8 application was considered.

9 (3) If the governing body determines that the public comments or documents constitute the information  
10 described in subsection (2)(b), the governing body may:

11 (a) approve, conditionally approve, or deny the proposed subdivision without basing its decision on the  
12 new information if the governing body determines that the new information is either irrelevant or not credible; or

13 (b) schedule or direct its agent or agency to schedule a subsequent public hearing for consideration of  
14 only the new information that may have an impact on the findings and conclusions that the governing body will  
15 rely upon in making its decision on the proposed subdivision.

16 (4) Information pertaining to mitigation by the subdivider pursuant to 76-3-608(4) may not be considered  
17 new information under subsection (2)(b) of this section.

18 ~~(4)(5)~~ If a public hearing is held as provided in subsection (3)(b), the 60-working-day review period  
19 required in 76-3-604(4) is suspended and the new hearing must be noticed and held within 45 days of the  
20 governing body's determination to schedule a new hearing. After the new hearing, the 60-working-day time limit  
21 resumes at the governing body's next scheduled public meeting for which proper notice for the public hearing on  
22 the subdivision application can be provided. The governing body may not consider any information regarding the  
23 subdivision application that is presented after the hearing when making its decision to approve, conditionally  
24 approve, or deny the proposed subdivision."  
25
