17 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

18

19 **SECTION 1.** SECTION 15-1-121, MCA, IS AMENDED TO READ:

20 **"15-1-121. Entitlement share payment -- purpose -- appropriation.** (1) As described in 15-1-120(3),
21 each local government is entitled to an annual amount that is the replacement for revenue received by local
22 governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant
23 to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later
24 enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other
25 revenue in the state treasury with each local government's share. The reimbursement under this section is
26 provided by direct payment from the state treasury rather than the ad hoc system that offset certain state
27 payments with local government collections due the state and reimbursements made by percentage splits, with
28 a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending
29 a portion to other local governments. The amount calculated pursuant to this subsection, as adjusted pursuant
30 to subsection (3)(a)(i), is each local government's base entitlement share. The department shall estimate the total

1 amount of revenue that each local government received from the following sources for the fiscal year ending June
2 30, 2001:

3 (2) The sources of dedicated revenue that were relinquished by local governments in exchange for an
4 entitlement share of the state general fund were:

5 (a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter
6 584, Laws of 1999;

7 (b) vehicle, boat, and aircraft taxes and fees pursuant to:

8 (i) Title 23, chapter 2, part 5;

9 (ii) Title 23, chapter 2, part 6;

10 (iii) Title 23, chapter 2, part 8;

11 (iv) 61-3-317;

12 (v) 61-3-321;

13 (vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment
14 of 61-3-509 in 2001;

15 (vii) Title 61, chapter 3, part 7;

16 (viii) 5% of the fees collected under 61-10-122;

17 (ix) 61-10-130;

18 (x) 61-10-148; and

19 (xi) 67-3-205;

20 (c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);

21 (d) district court fees pursuant to:

22 (i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);

23 (ii) 25-1-202;

24 (iii) 25-9-506; and

25 (iv) 27-9-103;

26 (e) certificate of title fees for manufactured homes pursuant to 15-1-116;

27 (f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;

28 (g) all beer, liquor, and wine taxes pursuant to:

29 (i) 16-1-404;

30 (ii) 16-1-406; and

- 1 (iii) 16-1-411;
- 2 (h) late filing fees pursuant to 61-3-220;
- 3 (i) title and registration fees pursuant to 61-3-203;
- 4 (j) veterans' cemetery license plate fees pursuant to 61-3-459;
- 5 (k) county personalized license plate fees pursuant to 61-3-406;
- 6 (l) special mobile equipment fees pursuant to 61-3-431;
- 7 (m) single movement permit fees pursuant to 61-4-310;
- 8 (n) state aeronautics fees pursuant to 67-3-101; and
- 9 (o) department of natural resources and conservation payments in lieu of taxes pursuant to Title 77,
- 10 chapter 1, part 5.

11 ~~————(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall~~
 12 ~~deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court~~
 13 ~~expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by~~
 14 ~~the state in fiscal year 2002.~~

15 (b)(3) The total amount estimated pursuant to subsections (1) and (2)(a) received by each local
 16 government in fiscal year 2010 as an entitlement share payment under this section is the base component for
 17 the fiscal year 2011 distribution, and in each subsequent year the prior year entitlement share payment, including
 18 any reimbursement payments received pursuant to subsection (7). is each local government's base year
 19 component. The sum of all local governments' base year components is the base fiscal year entitlement share
 20 pool. For the purpose of calculating the sum of all local governments' base year components, the base year
 21 component for a local government may not be less than zero.

22 ~~(3)(4)~~ (a) The base year entitlement share pool must be increased annually by a growth rate as provided
 23 for in this subsection ~~(3)~~ (4). The amount determined through the application of annual growth rates is the
 24 entitlement share pool for each fiscal year. By October 1 of each even-numbered year, the department shall
 25 calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

26 ~~————(i) Before applying the growth rate for fiscal year 2007 to determine the fiscal year 2007 entitlement share~~
 27 ~~payments, the department shall subtract from the fiscal year 2006 entitlement share payments the following~~

2 ~~(ii)(i)~~ The department shall calculate the average annual growth rate of the Montana gross state product,
 3 as published by the bureau of economic analysis of the United States department of commerce, for ~~the following~~
 4 ~~periods:~~

5 ~~———(A)~~ the last 4 calendar years for which the information has been published; and

6 ~~———(B)~~ the 4 calendar years beginning with the year before the first year in the period referred to in
 7 subsection ~~(3)(a)(ii)(A)~~.

8 ~~(iii)(ii)~~ The department shall calculate the average annual growth rate of Montana personal income, as
 9 published by the bureau of economic analysis of the United States department of commerce, for ~~the following~~
 10 ~~periods:~~

11 ~~———(A)~~ the last 4 calendar years for which the information has been published; and

12 ~~———(B)~~ the 4 calendar years beginning with the year before the first year in the period referred to in
 13 subsection ~~(3)(a)(iii)(A)~~.

14 (b) ~~(i)~~ The entitlement share pool growth rate for ~~the first~~ each year of the biennium must be the following
 15 percentage of the average of the growth rates calculated in subsections ~~(3)(a)(ii)(B)~~ (4)(a)(i) and ~~(3)(a)(iii)(B)~~
 16 (4)(a)(ii):

17 ~~(A)(i)~~ for counties, 54%;

18 ~~(B)(ii)~~ for consolidated local governments, 62%; and

19 ~~(C)(iii)~~ for incorporated cities and towns, 70%.

20 ~~(ii)~~ The entitlement share pool growth rate for ~~the second year of the biennium~~ must be the following
 21 percentage of the average of the growth rates calculated in subsections ~~(3)(a)(ii)(A)~~ and ~~(3)(a)(iii)(A)~~:

22 ~~———(A)~~ for counties, 54%;

23 ~~———(B)~~ for consolidated local governments, 62%; and

24 ~~———(C)~~ for incorporated cities and towns, 70%.

25 ~~(4)(5)~~ As used in this section, "local government" means a county, a consolidated local government, an
 26 incorporated city, and an incorporated town. A local government does not include a tax increment financing
 27 district provided for in subsection ~~(6)~~ (8). For purposes of calculating the base year component for a county or
 28 consolidated local government, the department shall include the revenue listed in subsection ~~(1)~~ for all special
 29 districts within the county or consolidated local government. The county or consolidated local government is
 30 responsible for making an allocation from the county's or consolidated local government's share of the entitlement

1 share pool to each special district within the county or consolidated local government in a manner that reasonably
 2 reflects each special district's loss of revenue sources ~~listed in subsection (1)~~ for which reimbursement is provided
 3 in this section.

4 ~~(5)(6)~~ (a) The entitlement share pools calculated in this section and the ~~block grants~~ funding provided
 5 for in subsection ~~(6)~~ (8) are statutorily appropriated, as provided in 17-7-502, from the general fund to the
 6 department for distribution to local governments. ~~Each local government is entitled to a pro rata share of each~~
 7 ~~year's entitlement share pool based on the local government's base component in relation to the base year~~
 8 ~~entitlement share pool.~~ The distributions must be made on a quarterly basis.

9 (b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year
 10 and the entitlement share pool in the previous fiscal year. ~~For the purposes of subsection (5)(b)(ii)(A), a county~~
 11 ~~with a negative base year component has a base year component of zero.~~ The growth factor in the entitlement
 12 share must be calculated separately for:

- 13 (A) counties;
 14 (B) consolidated local governments; and
 15 (C) incorporated cities and towns.

16 (ii) In each fiscal year, the growth amount for counties must be allocated as follows:

17 (A) 50% of the growth amount must be allocated based upon each county's percentage of the ~~base~~ prior
 18 fiscal year entitlement share pool for all counties; and

19 (B) 50% of the growth amount must be allocated based upon the percentage that each county's
 20 population bears to the state population not residing within consolidated local governments as determined by the
 21 latest interim year population estimates from the Montana department of commerce as supplied by the United
 22 States bureau of the census.

23 (iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as
 24 follows:

25 (A) 50% of the growth amount must be allocated based upon each consolidated local government's
 26 percentage of the ~~base~~ prior fiscal year entitlement share pool for all consolidated local governments; and

27 (B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local
 28 government's population bears to the state's total population residing within consolidated local governments as
 29 determined by the latest interim year population estimates from the Montana department of commerce as
 30 supplied by the United States bureau of the census.

1 (iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

2 (A) 50% of the growth amount must be allocated based upon each incorporated city's or town's
 3 percentage of the ~~base~~ prior fiscal year entitlement share pool for all incorporated cities and towns; and

4 (B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's
 5 population bears to the state's total population residing within incorporated cities and towns as determined by the
 6 latest interim year population estimates from the Montana department of commerce as supplied by the United
 7 States bureau of the census.

8 (v) In each fiscal year, the amount of the entitlement share pool ~~not represented by~~ before the growth
 9 amount or adjustments made under subsection (7) are applied is to be distributed to each local government in
 10 the same manner as the entitlement share pool was distributed in the prior fiscal year.

11 (7) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section,
 12 the department shall determine the reimbursement amount as provided in the enactment and add the appropriate
 13 amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal
 14 year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool.
 15 The ratio of each local government's distribution from the entitlement share pool must be recomputed to
 16 determine each local government's ratio to be used in the subsequent year's distribution determination under
 17 subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

18 ~~(6)(8)~~ (a) If a tax increment financing district was not in existence during the fiscal year ending June 30,
 19 2000, then the tax increment financing district is not entitled to any ~~block grant~~ funding. If a tax increment
 20 financing district referred to in subsection ~~(6)(b)~~ (8)(b) terminates, then the ~~block grant~~ funding for the district
 21 provided for in subsection ~~(6)(b)~~ (8)(b) terminates.

22 (b) One-half of the payments provided for in this subsection ~~(6)(b)~~ (8)(b) must be made by November
 23 30 and the other half by May 31 of each year. Subject to subsection ~~(6)(a)~~ (8)(a), the entitlement share for tax
 24 increment financing districts is as follows:

25	Cascade	Great Falls - downtown	\$468,966
26	Deer Lodge	TIF District 1	3,148 \$3,148
27	Deer Lodge	TIF District 2	3,126
28	Flathead	Kalispell - District 1	758,359

5	Missoula	Missoula - 4-1C	33,343
6	Silver Bow	Butte - uptown	283,801
7	Yellowstone	Billings	436,815

8 ~~(7)~~(9) The estimated ~~base~~ fiscal year entitlement share pool and any subsequent entitlement share pool
9 for local governments do not include revenue received from tax increment financing districts, from countywide
10 transportation block grants, or from countywide retirement block grants.

11 ~~———(8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(c) is significantly~~
12 ~~reduced, except through legislative action, the department shall deduct the amount of revenue loss from the~~
13 ~~entitlement share pool beginning in the succeeding fiscal year and the department shall work with local~~
14 ~~governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of~~
15 ~~revenue.~~

16 ~~———(b) For the purposes of subsection (8)(a), a significant reduction is a loss that causes the amount of~~
17 ~~revenue received in the current year to be less than 95% of the amount of revenue received in the base year.~~

18 ~~(9)~~(10) A three-fifths vote of each house of the legislature is required to reduce the amount of the
19 entitlement share calculated pursuant to subsections (1) through ~~(3)~~ (4).

20 ~~(10)~~(11) When there has been an underpayment of a local government's share of the entitlement share
21 pool, the department shall distribute the difference between the underpayment and the correct amount of the
22 entitlement share. When there has been an overpayment of a local government's entitlement share, the local
23 government shall remit the overpaid amount to the department.

24 ~~(11)~~(12) A local government may appeal the department's estimation of the base ~~year~~
25 entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according
26 to the uniform dispute review procedure in 15-1-211.

27 ~~(12)~~(13) A payment required pursuant to this section may not be offset by a debt owed to a state agency
28 by a local government in accordance with Title 17, chapter 4, part 1."

13 **SECTION 5. SECTION 15-10-420, MCA, IS AMENDED TO READ:**

14 **"15-10-420. Procedure for calculating levy.** (1) (a) Subject to the provisions of this section, a
15 governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount
16 of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3
17 years. The maximum number of mills that a governmental entity may impose is established by calculating the
18 number of mills required to generate the amount of property tax actually assessed in the governmental unit in the
19 prior year based on the current year taxable value, less the current year's value of newly taxable property, plus
20 one-half of the average rate of inflation for the prior 3 years.

21 (b) A governmental entity that does not impose the maximum number of mills authorized under
22 subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between
23 the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority
24 carried forward may be imposed in a subsequent tax year.

25 (c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of
26 inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using
27 the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

28 (2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional
29 levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly
30 taxable property.

- 1 (3) (a) For purposes of this section, newly taxable property includes:
- 2 (i) annexation of real property and improvements into a taxing unit;
- 3 (ii) construction, expansion, or remodeling of improvements;
- 4 (iii) transfer of property into a taxing unit;
- 5 (iv) subdivision of real property; and
- 6 (v) transfer of property from tax-exempt to taxable status.
- 7 (b) Newly taxable property does not include an increase in value that arises because of an increase in
- 8 the incremental value within a tax increment financing district.
- 9 (4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the
- 10 release of taxable value from the incremental taxable value of a tax increment financing district because of:
- 11 (i) a change in the boundary of a tax increment financing district;
- 12 (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or
- 13 (iii) the termination of a tax increment financing district.
- 14 (b) If a tax increment financing district terminates prior to the certification of taxable values as required
- 15 in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment
- 16 financing district terminates. If a tax increment financing district terminates after the certification of taxable values
- 17 as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.
- 18 (c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was
- 19 constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current
- 20 year market value of that property less the previous year market value of that property.
- 21 (d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real
- 22 property that results in the property being taxable as class four property under 15-6-134 or as nonqualified
- 23 agricultural land as described in 15-6-133(1)(c).
- 24 (5) Subject to subsection (8), subsection (1)(a) does not apply to:
- 25 (a) school district levies established in Title 20; or
- 26 (b) a mill levy imposed for a newly created regional resource authority.
- 27 (6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received
- 28 under 15-6-131 and 15-6-132.
- 29 (7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:
- 30 (a) may increase the number of mills to account for a decrease in reimbursements; and

1 (b) may not increase the number of mills to account for a loss of tax base because of legislative action
 2 that is reimbursed under the provisions of 15-1-121(7).

3 (8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes
 4 of 15-10-108, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the
 5 department may not exceed the mill levy limits established in those sections. The mill calculation must be
 6 established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the
 7 calculation must be rounded up to the nearest tenth of a mill.

8 (9) (a) The provisions of subsection (1) do not prevent or restrict:

9 (i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

10 (ii) a levy to repay taxes paid under protest as provided in 15-1-402;

11 (iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;

12 (iv) a levy for the support of a study commission under 7-3-184;

13 (v) a levy for the support of a newly established regional resource authority; or

14 (vi) the portion that is the amount in excess of the base contribution of a governmental entity's property
 15 tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703.

16 (b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes
 17 actually assessed in a subsequent year.

18 (10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402,
 19 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport
 20 authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating
 21 funds by a county or municipality during that time.

22 (11) The department may adopt rules to implement this section. The rules may include a method for
 23 calculating the percentage of change in valuation for purposes of determining the elimination of property, new
 24 improvements, or newly taxable property in a governmental unit."
 25

26 **Section 6.** Section 15-23-101, MCA, is amended to read:

27 **"15-23-101. Properties centrally assessed.** The department shall centrally assess each year:

28 (1) the railroad transportation property of railroads and railroad car companies operating in more than
 29 one county in the state or more than one state;

6 15102(2);

7 (d) natural gas distribution utilities;

8 (e) the gas gathering facilities specified in 15-6-138~~(5)~~(6);

9 (f) canals, ditches, flumes, or like properties; and

10 (g) if congress passes legislation that allows the state to tax property owned by an agency created by
11 congress to transmit or distribute electrical energy, property constructed, owned, or operated by a public agency
12 created by congress to transmit or distribute electrical energy produced at privately owned generating facilities,
13 not including rural electric cooperatives;

14 (3) all property of scheduled airlines;

15 (4) the net proceeds of mines, except bentonite mines;

16 (5) the gross proceeds of coal mines; and

17 (6) property described in subsections (1) and (2) that is subject to the provisions of Title 15, chapter 24,
18 part 12."
