11 published, or broadcast by a student journalist at a public institution of higher
12 education, distributed or generally made available to members of the student
13 body, and prepared under the direction of a student media adviser. The term
14 does not include any media intended for distribution or transmission solely in the
15 classroom in which the media is produced.

16 c. "Student journalist" means a student of a public institution of higher education
17 who gathers, compiles, writes, edits, photographs, records, or prepares

21 relating to school-sponsored media.

22 2. Except as provided in subsection 3, a student journalist has the right to exercise
23 freedom of speech and of the press in school-sponsored media, regardless of whether
24 the media is supported financially by the institution or by use of facilities of the
25 institution or produced in conjunction with a class in which the student is enrolled.
26 Subject to subsection 3, a student journalist is responsible for determining the news,
27 opinion, feature, and advertising content of school-sponsored media. This subsection
28 may not be construed to prevent a student media adviser from teaching professional
29 standards of English and journalism to student journalists. A student media adviser
30 may not be dismissed, suspended, or disciplined for acting to protect a student

1 journalist engaged in a protected activity or for refusing to infringe on a protected
2 activity.

4 a. Is libelous, slanderous, or obscene;

5 b. Constitutes an unwarranted invasion of privacy;

6 c. Violates federal or state law; or

10 operation of the institution.

11 4. An expression of free speech or freedom of the press made by a student journalist
12 under this section may not be construed as an expression of school policy. A school,
13 school official, employee, or parent or legal guardian of a student journalist may not be
14 liable in any civil or criminal action for an expression of free speech or freedom of the
15 press made by a student journalist, except in the case of willful or wanton misconduct.

16 **15-10.5-59. Disciplinary proceedings - Right to counsel for students and**
17 **organizations - Appeals.**

18 1. Any student enrolled at an institution of higher education has the right to be
19 represented, at the student's expense, by the student's choice of either an attorney or
20 a nonattorney advocate, who may participate fully during any disciplinary proceeding
21 or during any other procedure adopted and used by that institution to address an
22 alleged violation of the institution's rules or policies. This right applies to both the
23 student who has been accused of the alleged violation and to the student who is the
24 accuser or victim. This right only applies if the disciplinary proceeding involves a
25 violation that could result in a suspension or expulsion from the institution. This right
26 does not apply to matters involving academic misconduct. Before the disciplinary
27 proceeding is scheduled, the institution shall inform the students in writing of the
28 students' rights under this section.

29 2. Any student organization officially recognized by an institution of higher education has
30 the right to be represented, at the student organization's expense, by the student
31 organization's choice of either an attorney or nonattorney advocate, who may fully

1 participate during any disciplinary proceeding or during any other procedure adopted
2 and used by the institution to address an alleged violation of the institution's rules or
3 policies. This right only applies if the disciplinary proceeding involves a violation that
4 could result in the suspension or the removal of the student organization from the
5 institution. This right applies to both the student organization accused of the alleged
6 violation and to the accuser or victim.

7 3. a. Any student who is suspended or expelled from an institution of higher education
8 for a violation of the rules or policies of that institution and any student
9 organization found to be in violation of the rules or policies of that institution must
10 be afforded an opportunity to appeal the institution's initial decision to an
11 institutional administrator or body that did not make the initial decision for a
12 period of one year after receiving final notice of the institution's decision. The
13 right to appeal the result of the institution's disciplinary proceeding applies to a
14 student who is the accuser or victim.

15 b. The right of the student or the student organization under subsection 1 or 2 to be
16 represented, at the student's or the student organization's expense, by the
17 student's or the student organization's choice of either an attorney or a
18 nonattorney advocate, also applies to the appeal.

19 c. The issues that may be raised on appeal include new evidence, contradictory
20 evidence, and evidence the student or student organization was not afforded due
21 process. The institutional body considering the appeal may consider police
22 reports, transcripts, and the outcome of any civil or criminal proceeding directly
23 related to the appeal.

24 4. Upon consideration of the evidence, the institutional body considering the appeal may
25 grant the appeal, deny the appeal, order a new hearing, or reduce or modify the
26 suspension or expulsion. If the appeal results in the reversal of the decision or a
27 lessening of the sanction, the institution may reimburse the student for any tuition and
28 fees paid to the institution for the period of suspension or expulsion which had not
29 been previously refunded.

30 5. For purposes of this section, "participate fully" includes the opportunity to make
31 opening and closing statements, to examine and cross-examine witnesses, and to

1 provide the accuser or accused with support, guidance, and advice. This section does
2 not require an institution to use formal rules of evidence in institutional disciplinary
3 proceedings. The institution, however, shall make good faith efforts to include relevant
4 evidence and exclude evidence which is neither relevant or probative.

5 6. This section does not affect the obligation of an institution to provide equivalent rights
6 to a student who is the accuser or victim in the disciplinary proceeding under this
7 section, including equivalent opportunities to have others present during any
8 institutional disciplinary proceeding, to not limit the choice of attorney or nonattorney
9 advocate in any meeting or institutional disciplinary proceeding, and to provide
10 simultaneous notification of the institution's procedures for the accused and the
11 accuser or victim to appeal the result of the institutional disciplinary proceeding.

12 graduate level classes at a public or private postsecondary education institution in the
13 state. The office shall provide a qualified participant with a coupon that covers the cost
14 of tuition for one graduate level credit in an amount not exceeding the tuition charged

17 institution of higher education, for every credit-hour of a dual-credit course the
18 individual teaches. An individual is eligible for the program if the individual teaches a
19 concurrent dual enrollment class at a public or private high school in the state and the
20 class includes at least four students receiving dual credit.

21 2. If an individual eligible for a credit coupon offered under this section has met
22 accreditation qualification standards, the individual may transfer a credit coupon to a
23 family member or to a student being taught by the individual.

9 leased facility.

10 2. Notwithstanding any existing agreements, an institution of higher education shall
11 obtain approval from the legislative assembly before an institution purchases, rents,
