9 For purposes of this chapter, unless the context otherwise requires:

- 10 1. "Parent" means a resident of this state who is a parent, conservator, legal guardian,
11 custodian, or other individual with legal authority to act on a program participant's
12 behalf.
- 13 2. "Program" means the educational reimbursement program created under this chapter.

21 **15.1-39-02. Educational reimbursement program establishment.**

- 22 1. The superintendent of public instruction shall establish and administer an educational
23 reimbursement program to reimburse qualified schools for qualified education
24 expenses of program participants.

- 1 2. To participate in the program:
- 2 a. The parent of an eligible child shall request a program form for the school year
- 3 from a qualified school in which the eligible child is enrolled; and
- 4 b. Upon receiving the parent's program form, the qualified school shall:
- 5 (1) Certify to the superintendent of public instruction proof of the eligible child's
- 6 enrollment at the school; and

- 11 percent of the per-student payment rate under subsection 3 of section 15.1-27-04.1.
- 12 4. A qualified school that receives funds under this chapter may use the funds only to
- 13 offset the cost of qualified education expenses the program participant or parent would
- 14 otherwise be obligated to pay.
- 15 5. If a program participant is enrolled in a qualified school for less than an entire school
- 16 year, the qualified school must return to the superintendent of public instruction the
- 17 funding provided under this chapter for that school year, reduced on a prorated basis,
- 18 to reflect the shorter enrollment period. The superintendent of public instruction shall
- 19 deposit with the public school district in which the program participant resides any

- 29 eligibility for the program and make the form readily available to the public.

1 **15.1-39-05. Program suspension.**

2 The superintendent of public instruction shall suspend a qualified school from the program
3 for failure to comply with applicable law or the program's requirements. The superintendent of
4 public instruction shall notify the school in writing that the school's participation in the program is
5 suspended. The notification must specify the grounds for the suspension and state the school
6 has ten business days to respond and take any corrective action ordered by the superintendent
7 of public instruction. Following the expiration of the ten-day period, the superintendent of public
8 instruction shall:

- 9 1. Declare the school ineligible for the program;

13 **15.1-39-06. Fraudulent use of funds - Referral to attorney general.**

14 If the superintendent of public instruction obtains evidence of fraudulent use of program
15 funds, the superintendent shall refer the matter to the attorney general for investigation and
16 prosecution.

17 **15.1-39-07. Limitation on regulation of qualified schools.**

- 18 1. The program does not expand the regulatory authority of the superintendent of public
19 instruction, a school district, or any other government agency to impose additional
20 regulations on a qualified school under the program beyond what is necessary by the
21 superintendent of public instruction to enforce the program's financial and
22 administrative requirements. The superintendent of public instruction or a school
23 district may not regulate a qualified school's educational program under the program.
24 2. A qualified school may not be required to alter the school's creed, practices,
25 admissions policy, or curriculum to receive reimbursement for qualified education
26 expenses.
27 3. The state auditor shall audit program funds disbursed to a qualified school.

28 **15.1-39-08. Educational reimbursement program expenditures - Report.**
