## 7 57-38-30.3. Individual, estate, and trust income tax.

A taxpayer 10 computing the tax under this section is only eligible for those adjustments or credits 11 that are specifically provided for in this section. Provided, that for purposes of this 12 section, any person required to file a state income tax return under this chapter, but 13 who has not computed a federal taxable income figure, shall compute a federal 14 taxable income figure using a pro forma return in order to determine a federal taxable 15 income figure to be used as a starting point in computing state income tax under this 16 section. The tax for individuals, estates, and trusts is equal to two percent of North 17 Dakota taxable income multiplied by the rates in the applicable rate schedule in-18 subdivisions a through d corresponding to an individual's filing status used for federal-19 income tax purposes. For an estate or trust, the schedule in subdivision e must be-20 used for purposes of this subsection. North Dakota taxable income must be reduced 21 by the amounts under subdivisions a through e, based on a taxpayer's filing status 22 used for federal income tax purposes. 23 Single, other than head of household or surviving spouse, \$18,725. a.
