

Introduced by

Legislative Management

(Energy Development and Transmission Committee)

1 A BILL for an Act to create and enact a new subsection to section 57-43.2-01 of the North  
2 Dakota Century Code, relating to the definition of green diesel; to amend and reenact sections  
3 17-03-01,17-03-04, and 17-03-05, subsection 1 of section 17-07-01, sections 19-10-01,  
4 54-17.7-02, 54-44.5-09, 57-38-01.22, and 57-38-01.23, subsection 7 of section 57-38-30.3,  
5 section 57-38-30.6, subsection 2 of section 57-38.6-01, and subsection 51 of section  
6 57-39.2-04 of the North Dakota Century Code, relating to green diesel; and to provide an  
7 effective date.

8 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

9 **SECTION 1. AMENDMENT.** Section 17-03-01 of the North Dakota Century Code is  
10 amended and reenacted as follows:

11 **17-03-01. Definitions.**

12 In this chapter, unless the context or subject matter otherwise requires:

- 13 1. "Biodiesel production facility" means a producer of a ~~biodegradable, combustible liquid~~  
14 ~~fuel that is derived from vegetable oil or animal fat and which is suitable for blending~~  
15 ~~with diesel fuel for use in internal combustion diesel engines~~fuel composed of  
16 mono-alkyl esters of long chain fatty acids derived from vegetable oil or animal fats  
17 that meets American society for testing and materials specification D 6751. The facility  
18 must be located in this state and:  
19 a. Agricultural producers must hold at least ten percent of the ownership interest in  
20 the facility; or  
21 b. Residents of this state must own at least fifty percent of the ownership interest of  
22 the facility.

- 1           2. "Biofuel partnership in assisting community expansion fund" or "fund" means a fund  
2           established to buy down the interest rate on loans to biodiesel ~~and~~, ethanol, and green  
3           diesel production facilities and to livestock operations as provided under this chapter.
- 4           3. "Ethanol production facility" means a producer of agriculturally derived denatured  
5           ethanol that is suitable for blending with a petroleum product for use in internal  
6           combustion engines. The facility must be located in this state and:
- 7           a. Agricultural producers must hold at least ten percent of the ownership interest in  
8           the facility; or
- 9           b. Residents of this state must own at least fifty percent of the ownership interest of  
10          the facility.
- 11          4. "Green diesel production facility" means a producer of a fuel produced from nonfossil  
12          renewable resources, including agricultural or silvicultural plants, animal fats, residue,  
13          and waste generated from the production, processing, and marketing of agricultural  
14          products, silvicultural products, and other renewable resources, which meets  
15          applicable American society for testing and materials specifications. The facility must  
16          be located in this state and:
- 17          a. Agricultural producers must hold at least ten percent of the ownership interest in  
18          the facility; or
- 19          b. Residents of this state must own at least fifty percent of the ownership interest of  
20          the facility.
- 21          5. "Livestock operation" means a livestock feeding, handling, milking, or holding  
22          operation located in this state which uses as part of its operation a byproduct  
23          produced at a biodiesel or an ethanol production facility.

24          **SECTION 2. AMENDMENT.** Section 17-03-04 of the North Dakota Century Code is  
25          amended and reenacted as follows:

26          **17-03-04. Fund moneys - Eligible uses.**

- 27          1. a. The fund moneys may be used to participate in an interest rate buydown on a  
28          loan to a biodiesel ~~or an~~, ethanol, or green diesel production facility or to a  
29          livestock operation for the following eligible uses:
- 30                  (1) Purchase or construction of real property.
- 31                  (2) Expansion of facilities.

- 1                   (3) Purchase or installation of equipment, including a biodigester system.
- 2                   b. The loan funds may not be used to refinance any existing debt or for the
- 3                   relocation within this state of the biodiesel, ethanol, or green diesel production
- 4                   facility or the livestock operation.
- 5                   2. a. The maximum amount from the fund in the interest rate buydown for a biodiesel
- 6                   or ethanol, or green diesel production facility may not exceed five hundred
- 7                   thousand dollars to any single biodiesel or ethanol, or green diesel production
- 8                   facility under this chapter.
- 9                   b. Except as provided in subdivision c, the maximum amount from the fund in the
- 10                   interest rate buydown for a livestock operation may not exceed two hundred fifty
- 11                   thousand dollars to any single livestock operation under this chapter.
- 12                   c. If a livestock operation has reached the limit provided for in subdivision b as a
- 13                   result of any activity other than the purchase or installation of a biodigester, that
- 14                   operation is entitled to receive from the fund up to two hundred fifty thousand
- 15                   dollars as an additional interest rate buydown on the operation's purchase or
- 16                   installation of a biodigester system.
- 17                   3. The fund participation is limited to the amount required to buy down the interest to five
- 18                   hundred basis points below the national prime interest rate.
- 19                   4. If within five years of fund money being provided to a biodiesel, ethanol, or green
- 20                   diesel production facility that facility is not owned by at least ten percent by
- 21                   agricultural producers or at least fifty percent residents of this state, any benefit
- 22                   provided to the facility under this chapter must be returned to the Bank of North
- 23                   Dakota for deposit in the fund. The amount of the benefit due, when certified by the
- 24                   president of the Bank of North Dakota and filed with the county recorder in the county
- 25                   of the facility, may be enforced as a lien on real property.
- 26                   5. The Bank of North Dakota shall adopt rules to implement this chapter.

27                   **SECTION 3. AMENDMENT.** Section 17-03-05 of the North Dakota Century Code is

28 amended and reenacted as follows:

29                   **17-03-05. Partnership in assisting community expansion fund incentive limitation.**

30                   A biodiesel production facility or ethanol, or green diesel production facility that receives

31 interest buydown from the biofuel partnership in assisting community expansion fund is not

1 eligible to receive interest buydown from the partnership in assisting community expansion fund  
2 for the same project during the same biennium.

3 **SECTION 4. AMENDMENT.** Subsection 1 of section 17-07-01 of the North Dakota Century  
4 Code is amended and reenacted as follows:

5 1. The energy policy commission is composed of:

6 a. The commissioner of commerce;

7 b. A representative of the agriculture community appointed by the governor;

8 c. A representative recommended by the lignite energy council appointed by the  
9 governor;

10 d. A representative recommended by the North Dakota petroleum council appointed  
11 by the governor;

12 e. A member from the biodiesel or green diesel industry appointed by the governor;

13 f. A member from the biomass industry appointed by the governor;

14 g. A member from the wind industry appointed by the governor;

15 h. A member from the ethanol industry appointed by the governor;

16 i. A representative recommended by the North Dakota petroleum marketers  
17 association appointed by the governor;

18 j. A member from the North Dakota investor-owned electric utility industry  
19 appointed by the governor;

20 k. A member from the generation and transmission electric cooperative industry  
21 appointed by the governor;

22 l. A member from the lignite coal-producing industry appointed by the governor;

23 m. A member from the refining or gas-processing industry appointed by the  
24 governor; and

25 n. Additional nonvoting members appointed by the governor.

26 **SECTION 5. AMENDMENT.** Section 19-10-01 of the North Dakota Century Code is  
27 amended and reenacted as follows:

28 **19-10-01. Definitions.**

29 In this chapter, unless the context or subject matter otherwise requires:

- 1           1. "Adulterated", when used to describe any petroleum or alternative fuel product,  
2           denotes a petroleum or alternative fuel product which fails to meet the specifications  
3           prescribed by this chapter.
- 4           2. "Alternative fuel" means a fuel for an engine or vehicle, or used as heating oil, other  
5           than a petroleum-based fuel. The term includes biodiesel and green diesel as defined  
6           in section 57-43.2-01.
- 7           3. ~~"Biodiesel" means any non-petroleum-based diesel fuel made from renewable~~  
8           ~~resources such as vegetable oils or animal fats.~~
- 9           4. "Department" means the state department of health.
- 10          ~~5.4.~~ "Diesel fuel" is any petroleum product intended for use or offered for sale as a fuel for  
11          engines in which the fuel is injected into the combustion chamber and ignited by  
12          pressure without electric spark.
- 13          ~~6.5.~~ "Gasoline" is a refined petroleum naphtha which by its composition is suitable for use  
14          as a carburant in internal combustion engines.
- 15          ~~7.6.~~ "Heating oil" is any product intended for use or offered for sale as a furnace oil, range  
16          oil, or fuel oil for heating and cooking purposes to be used in burners other than wick  
17          burners regardless of whether the product is designated as furnace oil, range oil, fuel  
18          oil, gas oil, or is given any other name or designation.
- 19          ~~8.7.~~ "Kerosene" is a petroleum fraction which is free from water, additives, foreign or  
20          suspended matter, and is suitable for use as an illuminating oil.
- 21          ~~9.8.~~ "Lubricating oil" is any petroleum, or other product, used for the purpose of reducing  
22          friction, heat, or wear in automobiles, tractors, gasoline engines, diesel engines, and  
23          other machines.
- 24          ~~10.9.~~ "Misbranded", when used in connection with any petroleum or alternative fuel product,  
25          denotes a petroleum or alternative fuel product which is not labeled as required under  
26          the provisions of this chapter.
- 27          ~~11.10.~~ "Sell" and "sale" include the keeping, offering, or exposing for sale, transportation, or  
28          exchange of the restricted or prohibited article.
- 29          ~~12.11.~~ "Tractor fuel" is any product, other than gasoline or kerosene, intended for use or  
30          offered for sale as a fuel for tractors, regardless of whether the product is designated  
31          as distillate, gas oil, fuel oil, or is given any other name or designation.

1       **SECTION 6. AMENDMENT.** Section 54-17.7-02 of the North Dakota Century Code is  
2 amended and reenacted as follows:

3       **54-17.7-02. Definitions.**

4       As used in this chapter:

- 5       1. "Authority" means the industrial commission acting as the North Dakota pipeline  
6       authority.
- 7       2. "Commission" means the North Dakota industrial commission.
- 8       3. "Energy-related commodities" means any substance, element, or compound, either  
9       gaseous, liquid, or solid, associated with the production, refining, or processing of  
10       renewable energy, crude oil, natural gas, coal, or coal byproducts, including oil, natural  
11       gas liquids, refined petroleum products, carbon dioxide, hydrogen, ethanol, propane,  
12       butane, ethane, methane, sulfur, helium, synthetic fuels, nitrogen, biodiesel, green  
13       diesel, and liquids made from coal.
- 14       4. "Natural gas" means hydrocarbons or nonhydrocarbons that at atmospheric conditions  
15       of temperature and pressure are in a gaseous phase.
- 16       5. "Notice of intent" means the notice a person delivers to the authority indicating  
17       willingness to construct pipeline facilities contemplated by the authority or to provide  
18       services fulfilling the need for such pipeline facilities.
- 19       6. "Pipeline facilities" means pipelines, pumps, compressors, storage, and all other  
20       facilities, structures, and properties incidental and necessary or useful in the  
21       interconnection of pipelines or the transportation, distribution, and delivery of  
22       energy-related commodities to points of sale or consumption or to the point or points  
23       of distribution for consumption located within and without this state.
- 24       7. "Project area" means the geographic area in which construction of a pipeline facility  
25       contemplated by the authority is likely to occur.

26       **SECTION 7. AMENDMENT.** Section 54-44.5-09 of the North Dakota Century Code is  
27 amended and reenacted as follows:

28       **54-44.5-09. Office of renewable energy and energy efficiency.**

29       The office of renewable energy and energy efficiency is established within the division of  
30 community services. The office shall assist in the development of renewable energy within this  
31 state to provide secure, diverse, sustainable, and competitive renewable energy supplies and

1 promote the conservation of energy and the wise use of energy resources in both the public and  
2 private sectors. The office shall communicate and disseminate information concerning state and  
3 federal energy conservation and renewable energy incentives, including tax credits, financing  
4 and grants to business entities seeking to invest in wind-generated power and transmission,  
5 ethanol production and distribution; and the development of biodiesel, green diesel, biomass,  
6 solar, hydropower, geothermal, and other renewable energy sources. The office also shall ~~also~~  
7 manage and distribute all production incentive payments as authorized by chapter 17-02.

8 **SECTION 8. AMENDMENT.** Section 57-38-01.22 of the North Dakota Century Code is  
9 amended and reenacted as follows:

10 **57-38-01.22. Income tax credit for blending of biodiesel fuel or green diesel fuel.**

11 A fuel supplier licensed pursuant to section 57-43.2-05 who blends biodiesel fuel or green  
12 diesel fuel is entitled to a credit against tax liability determined under section 57-38-30 or  
13 57-38-30.3 in the amount of five cents per gallon [3.79 liters] of biodiesel fuel or green diesel  
14 fuel of at least five percent blend, otherwise known as B5. For purposes of this section,  
15 "biodiesel" means ~~and "green diesel" mean~~ fuel meeting the specifications adopted by the  
16 ~~American society for testing and materials as defined in section 57-43.2-01~~. The credit under this  
17 section may not exceed the taxpayer's liability as determined under this chapter for the taxable  
18 year and each year's unused credit amount may be carried forward for up to five taxable years.

19 A partnership, subchapter S corporation, limited partnership, limited liability company, or  
20 any other passthrough entity entitled to the credit under this section must be considered to be  
21 the taxpayer for purposes of this section, and the amount of the credit allowed must be  
22 determined at the passthrough entity level. The amount of the total credit determined at the  
23 entity level must be passed through to the partners, shareholders, or members in proportion to  
24 their respective interests in the passthrough entity.

25 **SECTION 9. AMENDMENT.** Section 57-38-01.23 of the North Dakota Century Code is  
26 amended and reenacted as follows:

27 **57-38-01.23. Income tax credit for biodiesel or green diesel sales equipment costs.**

28 A seller of biodiesel fuel or green diesel fuel is entitled to a credit against tax liability  
29 determined under section 57-38-30 or 57-38-30.3 in the amount of ten percent per year for five  
30 years of the biodiesel or green diesel fuel seller's direct costs incurred after December 31, 2004,  
31 to adapt or add equipment to a facility, licensed under section 57-43.2-05, to enable the facility

1 to sell diesel fuel containing at least two percent biodiesel fuel or green diesel fuel by volume.  
2 For purposes of this section, "biodiesel fuel" ~~means~~ and "green diesel fuel" ~~mean~~ fuel meeting  
3 ~~the specifications adopted by the American society for testing and materials~~ as defined in  
4 section 57-43.2-01. The credit under this section may not exceed a taxpayer's liability as  
5 determined under this chapter for the taxable year and each year's unused credit amount may  
6 be carried forward for up to five taxable years. A biodiesel or green diesel fuel seller is limited to  
7 fifty thousand dollars in the cumulative amount of credits under this section for all taxable years.  
8 A biodiesel or green diesel fuel seller may not claim a credit under this section for any taxable  
9 year before the taxable year in which the facility begins selling biodiesel or green diesel fuel  
10 containing at least two percent biodiesel or green diesel fuel by volume, but eligible costs  
11 incurred before the taxable year sales begin may be claimed for purposes of the credit under  
12 this section for taxable years on or after the taxable year sales of biodiesel or green diesel fuel  
13 begin.

14 A partnership, subchapter S corporation, limited partnership, limited liability company, or  
15 any other passthrough entity entitled to the credit under this section must be considered to be  
16 the taxpayer for purposes of this section, and the amount of the credit allowed must be  
17 determined at the passthrough entity level. The amount of the total credit determined at the  
18 entity level must be passed through to the partners, shareholders, or members in proportion to  
19 their respective interests in the passthrough entity.

20 **SECTION 10. AMENDMENT.** Subsection 7 of section 57-38-30.3 of the North Dakota  
21 Century Code is amended and reenacted as follows:

- 22 7. A taxpayer filing a return under this section is entitled to the following tax credits:
- 23 a. Family care tax credit under section 57-38-01.20.
  - 24 b. Renaissance zone tax credits under sections 40-63-04, 40-63-06, and 40-63-07.
  - 25 c. Agricultural business investment tax credit under section 57-38.6-03.
  - 26 d. Seed capital investment tax credit under section 57-38.5-03.
  - 27 e. Planned gift tax credit under section 57-38-01.21.
  - 28 f. Biodiesel fuel or green diesel fuel tax credits under sections 57-38-01.22 and  
29 57-38-01.23.
  - 30 g. Internship employment tax credit under section 57-38-01.24.
  - 31 h. Workforce recruitment credit under section 57-38-01.25.

- 1 i. Angel fund investment tax credit under section 57-38-01.26.
- 2 j. Microbusiness tax credit under section 57-38-01.27.
- 3 k. Marriage penalty credit under section 57-38-01.28.
- 4 l. Homestead income tax credit under section 57-38-01.29.
- 5 m. Commercial property income tax credit under section 57-38-01.30.
- 6 n. Research and experimental expenditures under section 57-38-30.5.
- 7 o. Geothermal energy device installation credit under section 57-38-01.8.
- 8 p. Long-term care partnership plan premiums income tax credit under section  
9 57-38-29.3.
- 10 q. Employer tax credit for salary and related retirement plan contributions of  
11 mobilized employees under section 57-38-01.31.

12 **SECTION 11. AMENDMENT.** Section 57-38-30.6 of the North Dakota Century Code is  
13 amended and reenacted as follows:

14 **57-38-30.6. Corporate income tax credit for biodiesel or green diesel production or**  
15 **soybean and canola crushing facility equipment costs.**

16 A taxpayer is entitled to a credit against tax liability determined under section 57-38-30 in  
17 the amount of ten percent per year for five years of the taxpayer's direct costs incurred after  
18 December 31, 2002, to adapt or add equipment to retrofit an existing facility or construction of a  
19 new facility in this state for the purpose of producing or blending diesel fuel containing at least  
20 two percent biodiesel fuel or green diesel fuel by volume or of the taxpayer's direct costs  
21 incurred after December 31, 2008, to adapt or add equipment to retrofit an existing facility or  
22 construction of a new facility in this state for the purpose of producing crushed soybeans or  
23 canola. For purposes of this section, "biodiesel" ~~means and~~ "green diesel" ~~mean~~ fuel meeting  
24 ~~the specifications adopted by the American society for testing and materials as defined in~~  
25 section 57-43.2-01. The credit under this section may not exceed the taxpayer's liability as  
26 determined under this chapter for the taxable year and each year's credit amount may be  
27 carried forward for up to five taxable years. A taxpayer is limited to two hundred fifty thousand  
28 dollars in the cumulative amount of credits under this section for all taxable years. A taxpayer  
29 may not claim a credit under this section for any taxable year before the taxable year in which  
30 the facility begins production or blending of diesel fuel containing at least two percent biodiesel  
31 fuel or green diesel fuel by volume or begins crushing soybeans or canola, but eligible costs

1 incurred before the taxable year production, blending, or crushing begins may be claimed for  
2 purposes of the credit under this section for taxable years on or after the taxable year  
3 production, blending, or crushing begins.

4 **SECTION 12. AMENDMENT.** Subsection 2 of section 57-38.6-01 of the North Dakota  
5 Century Code is amended and reenacted as follows:

6 2. "Biofuels production facility" means a corporation, limited liability company,  
7 partnership, individual, or association in this state:

8 a. Involved in production of diesel fuel containing at least five percent biodiesel  
9 ~~meeting the specifications adopted by the American society for testing and~~  
10 ~~materials~~ or green diesel as defined in section 57-43.2-01;

11 b. Involved in the production of corn-based ethanol or cellulose-based ethanol; or

12 c. Involved in a soybean or canola crushing facility.

13 **SECTION 13. AMENDMENT.** Subsection 51 of section 57-39.2-04 of the North Dakota  
14 Century Code is amended and reenacted as follows:

15 51. Gross receipts from the sale of equipment to a facility, licensed under section  
16 57-43.2-05, to enable the facility to sell diesel fuel containing at least two percent  
17 biodiesel or green diesel fuel as defined under section 57-43.2-01 by volume. ~~For~~  
18 ~~purposes of this subsection, "biodiesel fuel" means fuel meeting the specifications~~  
19 ~~adopted by the American society for testing and materials.~~

20 **SECTION 14.** A new subsection to section 57-43.2-01 of the North Dakota Century Code is  
21 created and enacted as follows:

22 "Green diesel" means a fuel produced from nonfossil renewable resources, including  
23 agricultural or silvicultural plants, animal fats, residue, and waste generated from the  
24 production, processing, and marketing of agricultural products, silvicultural products,  
25 and other renewable resources, which meets applicable American society for testing  
26 and materials specifications.

27 **SECTION 15. EFFECTIVE DATE.** Section 13 of this Act is effective for taxable events after  
28 June 30, 2011.
