8 1. As used in this section:

9 a. "Abandoned infant" means an infant who has been abandoned at birth at a
10 hospital or before reaching the age of one year regardless of the location of birth
11 and who has been left with an on-duty staff member at an approved location in
12 an unharmed condition.

13 b. "Approved location" means a hospital or other location as designated by
14 administrative rule adopted by the department.

15 c. "Hospital" means a facility licensed under chapter 23-16.

16 2. A parent of an infant under the age of one year, or an agent of the parent with the

18 location. Neither the parent nor the agent is subject to prosecution under sections
19 14-07-15 and 14-09-22 for leaving an abandoned infant.

20 3. An approved location shall accept an infant left under this section. The approved
21 location may request information regarding the parents and shall provide the parent or
22 the agent with a medical history form and an envelope with the approved location's
23 return address. If a hospital accepting the infant has the infant's medical history, the

30 custody of the infant on demand. If an individual possesses a bracelet linking the
31 individual to an infant left at a hospital under this section and parental rights have not

1 been terminated, possession of the bracelet creates a presumption that the individual
2 has standing to participate in a protection services action brought under this chapter or
3 chapter 27-20. Possession of the bracelet does not create a presumption of maternity,
4 paternity, or custody.

5 5. The approved location may provide the parent or the agent with any relevant
6 information, including:

7 a. Information about the safe place for abandoned infant programs;

8 b. Information about adoption and counseling services; and

11 location shall report to the department or authorized agent, as required by section

13 be made before the parent or the agent leaves the approved location.

15 civil liability for accepting an infant under this section.

17 authorized agent shall proceed as required under this chapter if it appears that the
18 abandoned infant was not harmed, except the department or authorized agent may
19 not attempt to identify or contact the parent or the agent. If it appears the infant who
20 was left was harmed, the department or authorized agent shall initiate a child
21 protection assessment of the matter as required by law.

22 9. If an individual claiming to be the parent or the agent contacts the department or
23 authorized agent and requests to be reunited with the infant who was left, the
24 department or authorized agent may identify or contact the individual as required
25 under this chapter and all other applicable laws. If an individual contacts the
26 department or authorized agent seeking information only, the department or
27 authorized agent may attempt to obtain information regarding the identity and medical
28 history of the parents and may provide information regarding the procedures in a case
29 involving an infant who was left at an approved location. The individual is under no
30 obligation to respond to the request for information, and the department or authorized

1 agent may not attempt to compel response to investigate the identity or background of
2 the individual.

3 10. The state department of health, in coordination with the department of human
4 services, shall develop and implement a public awareness campaign to provide
5 information, public service announcements, and educational materials regarding this
