The board of county commissioners shall either disapprove the budget, amend and approve the budget as amended, or approve the budget as submitted and, if approved as amended or as submitted, the board shall, by resolution, levy and authorize and direct the county auditor to extend and spread upon the tax roll of the county or portion of the county in the district a tax not exceeding the limitation in section 57-15-26.6 in the same manner, and with the same effect, as general property taxes are extended and spread. The acquisition of rights of way, easements, and the construction, operation, and maintenance of a project in a district may, in the discretion of the water resource board, be financed in whole or in part by special assessments against property benefited by such project, or from revenues realized from general tax collections, or from net revenues to be derived from service charges to be imposed and collected for the services of the project, or any combination of such sources.
