

ASSEMBLY TRANSPORTATION AND INDEPENDENT
AUTHORITIES COMMITTEE

STATEMENT TO

ASSEMBLY, No. 2316

STATE OF NEW JERSEY

DATED: JUNE 6, 2024

The Assembly Transportation and Independent Authorities Committee reports favorably Assembly Bill No. 2316.

As reported, this bill increases the daily traffic limit to fewer than 4,000 vehicles per day for speed humps that counties and municipalities may construct without the approval of the Commissioner of Transportation (commissioner), provided that the speed hump has a flat top of at least 10 feet, such as speed tables, specifically on one-lane and two-lane residential streets.

The bill also increases the daily traffic limit to fewer than 4,000 vehicles per day for speed humps that counties and municipalities may construct without the approval of the commissioner, provided that the speed hump has a flat top of at least 10 feet, such as speed tables, specifically on streets when a road construction project or repair of the street is undertaken and located within 500 feet of a school or property used for school purposes.

The provisions of the bill only apply to streets under municipal or county jurisdiction within a posted speed of 30 miles per hour or less.

This bill was pre-filed for introduction in the 2024-2025 session pending technical review. As reported, the bill includes the changes required by technical review, which has been performed.
