Legislative Counsel's Digest:

1 Under existing law, the Secretary of State is required to establish the state
2 business portal to facilitate interaction among businesses and governmental
3 agencies in this State by allowing businesses to conduct necessary transactions with
4 governmental agencies in this State through the state business portal. (NRS
5 75A.100) **Section 1** of this bill requires the Secretary of State to: (1) establish
6 common business registration information that is used by state and local agencies
7 and health districts to conduct necessary transactions with businesses in this State;
8 and (2) cause the state business portal to provide common business registration
9 information to state and local agencies and health districts that conduct necessary
10 transactions with businesses in this State. **Section 1** further requires state and local
11 agencies and health districts to: (1) integrate their electronic application processes
12 into the state business portal; (2) use the state business portal to accept and
13 disseminate common business registration information that is needed by the state or
14 local agency or health district to issue a license, certificate, registration, permit or
15 similar type of authorization to conduct a business in this State or to engage in an
16 occupation or profession in this State; and (3) make available on the Internet
17 applications for a license, certificate, registration, permit or similar type of
18 authorization to conduct a business in this State or to engage in an occupation or
19 profession in this State and to integrate such applications into the state business
20 portal. However, **section 1** also specifies that a state or local agency or health
21 district is not required to disseminate or release information if such action would
22 result in the state or local agency or health district violating any provision of state
23 or federal law relating to the confidentiality of the information. Under **section 9** of
24 this bill: (1) a state or local agency or health district is required to accept common
25 business registration information via the state business portal on or before
26 January 1, 2014, unless the State Board of Examiners extends that deadline; and (2)
27 a state or local agency or health district which believes it cannot comply with
28 certain requirements relating to the state business portal must, with the assistance of
29 the Secretary of State, submit to the State Board of Examiners and the Legislative
30 Commission, on or before July 1, 2014, a written explanation setting forth: (1) the
31 reasons that it cannot timely comply with the requirements; and (2) a timeline for
32 integration into the state business portal.

33 Under existing law, certain persons are excluded from the definition of
34 "business" for the purposes of state business licenses and, thus, are not required to
35 obtain a state business license. (NRS 76.020) **Section 2** of this bill requires these
36 persons to obtain annually from the Secretary of State a certificate of exemption
37 from the requirement to obtain a state business license. Under **section 2**, a person
38 required to obtain a certificate of exemption must post the certificate conspicuously
39 at his or her establishment or place of business and is subject to a penalty of not
40 more than \$50 if the person fails to do so. **Section 3** of this bill provides that a
41 person required to obtain a state business license must post the state business
42 license conspicuously at his or her establishment or place of business and is subject
43 to a penalty of not more than \$50 if the person fails to do so.

44 **Section 4** of this bill requires the Secretary of State to assign a unique business
45 identification number to each business entity organized in this State and to each
46 person issued a state business license or a certificate of exemption from the
47 requirement to obtain a state business license. Under **section 1**: (1) the Secretary of
48 State must cause the state business portal to interface with the system used by the
49 Secretary of State to assign business identification numbers; and (2) state and local
50 agencies and health districts that issue licenses, certificates, registrations, permits or
51 similar types of authorization to conduct a business in this State or to engage in an
52 occupation or profession in this State must require applicants for such a license,
53 certificate, registration or permit to include the business identification number on
54 the application. **Sections 2 and 3** require that a state business license or certificate

55 of exemption include the business identification number assigned to the holder of
56 the license or certificate.

57 **Sections 5 and 6** of this bill amend provisions governing city and county
58 business licenses so that certain information regarding industrial insurance is
59 provided through the state business portal. **Section 7.3** of this bill removes the
60 provision from existing law which prohibits a county clerk, in certain
61 circumstances, from refusing to accept for filing a certificate or renewal certificate
62 concerning persons doing business in this State under an assumed or fictitious name
63 that is filed by a foreign artificial person or persons. **Section 7.5** of this bill
64 authorizes the Employment Security Division of the Department of Employment,
65 Training and Rehabilitation to make certain information available to the Secretary
66 of State for certain purposes related to operating and maintaining the state business
67 portal. **Section 8** of this bill repeals certain provisions relating to: (1) the
68 coordination of the collection of certain information and forms from businesses by
69 state agencies and local governments; and (2) the affidavit required to be filed by
70 an applicant who wishes to obtain a local business license to sell certain retail
71 merchandise.
